Dr. Barney Dickson
Ecosystems Division
at UNEP/ Senior
Programme Officer

Dr. Barney Dickson is Senior Programme Officer in the Ecosystems Division at UNEP. He has been on the Steering Committee of the Adaptation Gap Report since 2015.

He was recently seconded to the Global Center on Adaptation for eighteen months, where he was Co-Director of the Global Commission on Adaptation. Currently, much of his work is focused on nature-based solutions for climate change mitigation and adaptation, including through ecosystem restoration.
