

The Standing Committee on Finance Forum on Finance for Nature-based Solutions (Part II) 2022

Information about the resource persons

Mr. Isao Endo
Environment Specialist
Asian Development Bank

Mr. Isao Endo, Environment Specialist, Environment Thematic Group, Sustainable Development and Climate Change Department, Asian Development Bank.

He is an Environment Specialist working on natural resource management at the Asian Development Bank (ADB). He manages technical assistance projects to promote natural capital investments with a focus on nature-based solutions and market-based instruments, supporting ADB's operation to integrate these innovative approaches into project design. Recent knowledge work that he has led includes the "Integrating Nature-Based Solutions for Climate Change Adaptation and Disaster Risk Management: A Practitioner's Guide" the "Guidelines for Mainstreaming Natural River Management in Water Sector Investments," and the "Greening Markets: Market-Based Approaches for Environmental Management in Asia."

He holds the bachelor's degree in economics from Sophia University and the master's degree in environmental management from Yale University.
