Beth Burks
Director of Sustainable Finance
S&P Global Ratings

Beth Burks is a Director of Sustainable Finance at S&P Global Ratings – the international credit rating agency and one of the largest providers of information to inform debt capital markets. Beth works in the Market Analytics team and is responsible for identifying strategic opportunities within the Sustainable Finance market where S&P Ratings' Sustainable Finance analytics can provide added insights. Beth has worked for many years on research and development of analytical approaches to assessing sustainability.

Beth guest lectures at various University Business Schools on the subject of Green Bonds and Sustainable Finance more broadly. She attends annually the United Nations Framework Convention on Climate Change's conference of parties (UNFCCC COP) since 2017. Her research primarily focuses on assessing climate transition and water risk in financial analysis. She holds an MSc Geographical Information Science from Birkbeck College, and a BSc Mathematics from Imperial College in London.
