ANNOUNCEMENTS

examples to follow! - expeditions in aesthetics and sustainability

ZNE! (zur nachahmung empfohlen! - examples to follow!) is a touring exhibition, which has been traveling and further developing since 2010 through different countries such as Germany, India, Ethiopia, China, Brazil, Mexico, Peru, and Chile. In 2018, it is the first time that the exhibition will take place in Bonn - the German city of the United Nations and center for sustainability.

The expeditions in aesthetics and sustainability demonstrate artistic practices that contribute to the preservation of the planet, intend to influence conscious consumer behaviour and be economically efficient; they also showcase artistic positions in which the boundaries between art, activism and inventions dissolve and the experiences and methods of environmental initiatives interconnect with artistic approaches.

Besides participatory projects and networks, the exhibition presents technical innovations and materials in the areas of renewable energies, climate change and re/upcycling, as well as in examples of sustainable management, each challenging the individual dimension of action in their own way.
