SBI 56 agenda item 15(a) Matters relating to capacity-building Capacity-building under the Convention Version 10/6/2022 0:00

1. The Subsidiary Body for Implementation (SBI) took note of the synthesis reports by the secretariat on the implementation of the framework for capacity-building in developing countries established under decision 2/CP.7 and on the capacity-building work of bodies established under the Convention and its Kyoto Protocol.¹
2. While acknowledging the progress, including enhanced collaboration and coherence of efforts, in implementing the framework for capacity-building in developing countries under the Convention at the institutional, systemic and individual level, the SBI noted that gaps and needs remain in addressing the priority issues ~~of developing countries~~ identified in the framework for capacity-building in developing countries,² particularly in addressing the capacity gaps and needs of the least developed countries and small island developing States.
3. The SBI also noted that further efforts are needed to address current and emerging capacity-building gaps and needs³ related to implementing the Paris Agreement in developing countries that are outside the current scope of the capacity-building framework under the Convention, ~~such as integrating mitigation and adaptation into sectoral planning processes, accessing finance and providing information to facilitate clarity, transparency and understanding.~~
4. The SBI noted [with appreciation] ~~the outcomes of~~ the 11th meeting of the Durban Forum on capacity-building, held at this session, on capacity-building for integrating implementation of nationally determined contributions into national sustainable recovery plans.⁴
5. The SBI underlined the importance of the capacity-building portal⁵ and the Durban Forum as means of effectively and continuously sharing information, good practices and lessons learned among a wide range of stakeholders under and outside the Convention.

¹ FCCC/SBI/2022/2 and FCCC/SBI/2022/4 and Add.1.

² Decision 2/CP.7, annex, para. 15.
