Matters relating to capacity-building

Version 20/6/2025 10:18

I. Matters relating to capacity-building under the Convention

A. Annual monitoring of the implementation of the capacity-building framework

1. The Subsidiary Body for Implementation (SBI) welcomed the synthesis reports prepared by the secretariat on the implementation of the framework for capacity-building in developing countries and the capacity-building work of bodies established under the Convention and its Kyoto Protocol and undertaken by bodies serving the Paris Agreement.¹
2. The SBI acknowledged the progress in implementing the framework for capacity-building in developing countries under the Convention at the individual, institutional and systemic level.
3. The SBI reiterated that gaps and needs remain in addressing the [initial scope of needs and areas for capacity-building in developing countries](#) ~~priority areas~~ identified in the framework for capacity-building in developing countries,² particularly the capacity gaps and needs of the least developed countries and small island developing States;
4. The SBI noted that further efforts are needed to address current and emerging capacity-building gaps and needs³ related to implementing the Paris Agreement in developing countries and that Parties frequently report gaps and needs in areas that are outside the current scope of the capacity-building framework as it pertains to the Convention.
5. The SBI emphasized the importance of the capacity-building portal⁴ and the Durban Forum on capacity-building as means of effectively and continuously sharing information, good practices and lessons learned among a wide range of stakeholders under and outside the Convention.
6. The SBI noted with appreciation the outcomes of the 14th Durban Forum, held at this session, which focused on building capacity for mobilizing climate finance, its theme aligned with the focus area of the Paris Committee on Capacity-building for 2025, which is building capacity for designing holistic investment strategies, bankable projects and stakeholder engagement to strengthen the implementation of NDCs and NAPs in developing countries.

B. Fifth comprehensive review of the implementation of the framework for capacity-building in developing countries under the Convention

II. Matters relating to capacity-building under the Kyoto Protocol

A. Annual monitoring of the implementation of the capacity-building framework

1. The Subsidiary Body for Implementation (SBI) welcomed the synthesis reports prepared by the secretariat on the implementation of the framework for capacity-building in developing countries and the capacity-building work of bodies established under the Convention and its Kyoto Protocol and undertaken by bodies serving the Paris Agreement.⁵

2. The SBI reiterated that, progress has been made in implementing the capacity-building framework under the Kyoto Protocol, ~~gaps and needs remain in addressing the priority areas set out in paragraph 2 of decision 29/CMP.1.~~

3. The SBI emphasized the importance of the capacity-building portal and the Durban Forum on capacity-building as means of effectively and continuously sharing information, good practices and lessons learned among a wide range of stakeholders under and outside the Convention and its Kyoto Protocol.

4. The SBI noted with appreciation the outcomes of the 14th Durban Forum on capacity-building, held at this session, on building capacity for mobilizing climate finance.
