| <i>10 minutes</i>   | <b>Welcome remarks</b><br><br><b>Introduction to the Clinic</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Session 1</b>    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <i>10 minutes</i>   | <b>Overview of CDM transition to the Article 6.4 Mechanism</b><br><br>Brief overview of the CDM transition process, including the current stage of transition and the remaining requirements related to the submission of additional documentation, with particular emphasis on statistics and timelines.                                                                                                                                                                                                                           |
| <b>Session 2</b>    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <i>25 minutes</i>   | <b>Completing the Addendum form (A6.4-FORM-AC-012)</b><br><br>Practical, step-by-step guidance on completing the Addendum form, including key sections, common issues identified in submissions, and expectations for completeness and consistency to facilitate an efficient review process by the secretariat and the Supervisory Body.<br><br>Emphasis will also be put on non-permanence risks, using practical examples from the most common project types undergoing transition, such as hydropower, wind, landfill gas, etc. |
| <b>Session 3</b>    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <i>30 minutes</i>   | <b>Understanding and using the Article 6.4 Sustainable Development Tool</b><br><br>Overview of Article 6.4 Sustainable Development (SD) Tool requirements, including detailed guidance on the relevant forms (A6.4-FORM-AC-015, A6.4-FORM-AC-016 and A6.4-FORM-AC-017).<br><br>Focus will be on how the A6.4 SD Tool applies to transitioning CDM activities, rather than providing a general introduction to the Tool.                                                                                                             |

|                   |                                                                                                                                                                                                                                                                               |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                   | Guidance will be provided on how to identify and manage environmental and social risks, define sustainable development indicators, and ensure that the outcomes of the SD Tool are consistently reflected in the Addendum form to support a coherent and complete submission. |
| <b>Session 4</b>  |                                                                                                                                                                                                                                                                               |
| <i>35 minutes</i> | <b>Interactive Q&amp;A session</b><br><br>Dedicated session for participants to raise questions and seek clarification from relevant substantive teams on the preparation and submission of the required additional documentation.                                            |
| <i>10 minutes</i> | <b>Closing remarks</b>                                                                                                                                                                                                                                                        |
