

DRAFT TEXT

on

Matters relating to Article 6 of the Paris Agreement: Rules, modalities and procedures for the mechanism established by Article 6, paragraph 4, of the Paris Agreement

Version 3 of 15 December 1:10 hrs

Proposal by the President

Draft CMA decision on the rules, modalities and procedures for the mechanism established by Article 6, paragraph 4, of the Paris Agreement

[The Conference of the Parties serving as the meeting of the Parties to the Paris Agreement,

Recalling the Paris Agreement, in particular its preamble,

Also recalling the mechanism established by Article 6, paragraph 4, and its aims referred to in paragraph 4(a–d) of that Article,

Further recalling decision 8/CMA.1 and decision 13/CMA.1;

Recognizing that the mechanism established by Article¹ 6, paragraph 4, is to be operationalized in the context of the Paris Agreement, in particular its preamble and Articles 2 and 3, Article 4, paragraphs 3, 4 and 15, Article 6, paragraphs 5–6, and Articles 13,

1. *Adopts* the rules, modalities and procedures for the mechanism established by Article 6, paragraph 4, (hereinafter referred to as the mechanism) as contained in the annex;
2. *Designates* the body that will supervise the mechanism with its membership and rules of procedure as set out in the annex and names it the Supervisory Body;
3. *Invites* the nomination of members and alternate members of the Supervisory Body pursuant to paragraph 9 of the annex;
4. *Decides* that at least two meetings of the Supervisory Body shall be held in 2020;
5. *Requests* the Supervisory Body to:
 - (a) Develop options for consideration by the SBSTA on principles for methodologies, including baseline and additionality principles, pursuant to chapter V. B (Methodologies);
 - (b) Develop provisions for the development and approval of methodologies, validation, registration, monitoring, verification and certification, issuance, renewal, transfer from the mechanism registry, and voluntary cancellation, pursuant to paragraphs 30–58 of the annex;
 - (c) In the context of developing and approving new methodologies for the mechanism, review the baseline and monitoring methodologies in use for the clean development mechanism under Article 12 of the Kyoto Protocol and other existing market-based mechanisms with a view to applying them with revisions as appropriate pursuant to chapter V.B of the annex (Methodologies), for the activities under the mechanism established by Article 6, paragraph 4, (hereinafter referred to as Article 6, paragraph 4 activities) when Parties and authorized public and private entities use them;
 - (d) Review the accreditation standards and procedures of the clean development mechanism under Article 12 of the Kyoto Protocol with a view to applying them with revisions as appropriate, for the mechanism by 2021;
6. *Also requests* the Supervisory Body to develop, on the basis of the rules, modalities and procedures contained in the annex, recommendations on the further elaboration of its rules of procedure for

¹ “Article” refers to an Article of the Paris Agreement, unless otherwise specified.

consideration by the Subsidiary Body for Scientific and Technological Advice at its fifty-second (June 2020) and/or fifty-third session (November 2020);

7. *Further requests* the Subsidiary Body for Scientific and Technological Advice to develop, on the basis of the rules, modalities and procedures contained in the annex, recommendations on further elements to be included as an integral part of the rules, modalities and procedures, for consideration and adoption by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement at its third session (November 2020):

- (a) The opt out period end date to be decided by the CMA in paragraph 70 of Chapter IX of the annex (Avoiding the use of emission reductions by more than one Party) and the date to be decided by the CMA in paragraph 75 (a) of chapter XI. B of the annex (CER transition);
- (b) Further elaboration of the rules of procedure of the Supervisory Body taking into account the recommendations of the Supervisory Body referred to in paragraph 6 above;
- (c) Principles for methodologies, including baseline and additionality principles, to be adopted as part of chapter V. B (Methodologies) and taking into account any work of the Supervisory Body;
- (d) Further consideration of the special circumstances of the least developed countries and small island developing States;
- (e) Further responsibilities of the Supervisory Body and host Parties that host Article 6, paragraph 4 activities in order for such host Parties to elaborate and apply national arrangements for the mechanism under the approval and supervision of the Supervisory Body;
- (f) Appropriate crediting periods for forestry and land use related activities in addition to those in chapter V.A of the annex (Activity design);
- (g) Further elaboration of the transition of activities from the clean development mechanism under Article 12 of the Kyoto Protocol to Article 6, paragraph 4, including expedited transition for small scale clean development mechanism project activities and clean development mechanism programmes of activities, and on necessary steps for the implementation of such transition;
- (h) Further elaboration of the provisions in chapter XI of the annex (Transition of clean development mechanism activities and certified emission reductions);

8. *Also requests* the Subsidiary Body for Scientific and Technological Advice to develop, for consideration and adoption by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement at its third session, draft decisions on the implementation of the rules, modalities and procedures for the mechanism in relation to the following:

- (a) Reporting by host Parties on Article 6, paragraph 4, activities that it hosts, A6.4ERs issued for the activities while avoiding unnecessary duplication of reporting information that is already publicly available;
- (b) The mechanism registry in accordance with chapter VI of the annex (Mechanism registry);
- (c) The share of proceeds to cover administrative expenses and to assist developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation;
- (d) Delivery of overall mitigation in global emissions under the mechanism including on the percentage level for cancellation;
- (e) The right of appeal and the grievance process as set out in chapter V.L of the annex (Other processes associated with Article 6, paragraph 4, activities);

9. *Requests* the Supervisory Body to evaluate the percentage of the share of proceeds set out in chapter VII of the annex (Share of proceeds) and the percentage of issued A6.4ERs transferred to the cancellation account set out in chapter VIII of the annex (Delivery of overall mitigation in global emissions) no later than four years after the initiation of the mechanism and every five years thereafter and, following such review, to make recommendations on possible improvements to the percentages, in order to optimize the resources available to the Adaptation Fund and the delivery of overall mitigation in global emissions, for consideration and adoption by the CMA.

10. *Decides* also that the CMA may also recommend the review of the above percentages at any time between the periods set out in paragraph 10 above.

11. *Decides* that the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement shall review the rules, modalities and procedures for the mechanism at its ninth session (2026) with a view to completing the review by no later than at its eleventh session (2028);
12. *Requests* the Subsidiary Body for Implementation to develop recommendations with respect to the review referred to in paragraph 11 above, taking into account any recommendations of the Supervisory Body and decides that the work of the Subsidiary Body for Implementation shall include, but is not limited to consideration of any need for further safeguards;
13. *Requests* the Supervisory Body to support the forum on the impact of the implementation of response measures (referred to in paragraph 33 of decision 1/CP.21) in considering ways to address any negative social or economic impacts, especially those on developing country Parties, resulting from Article 6, paragraph 4, activities, as requested by the forum;
14. *Takes note of* the estimated budgetary implications of the activities to be undertaken by the secretariat referred to in this decision;
15. *Requests* that the actions called for in this decision be undertaken subject to the availability of financial resources;
16. *Invites* Parties to make contributions to the Trust Fund for Supplementary Activities for the purpose of operationalizing the mechanism, which shall be reimbursed, if requested, in accordance with procedures and a timetable to be determined by the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement;

Annex

Rules, modalities and procedures for the mechanism established by Article 6, paragraph 4, of the Paris Agreement

I. Definitions

1. For the purpose of these rules, modalities and procedures:
 - (a) An “**Article 6, paragraph 4, activity**” is an activity that meets the requirements of Article¹ 6, paragraphs 4–6, these rules, modalities and procedures, and any further relevant decisions of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA);
 - (b) An “**Article 6, paragraph 4, emission reduction**” (A6.4ER) is issued for mitigation achieved pursuant to Article 6, paragraphs 4–6, these rules, modalities and procedures, and any further relevant decisions of the CMA. It is measured in carbon dioxide equivalent and is equal to 1 tonne of carbon dioxide equivalent calculated in accordance with the methodologies and metrics assessed by the Intergovernmental Panel on Climate Change and adopted by the CMA or in other metrics adopted by the CMA pursuant to these rules, modalities and procedures.

II. Role of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement

2. The CMA shall provide guidance to the Supervisory Body by taking decisions on, inter alia:
 - (a) The rules of procedure of the Supervisory Body;
 - (b) Recommendations made by the Supervisory Body relating to these rules, modalities and procedures;
 - (c) Matters relating to the operation of the mechanism established by Article 6, paragraph 4, (hereinafter referred to as the mechanism), as appropriate.

III. Supervisory Body

3. The Supervisory Body shall supervise the mechanism under the authority and guidance of the CMA and be fully accountable to the CMA.

A. Rules of procedure

4. The Supervisory Body shall comprise 12 members from Parties to the Paris Agreement, ensuring broad and equitable geographical representation and striving to ensure gender-balanced representation, as follows:
 - (a) Two members from each of the five United Nations regional groups;
 - (b) One member from the least developed countries;
 - (c) One member from small island developing States.
5. The CMA shall elect members and an alternate for each member of the Supervisory Body on the basis of nominations by the respective groups and constituencies.
6. Members and alternate members shall serve in their individual personal capacity.
7. Members and alternate members shall possess relevant scientific, technical, socioeconomic or legal expertise.
8. Members and alternate members shall serve for a term of two years.

¹ “Article” refers to an Article of the Paris Agreement, unless otherwise specified.

9. Notwithstanding paragraph 8 above, in the first election of members and alternate members, the CMA shall elect half of the members and their alternate members for a term of three years and the other half for a term of two years. At the expiry of the term of these members and their alternate members and thereafter, the CMA shall elect replacement members and their alternate members for a term of two years. The members and their alternate members shall remain in office until their successors have been elected.
10. The term of service of a member shall start at the first meeting of the Supervisory Body in the calendar year following their election and shall end immediately before the first meeting of the Supervisory Body in the calendar year in which the term ends.
11. The maximum number of terms of any individual shall be two terms, whether consecutive or not and including any period as an alternate member.
12. If a member or alternate member resigns or is otherwise unable to continue as a member or alternate member, the Supervisory Body may decide, bearing in mind the proximity to the next session of the CMA, to appoint a replacement member or replacement alternate member from the same constituency to serve the remainder of the term on the basis of a nomination from the relevant constituency, in which case, the appointment shall count as one term.
13. Members and alternate members may be suspended or their membership terminated by the CMA if:
 - (a) They fail to disclose a conflict of interest;
 - (b) They fail to attend two consecutive meetings without proper justification.
14. Participation costs for members and alternate members will be covered by the share of proceeds for administrative expenses.
15. Members and alternate members shall avoid actual, potential and perceived conflicts of interest and shall:
 - (a) Declare any actual, potential or perceived conflict of interest at the start of a meeting;
 - (b) Recuse themselves from participating in any work of the Supervisory Body, including decision-making, in relation to which they have an actual, potential or perceived conflict of interest;
 - (c) Refrain from behaviour that may be incompatible with the requirements of independence and impartiality.
16. Members and alternate members shall ensure confidentiality, in line with relevant best practice and decisions of the CMA and the Supervisory Body.
17. At least three fourths of the members, including alternate members only when they are acting as members, shall constitute a quorum for meetings of the Supervisory Body.
18. Each year, the Supervisory Body shall elect a Chair and a Vice-Chair from among its members. The Chair and the Vice-Chair shall remain in office until their successors have been elected.
19. Meetings of the Supervisory Body shall be open to the public, unless closed for reasons of confidentiality.
20. Documents for meetings of the Supervisory Body shall be made publicly available, unless they are confidential.
21. The Supervisory Body shall ensure transparency of decision-making, make publicly available its decision-making framework and its decisions, including standards, procedures and related documents.
22. Decisions of the Supervisory Body shall be taken by consensus whenever possible. If all efforts at reaching consensus have been exhausted, decisions shall be put to vote and adopted by a majority of three fourths of the members, including alternate members only when they are acting as members, present and voting.
23. The Supervisory Body shall adopt reports on its meetings and make them publicly available.

B. Governance and functions

24. The Supervisory Body shall, in accordance with relevant decisions of the CMA:
 - (a) Establish the requirements and processes necessary to operationalize the mechanism, and operate the mechanism, relating to, inter alia:
 - (i) The accreditation of operational entities as designated operational entities;

- (ii) The development and/or approval of methodologies (hereinafter referred to as mechanism methodologies) and standardized baselines for Article 6, paragraph 4, activities;
 - (iii) The registration of activities as Article 6, paragraph 4, activities, the renewal of crediting periods of registered Article 6, paragraph 4, activities, and the issuance of A6.4ERs;
 - (iv) The registry for the mechanism (hereinafter referred to as the mechanism registry);
 - (v) The share of proceeds levied to assist developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation as set out in chapter VII below (Levy of share of proceeds for adaptation and administrative expenses);
 - (vi) The delivery of an overall mitigation in global emissions as set out in chapter VIII below (Delivering overall mitigation in global emissions);
 - (vii) The approval and supervision of national arrangements of host Parties for accreditation of operational entities; development of mechanism methodologies; renewal of crediting periods of registered Article 6, paragraph 4, activities;
- (b) Support the implementation of the mechanism by, inter alia:
- (i) Developing and maintaining a public website for information related to proposed and registered Article 6, paragraph 4, activities, subject to confidentiality;
 - (ii) Taking appropriate measures to promote the regional availability of designated operational entities in all regions;
 - (iii) Promoting public awareness of the mechanism;
 - (iv) Facilitating dialogue with host Parties of Article 6, paragraph 4, activities and other stakeholders in the mechanism;
 - (v) Providing public information to the CMA on all registered Article 6, paragraph 4, activities hosted by each Party, and all A6.4ERs issued for those activities;
 - (vi) Ensuring the mechanism facilitates host Parties' implementation of their nationally determined contributions.
- (c) Report annually to the CMA.

C. Role of the secretariat

25. Pursuant to Article 17 and in accordance with relevant decisions of the CMA, the secretariat shall serve as the secretariat of the Supervisory Body and perform its roles in the operation of the mechanism in accordance with these rules, modalities and procedures.

IV. Participation responsibilities

26. Each Party hosting Article 6, paragraph 4, activities (hereinafter referred to as a host Party) shall, prior to participating in the mechanism, ensure that:
- (a) It is a Party to the Paris Agreement;
 - (b) It has prepared, communicated and is maintaining an NDC in accordance with Article 4, paragraphs 2 and 6, and decision 4/CMA.1;
 - (c) It has designated a national authority for the mechanism and has communicated that designation to the secretariat;
 - (d) It has indicated publicly how its participation in the mechanism contributes to sustainable development, while acknowledging that the consideration of sustainable development is a national prerogative ;
 - (e) It has indicated publicly to the Supervisory Body the types of Article 6, paragraph 4, activity that it would consider approving pursuant to chapter V.C below (Approval and authorization) and how such types of activity and any associated emission reductions would contribute to mitigation in the Party and the achievement of its NDC.

27. A host Party may specify to the Supervisory Body, prior to participating in the mechanism:
- (a) Baseline approaches and other methodological requirements to be applied for Article 6, paragraph 4, activities that it intends to host, subject to these rules, modalities and procedures, under the supervision of the Supervisory Body, and subject to future decisions of the CMA, with an explanation of how those approaches and requirements are compatible with its NDC, and its long-term low greenhouse gas emission development strategy, if applicable;
 - (b) Crediting periods to be applied for Article 6, paragraph 4, activities that it intends to host, including whether the crediting periods may be renewed, subject to these rules, modalities and procedures and under the supervision of the Supervisory Body, and in accordance with further relevant decisions of the CMA, with an explanation of how those crediting periods are compatible with its NDC and its long-term low greenhouse gas (GHG) emission development strategy, if applicable;
 - (c) Functions that it intends to exercise, subject to these rules, modalities and procedures, under the supervision of the Supervisory Body, pursuant to further relevant decisions of the CMA.
28. Each host Party shall ensure that, on a continuing basis:
- (a) It is maintaining an NDC in accordance with Article 4, paragraphs 2 and 6 and decision 4/CMA.1;
 - (b) Its participation in the mechanism contributes to the implementation of its NDC, and its long-term low GHG emission development strategy if applicable;
29. In relation to the least developed countries and small island developing States, pursuant to Article 4, paragraph 6, their special circumstances shall be recognized where these rules, modalities and procedures relate to NDCs, and other aspects of their special circumstances may be recognized in further decisions of the CMA relating to these rules, modalities and procedures.

V. Article 6, paragraph 4, activity cycle

A. Activity design

30. The public or private entities participating in an activity (hereinafter referred to as activity participants) that wish to register the activity as an Article 6, paragraph 4, activity shall design the activity according to the requirements in this chapter and any other relevant requirements adopted by the CMA or the Supervisory Body.
31. The activity:
- (a) Shall be designed to achieve mitigation of GHG emissions, including, emission reductions, increasing removals, including mitigation co-benefits of adaptation actions and/or economic diversification plans (hereinafter collectively referred to as emission reductions) and not to lead to an increase in global emissions;
 - (b) May be a project, programme of activities, or other type of activity approved by the Supervisory Body;
 - (c) Shall be designed to achieve emission reductions in the host Party;
 - (d) Shall also:
 - (i) Deliver real, measurable and long-term benefits related to climate change in accordance with decision 1/CP.21, paragraph 37(b);
 - (ii) Minimize the risk of non-permanence of emission reductions over multiple NDC implementation periods, and, where reversals occur, ensure that these are addressed in full;
 - (iii) Avoid negative environmental and social impacts;
 - (e) Shall undergo local and, where appropriate, subnational stakeholder consultation consistent with applicable domestic arrangements in relation to public participation, local communities and indigenous peoples, as applicable;
 - (f) Shall apply a crediting period for the issuance of A6.4ERs, that is a maximum of 5 years, renewable a maximum of twice, or a maximum of 10 years with no option of renewal, that is appropriate to the activity, and that is subject to approval by the Supervisory Body, or any shorter crediting period specified by the

host Party pursuant to paragraph 27(b) above shall be applied. The crediting period shall not start before 2020.

32. The activity shall apply a mechanism methodology that has been developed in accordance with chapter V.B below (Methodologies) and approved by the Supervisory Body following its technical assessment, in order to:
 - (a) Set a baseline for the calculation of emission reductions to be achieved by the activity;
 - (b) Demonstrate the additionality of the activity;
 - (c) Ensure accurate monitoring of emission reductions;
 - (d) Calculate the emission reductions achieved by the activity.

B. Methodologies

33. Mechanism methodologies may be developed by activity participants, host Parties, stakeholders or the Supervisory Body.
34. Mechanism methodologies shall be approved by the Supervisory Body where they meet the requirements of these rules, modalities and procedures and requirements established by the Supervisory Body.
35. Each mechanism methodology shall require the selection of a transparent and conservative approach, assumptions, parameters, data sources and key factors and should take into account, as appropriate: uncertainty; any leakage due to the implementation of the Article 6, paragraph 4, activity; relevant policy; consistency with the NDC of the host Party, any contribution to reducing emission levels in the host Party, any long-term low GHG emission development strategy of the host Party and the long-term goal of the Paris Agreement ; and should encourage an increase in ambition over time.
36. The CMA shall adopt principles for methodologies and baseline and additionality approaches.
37. Standardized baselines may be developed by the Supervisory Body at the request of the host Party, or may be developed by the host Party and approved by the Supervisory Body. Standardized baselines shall be established at the highest possible level of aggregation in the relevant sector of the host Party.
38. The Supervisory Body may waive additionality requirements for any least developed country or small island developing State at the request of that Party, in accordance with requirements developed by the Supervisory Body.

C. Approval and authorization

39. The host Party shall provide to the Supervisory Body the approval of the activity prior to a request for registration. The approval shall include:
 - (a) Confirmation that and information on how the activity fosters sustainable development in the host Party;
 - (b) The approval of any potential renewal, if the Party intends to allow the activity to continue to generate A6.4ERs beyond its first crediting period, where the Party has specified that the crediting periods of Article 6, paragraph 4, activities that it intends to host may be renewed pursuant to paragraph 27(b) above;
 - (c) Explanation of how the activity relates to, and how the expected emission reductions contribute to, the host Party's NDC and other purposes referred to in Article 6, paragraph 1;
40. The host Party shall, in conjunction with providing the approval referred to in paragraph 39 above, provide to the Supervisory Body the authorization of public or private entities to participate in the activity as activity participants under the mechanism.
41. The host Party shall provide to the Supervisory Body the authorization for A6.4ERs issued for the activity to be internationally transferred for use towards NDCs or to be used for other international mitigation purposes or for other purposes, if the Party decides to do so, and a statement as to whether a corresponding adjustment will be applied by the host Party for A6.4ERs in accordance with chapter IX below (Avoiding the use of emission reductions by more than one Party).
42. Other participating Parties shall provide to the Supervisory Body the authorization for public or private entities to participate in the activity as activity participants under the mechanism.

D. Validation

43. A designated operational entity shall independently assess the activity against the requirements set out in these rules, modalities and procedures, further relevant decisions of the CMA and relevant requirements adopted by the Supervisory Body (hereinafter referred to as validation).

E. Registration

44. If the designated operational entity concludes that the outcome of the validation is positive, it shall submit to the Supervisory Body a request for registration with the validation outcome in accordance with the relevant requirements adopted by the Supervisory Body.
45. The activity participants shall pay a share of proceeds, at a level determined by the CMA, to cover the administrative expenses for registering the activity when submitting a request for registration.
46. If the Supervisory Body decides that the validation and its outcome meet the relevant requirements adopted by the Supervisory Body, it shall register the activity as an Article 6, paragraph 4, activity.

F. Monitoring

47. The activity participants shall monitor emission reductions achieved by the activity during a monitoring period in accordance with the relevant requirements adopted by the Supervisory Body.

G. Verification and certification

48. A designated operational entity shall independently review and determine the implementation of, and the emission reductions achieved by, the Article 6, paragraph 4, activity during the monitoring period (hereinafter referred to as verification) against the requirements set out in these rules, modalities and procedures, further relevant decisions of the CMA and relevant requirements adopted by the Supervisory Body, and provide written assurance of the verified emission reductions (hereinafter referred to as certification).

H. Issuance

49. For the issuance of A6.4ERs, the designated operational entity shall submit to the Supervisory Body a request for issuance with the verification outcome and certification in accordance with the relevant requirements adopted by the Supervisory Body.
50. If the Supervisory Body decides that the verification, certification and their outcome meet the relevant requirements adopted by the Supervisory Body, it shall approve the issuance of A6.4ERs.
51. The mechanism registry administrator shall, in accordance with the relevant requirements adopted by the Supervisory Body, issue the A6.4ERs into the mechanism registry.
52. The mechanism registry shall identify issued A6.4ERs that are authorized by the host Party for international transfer for use towards NDCs or for other international mitigation purposes or for other purposes, in accordance with the host Party's approval of the registered Article 6, paragraph 4, activities as referred to in chapter V.C above (Approval and authorization).

I. Renewal

53. The crediting period of a registered Article 6, paragraph 4, activity may be renewed in accordance with further relevant decisions of the CMA and relevant requirements adopted by the Supervisory Body, if the host Party has so approved in accordance with paragraph 39(b) above.
54. The renewal of a crediting period shall be approved by the Supervisory Body and the host Party following a technical assessment to determine necessary updates to the baseline, the additionality and the quantification of emission reductions.

J. First transfer from the mechanism registry

- 55. The mechanism registry administrator shall forward 2 per cent of the issued A6.4ERs to an account held by the Adaptation Fund in the mechanism registry for assisting developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation.
- 56. The mechanism registry administrator shall transfer, for cancellation a percentage of the issued A6.4ERs, to the account for mandatory cancellation for delivering an overall mitigation in global emissions in accordance with chapter VIII below (Delivering overall mitigation in global emissions) at a level to be determined by the CMA that shall not be less than 2 percent.
- 57. The mechanism registry administrator shall forward the remaining issued A6.4ERs in accordance with the instructions of the activity participants, and with any further modalities adopted by the CMA and relevant requirements adopted by the Supervisory Body.

K. Voluntary cancellation

- 58. Activity participants may voluntarily request the mechanism registry administrator to cancel a specified amount of A6.4ERs in accordance with their instructions.

L. Other processes associated with Article 6, paragraph 4, activities

- 59. Stakeholders, activity participants and participating Parties may appeal decisions of the Supervisory Body or request that a grievance be addressed by the Supervisory Body.

VI. Mechanism registry

- 60. The mechanism registry shall contain at least a pending account, holding account, retirement account, cancellation account, account for cancellation for overall mitigation in global emissions and share of proceeds account, as well as a holding account for each Party and each public or private entity authorized by a Party that requests an account.
- 61. The mechanism registry shall be developed and operationalized in accordance with the relevant requirements adopted by the Supervisory Body.
- 62. The secretariat shall serve as the mechanism registry administrator and maintain and operate the mechanism registry under the authority of the Supervisory Body.

VII. Levy of share of proceeds for adaptation and administrative expenses

- 63. The share of proceeds from an Article 6, paragraph 4, activity that is levied to assist developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation shall be delivered to the Adaptation Fund pursuant to decisions 13/CMA.1 and 1/CMP.14.
- 64. The share of proceeds to assist developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation shall be set and levied at 2 per cent of A6.4ERs at issuance.
- 65. The share of proceeds to cover administrative expenses shall be set in monetary terms at a level and implemented in a manner to be determined by the CMA.

VIII. Delivering overall mitigation in global emissions

- 66. The mechanism shall aim to deliver overall mitigation in global emissions in accordance with this chapter.
- 67. At issuance of A6.4ERs:
 - (a) The host Party shall make a corresponding adjustment consistent with decision X/CMA.2 (guidance on cooperative approaches referred to in Article 6, paragraph 2, of the Paris Agreement) for the total number of issued A6.4ERs;

- (b) The mechanism registry administrator shall transfer a percentage of the issued A6.4ERs to the cancellation account in the mechanism registry for overall mitigation in accordance with chapter V above (Article 6, paragraph 4, activity cycle), at a level to be determined by the CMA that shall not be less than 2 percent;
- 68. The cancelled A6.4ERs shall not be used for any transfer or purpose, including towards any NDC or for other international mitigation purposes or for other purposes, and shall not be further transferred;
- 69. The remaining A6.4ERs shall be forwarded in accordance with the request of the activity participants following the application of paragraphs 63 and 76(b) above.

IX. Avoiding the use of emission reductions by more than one Party

- 70. A host Party shall apply a corresponding adjustment for all A6.4ERs first transferred consistent with decision X/CMA.2 (Guidance on cooperative approaches referred to in Article 6, paragraph 2, of the Paris Agreement), subject to a future decision of the CMA that shall provide an opt out period, during which a host Party that first transfers A6.4ERs from sectors and greenhouse gases (among others) not covered by its NDC is not required to apply a corresponding adjustment.

X. Use of emission reductions for other international mitigation purposes

- 71. A host Party shall apply an adjustment for A6.4ERs consistent with chapter IX. above (Avoiding the double use of emission reductions) and decision X/CMA.2 (guidance on cooperative approaches referred to in Article 6, paragraph 2, of the Paris Agreement).

XI. Transition of clean development mechanism activities and certified emission reductions

A. CDM activities transition

- 72. Project activities and programmes of activities registered under the clean development mechanism under Article 12 of the Kyoto Protocol (CDM) may transition to the mechanism and be registered as Article 6, paragraph 4, activities subject to:
 - (a) The provision of approval of such transition to the Supervisory Body by the host Party per decision 3/CMP.1 of the CDM project activity or CDM programme of activities (CDM host Party), by no later than 31 December 2023;
 - (b) The compliance with these rules, modalities and procedures and any further relevant decisions of the CMA and relevant requirements adopted by the Supervisory Body, including those that relate to the application of a corresponding adjustment consistent with decision X/CMA.2 (Guidance relating to cooperative approaches referred to in Article 6, paragraph 2);
- 73. Where an activity is eligible for transition pursuant to paragraph 72 above:
 - (a) The transition shall have been completed by no later than 31 December 2023;
 - (b) It may continue to apply its current approved CDM methodology until the earlier of the end of its current crediting period or 31 December 2023, following which, it shall apply an approved methodology pursuant to chapter V. B (Methodologies);
 - (c) For CDM project activities and CDM programmes of activities that have transitioned, A6.4ERs may be issued for emission reductions achieved after 31 December 2020.
- 74. The Supervisory Body shall ensure that small-scale CDM project activities and CDM programme of activities undergo an expedited transition process in accordance with decisions of the Supervisory Body.

B. CER transition

75. CERs issued under the CDM may be used towards the NDC of the CDM host Party or a participating Party in accordance with all of the following conditions:
- (a) The CDM project activity or CDM programme of activities was registered on or after a date to be determined by the CMA;
 - (b) The CERs were issued in respect of emissions reductions or removals achieved prior to or on 31 December 2020;
 - (c) The CERs are used towards the NDC by no later than 31 December 2025;
 - (d) The CDM host Party shall not be required to apply a corresponding adjustment consistent with decision X/CMA.2 (Guidance for cooperative approaches referred to in Article 6, paragraph 2 of the Paris Agreement) in respect of the CERs identified as to be used by 31 December 2025 pursuant to (c) above;
 - (e) The participating Party using the CERs towards its NDC shall apply corresponding adjustments consistent with decision X/CMA.2 (Guidance for cooperative approaches referred to in Article 6, paragraph 2);
 - (f) The CERs shall be identified as pre-2021 CERs in the CDM host Party and participating Party's reporting in accordance with decision 18/CMA.1.
76. CERs that do not meet the conditions of paragraph 75 above are in reserve and may only be used towards NDCs in accordance with a future decision of the CMA.]
-
