

United Nations Climate Change Conference 2021
COP 26/CMP 16/CMA 3
Glasgow, United Kingdom, 31 October – 12 November 2021

10 November 2021

List of Speakers for the Resumed High-Level Segment Wednesday 10 November 2021

The resumed high-level segment at the twenty-sixth session of the Conference of the Parties, the sixteenth session of the Conference of the Parties serving as the Meeting of the Parties to the Kyoto Protocol, and the third session of the Conference of the Parties serving as the Meeting of the Parties to the Paris Agreement (COP 26/CMP 16/CMA 3), will continue hearing national statements on Wednesday, 10 November 2021 from **those Parties whose Head of State or Government did not deliver a national statement on 1 or 2 November**, who have registered and confirmed their wish to deliver a statement. Statements from intergovernmental organizations (IGOs) whose head of organization is attending the conference in person as well as representatives of Constituencies and informal groups of non-governmental organizations (NGOs). Statements will be delivered in **Plenary Cairn Gorm. Access to Plenary Cairn Gorm for the continuation of the resumed high-level segment and to hear delivery of statements can be gained using the plenary access cards.**

There will be one list of speakers for Parties to the Convention, the Kyoto Protocol and the Paris Agreement. Parties will have only one opportunity to deliver a national statement or group statement during the resumed high-level segment. The list below is the list of speakers from Parties and observers who have been confirmed to deliver a national or observer statement.

Hard copies of statements will not be circulated in the plenary during the resumed high-level segment. Full texts of the official statements will be posted on the UNFCCC website following delivery of the statement in the Plenary. To have statements posted on the UNFCCC website, Parties and observers speaking at the resumed high-level segment on 9 and 10 November are requested to send an electronic file containing the statement in advance to copprotocol@unfccc.int for Parties and Climate Observer Organizations Liaison team at cool@unfccc.int for observers.

All Party speakers should ensure that they are in the plenary room at least four speakers ahead of the delivery of their national statement. They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium. **Speaking slots for those who are not in the plenary at the time for delivery of their statements will be rescheduled to speak at the end of all statements of the same category.**

All IGO and NGO speakers should ensure that they are in the plenary room at the beginning of the observer statement segment (timing to be announced) so that they can be escorted to the front row of the plenary hall before the start of the segment. Once the segment starts, they will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium. **Speaking slots for those who are not in the plenary at the time for delivery of their statements will be rescheduled to speak at the end of all statements of the same category.**

Given the number of Parties and observers and the limited amount of time available for statements, it will be necessary to limit the duration of each statement. Representatives of Parties are reminded that national statements should not exceed the three-minute limit. Representatives of groups are reminded that group statements made during the resumed high-level segment should not exceed the five-minute limit. Observer speakers are reminded that statements should not exceed the two-minute limit. To be fair to all speakers, time limits will be strictly enforced. An electronic/mechanical device will be used to mark the minutes allotted to each speaker. This will allow all speakers to deliver their national or observer statements. Representatives whose full texts exceed the time limit may wish to deliver a shortened version in plenary; the full text of all statements delivered during the high-level segment will be uploaded and made available on the UNFCCC website.

Should Parties not wish to speak but prefer only to have their statements uploaded to the UNFCCC website, the secretariat will arrange to have this done and enter the statement in the records of the Conference. Parties interested in taking up this option should communicate their interest in writing prior to the opening of the first part of the resumed high level segment to the External Relations unit at copprotocol@unfccc.int or to the External Relations team, who will be located at the front of the plenary during the first part of the resumed high-level segment.

Please note that the secretariat is not able to accommodate individual requests for changes in a Party's or observer's speaking slot. Parties wishing to make a change in their respective protocol category should arrange to exchange slots with another Party, and both Parties jointly notify the secretariat of the agreement that has been reached.

IMPORTANT - Owing to COVID-19 guidelines, Parties are no longer required to provide the Conference Officer in the plenary with copies of their statements to meet the needs of the interpreters and for the Conference records. In order to ensure the quality of interpretation during COP 26, statements should be sent at least 30 minutes in advance to the following address Conference-officer@unfccc.int, so that they can be shared with interpreters.

LIST OF SPEAKERS

Resumed High Level Segment

Wednesday, 10 November 2021

10:00 – 13:00
