

Piotr Dombrowicki

Warsaw, Poland

Graduated from the University of Warsaw – a Master’s degree in Interdisciplinary Environmental Protection Studies

A long-time member of the Polish delegation to the UNFCCC negotiations, focusing on the area of market mechanisms. Leading expert in that topic for the Polish COP Presidency for the COP 19 in Warsaw and COP 24 in Katowice. Former chair of the CDM Executive Board and a member of this international body. Previously also chair and member of the JISC. Domestic duties at the National Centre for Emissions Management (KOBiZE) in Poland include research of various EU climate policies, both on the side of the EU Emissions Trading Scheme (EU ETS), but also covering those within the non-ETS area, e.g., the transport sector. Research Associate at the European University Institute (EUI) and its School of Transnational Governance (STG) in Florence (Italy), focusing on offset mechanisms, including both compliance and voluntary markets. Assisting in teaching of a Master’s course.
