

Kentaro Takahashi

Japan

Mr. Kentaro Takahashi is Deputy Director, Office of International Carbon Market, Ministry of the Environment Japan (MOEJ). Prior to joining MOEJ, he worked on the capacity building programme related to Clean Development Mechanism (CDM), Joint Crediting Mechanism (JCM) and Article 6 of the Paris agreement at Institute for Global Environmental Strategies (IGES). He used to be the focal point for UNFCCC secretariat for integrating IGES CDM project database with UNFCCC database.

He currently engages in international carbon markets (Joint Crediting Mechanism, G7 carbon market platform, Article 6 (initial report and registry), and Article 6 implementation partnership (A6IP)). He is also responsible for Article 6 negotiation under UNCCC process. He obtained his master's degree from Graduate School of Agricultural and Life Sciences, The University of Tokyo in Japan. He was one of members of Expert Advisory Group, Voluntary Carbon Markets Integrity Initiative (VCMI). He also joined as a member of Climate Action Data Trust Council (Dec 2022-June 2023)
