

## YOUTH ORGANISING FOR CLIMATE LEADERSHIP AT COP: MOBILIZING FOR MEANING ENGAGEMENT

### OUR MISSION

Build a global movement of young people who have the **skills, knowledge, and confidence** to impact climate policymaking and implement climate solutions at home and in international spaces.

**Youth Representation:** Amplify youth voices in international climate negotiations.

**Influence Policy:** Advocate for bold and equitable climate action and influence decision-making.

**Climate Education:** Train young people to hold their leaders accountable to climate justice.

### NDC EQUITY PROJECT

- Training young feminists analyze **gender and intergenerational justice in NDCs**
- Harnessing the **power of non-traditional data** to advocate for more **inclusive climate policy commitments.**

**88% of global emissions covered across 80 countries:**

Top 10	10 countries (incl. EU)
Over 1%	5 countries
Over 0.5%	7 countries
Less than 0.5%	32 countries

# 100+

NDC Network Ambassadors

# THREE

focuses areas on gender, youth, and emissions

### CLIMATE POLICY AND ADVOCACY TRAINING

Digital educational resource that **empowers young people** with relationship building, climate policy, and advocacy skills to **confidently hold their leaders accountable to climate justice**

**08** Modules on COP processes, regional climate profiles, and mental health in climate policy spaces

**700** total participants among workshops and course takers, 64% from the Global South

**07** Available in seven languages: English, French, Russian Spanish, Arabic, Mandarin Chinese, Portuguese

### KEY LESSONS LEARNED AND RECOMMENDATIONS

Increasing accessibility for youth climate education requires language translation and non-traditional approaches

Discussion and project-based learning are critical for training young people to act on the climate crisis

Governments could benefit from utilizing existing climate educational resources for supporting young change-makers

Young people have the knowledge to engage in NDC development processes, countries must create space
