

Title, affiliation, and bio

Dr Carolina Adler

Executive Director, Mountain Research Initiative
IPCC AR6 Lead Author

Bio:

Carolina Adler is an Environmental Scientist and Geographer with an international career spanning over 25 years in both research and practice in the public and private sectors. Currently, she is the Executive Director at the Mountain Research Initiative (MRI), a global research coordination network supported by the Swiss Academy of Sciences (SCNAT) that focuses on linking and promoting global change research in mountains – including climate change. Among many roles, Adler is also a Lead Author for the Intergovernmental Panel on Climate Change (IPCC) in its sixth assessment, in which she co-authored the mountain-specific chapters and assessment content.
