UN Climate Change Special Event at COP29

Ci-ACA around the world – RCCs' support for carbon pricing

Saturday, 16 November 2024, 13:30-14:30, Special Event Room (Buta) @ Zone B

The Collaborative Instruments for Ambitious Climate Action (Ci-ACA) initiative, supported by the government of Germany, has played a crucial role in promoting carbon pricing and carbon markets in developing countries since 2016.

In this event, **various Parties**, with support from **six UNFCCC Regional Collaboration Centres (RCCs)** through the Ci-ACA initiative, will share their experiences and lessons learned in exploring and implementing carbon pricing instruments to achieve their climate commitments.

Join the RCC LinkedIn Group and
receive timely updates!

Opening Ceremony
