

## Social and political drivers track

“Signatories commit to implementing climate actions that contribute to gender equality and the empowerment of women and girls. This commitment recognizes the differentiated impact of climate change by gender, and that ensuring women’s and girls’ agency and leadership will make climate action more effective, contributing to increased ambition in all sectors.

By 2025, signatories, as appropriate, decide to:

- Adopt and implement gender-responsive climate change action plans, policies or strategies
- Improve the evidence base by supporting women’s knowledge platforms and quantifying the benefits and effectiveness of engaging women and girls in climate actions and other initiatives

## Social and political drivers track

- Track progress by including in their regular reporting to UN bodies and other related fora: i) efforts, actions, initiatives supporting the implementation of gender-responsive climate policies and programmes; ii) percentage of climate-related programmes that incorporate gender considerations.
- Promote and enhance innovative tools that demonstrate and measure the transformative power of women's and girls' leadership in modifying patterns of consumption to reduce carbon emissions.
- Support and promote initiatives that foster women's and girls' full participation and leadership in mitigation and adaptation measures, including in science, technology, research and development.
