# Middle East and North Africa Climate Week 2020

Dubai, United Arab Emirates  
Q4 - 2020

The Middle East and North Africa (MENA) Climate Week aims to foster engagement between the public and private sector, cities and municipalities, academia and civil society with the common goal of addressing the climate emergency, and provides an opportunity to discuss climate action, key vulnerabilities and challenges from a distinct MENA perspective.

It convenes key actors from the region to increase ambition, to learn and exchange knowledge and best practices on the implementation of national climate plans, the 2030 Agenda for Sustainable Development, and to assess, plan jointly or create new climate action initiatives.

MENA Climate Week will be part of the umbrella of Regional Climate Weeks, held annually in Africa, Asia-Pacific, and Latin America and the Caribbean regions.

The Climate Weeks are fast emerging as one of the most important platforms for bringing together regional stakeholders and supporting climate action at the regional level.

**There are several ways your organization  
can get involved in the  
MENA Climate Week 2020**

## Side Events

Side events provide opportunities for organizations, especially in the private sector, to conduct an hour long session on topics aligned with the agenda.

## Action Hub

Action Hub provides a platform for Non-Governmental Organizations, Intergovernmental Organizations, Governments, Youth Organizations, as well as Educational institutions from the region to showcase innovative climate action and ideas in 15-30 minutes on a stage.

## Exhibition Booth

Exhibition booths provide opportunities for organizations to showcase their work.

## Knowledge Corner

Knowledge Corner provides Non-Governmental Organizations, Youth Organizations, as well as Educational institutions with a shared booth to exhibit their work.
