

**In-session Action for Climate Empowerment (ACE) Dialogue 2026
Information Exchange
11 June 2026**

INFO EXCHANGE

- What is the Problem?²
 - ACE Community
 - other ACE actors
- What Information is needed (Materials rather than Information)
- Universal exesibility is needed → How to get there (take into consideration children, people with disabilities)
- Coordinated Action is needed (life long → Community wide) communication vs Partner?
- protect the Messengers (Scientists, Journalists, teachers)
- Means to receive Information
- Information Strategies National / Regional so we know what Info to share
- start at National Level → then taken to international
- > Quality of information! Especially in regard to AI, timely, & science based

Workshop 01
Supporting sharing of and peer-to-peer exchange on guidance techniques and tools in the context of education integrity

Workshop 02
Supporting sharing of and peer-to-peer exchange on guidance techniques and tools in the context of education integrity

Workshop 03
