Global Climate Action events

10.00 – 13.00 Marrakech Partnership for Global Climate Action Industry: Systems transformation – Key enablers for 1.5°C aligned ambition in industry Torres del Paine

Transformation of industrial systems to reach net-zero carbon emissions by 2050 is critical. Actions aligned with 1.5°C - science-based targets, RE 100, Business Ambition for 1.5 pledge; and solutions - carbon pricing and financial reporting to drive low carbon investment patterns will be shared.

10.00 – 13.00 Marrakech Partnership for Global Climate Action Water: Just add water – Solutions for the 2020 NDCs and beyond Side Event Room 6

Water resource management is a critical component of climate planning. Concrete examples of water management tools in support of climate adaptation and mitigations used by governments, private sector, agriculture, local actors and progress on the Water Action Track launched at UNCAS will be shared.

15.00 – 18.00 Marrakech Partnership for Global Climate Action Land Use: Maximizing the contribution of land use to a 1.5°C climate neutral and resilient world Torres del Paine

Land Use climate action with nature-based solutions (NbS) combines mitigation and adaptation to address climate goals. It will provide success stories of existing initiatives and show how climate action ambition can be increased to achieve the full contribution of NbS for a new look future in 2050.

15.00 – 18.00 Marrakech Partnership for Global Climate Action Oceans and Coastal Zones: Climate action towards 1.5°C pathway Side Event Room 6

Addressing the impacts of climate change in coastal and ocean areas is progressing. Climate actions including nature-based solutions which simultaneously support sustainable development priorities, and examples of successful collaboration to develop climate resilience and blue economies will be shared.

Action Hub events

10.00 – 10.45 SCIENCE for Our Future Uncompromised Action Hub

This event is unprecedented in the 50 years of UN Climate Conferences: Presentation of the science required for a 197-nation international agreement to realize the UN objectives of sustainable development, including holding global warming to 1.5°C / 2°C.

11.00 – 11.45 When Youth Creates its Own Future - Focus on Climate Technology Action Hub

With this event, the CTCN will highlight youth engagement in climate processes and their role as innovators and climate tech entrepreneurs, through an interactive quiz and the analysis of its results or showcasing a success story of entrepreneurship.

12.00 – 12.45 Fostering Investment in Climate-Smart Agriculture through Innovative Engagement in Sub-Saharan Africa Action Hub

The event will showcase the use of theatre as an innovative policy engagement approach. Experience from Sub-Saharan Africa shows that participatory theatre enables community participation in developing CSA solutions, and can inform investment decisions.

13.00 – 13.45 Youth-CEO Climate Dialogue - Where is my Money Going? Action Hub

A creative one-on-one “speed dating” session between young people and CEOs with the moral imperative to consider “responsible investments” and encourage “environment, social and governance” as sustainable measure to financing projects.

14.00 – 14.45 Climate Neutral Now: A Showcase of Voluntary Climate Action by the Private Sector Action Hub

Listen to leading private sector organizations taking voluntary action through a three-step approach: Measure, reduce and offset. Learn about how these approaches are implemented in three very different sectors: Sports, architecture and design, and airports.

15.00 – 15.45 What is Gender-Responsive Adaptation really about? Action Hub

The International Institute for Sustainable Development will create a lively debate between two experts on a critical issue related to gender-responsive adaptation, followed by an interactive discussion with the audience.

16.00 – 16.45 Aquatic Nature-Based Solutions: Adapting to Climate Change and Delivering Multiple Benefits across Sectors Action Hub

The secretariat of the Global Alliances for Water and Climate and partners will lead a "TED-talk" style event on the interconnected challenges of aquatic biodiversity and climate change, and on how Nature-based Solutions can address both.

17.00 – 17.45 Greenpoint EARTH NYC 2019 Film Premiere Action Hub

Greenpoint Innovations (GPI) has teamed up with internationally-acclaimed muralists and an unorthodox composition of local and global collaborators to create advertisements for everyone’s most important client: Planet EARTH.

UNFCCC Capacity-building Hub events

08.30 – 20.00 Capacity-building Knowledge to Action Day Capacity-building Hub

Established at COP 24, the [Capacity-building Hub](#) in Hall 4 provides a space for representation, collaboration, and knowledge sharing for actors involved in capacity-building for climate change mitigation and adaptation. Seven thematic days give many examples of working together for higher ambition and greater action.

Survey on the Quality of Conference Services at UNFCCC Sessions (External Client Survey)

The secretariat is committed to providing high-quality conference services that fulfil the demands and requirements of UNFCCC sessions. To help determine the extent to which the secretariat is able to respond to your needs and to further improve the quality of conference services provided, the secretariat has launched a client survey for the United Nations Climate Change Conference 2019 (COP 25).

We would like to ask for your feedback on the services provided at COP 25 by completing the online survey available here: <https://www.surveymonkey.de/r/unfcccMadrid2019>.

It is estimated that participating in the survey should only take around 10 minutes of your time. For your convenience, the survey will be available online until 31 December 2019.
