COP 25, CMP 15, CMA 2  
Madrid, 2 - 13 December 2019

## Daily Programme

### Continuation of National Statements at the high-level segment

The high-level segment of COP 25/CMP 15/CMA 2 will continue hearing national statements on Wednesday, 11 December 2019 in Plenary LoA, beginning at 10.00 hrs. No special badges are required for entry to the plenary. Parties will have only one opportunity to deliver a national statement during the high-level segment.

**All speakers should ensure that they are in the plenary room at least four speakers ahead of the delivery of their national statement.** They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium. **Speaking slots for those who are not in the plenary at the time for delivery of their statements will be rescheduled to speak at the end of all statements of the same category.**

Given the number of Parties and the limited amount of time available for statements, it will be necessary to limit the duration of each statement. Representatives are reminded that national statements made during the high-level segment should not exceed the **three-minute limit**. To be fair to all speakers, time limits will be strictly enforced. **An electronic/mechanical device will be used to mark the 3 minutes allotted to each speaker.** This will allow **all** speakers to deliver their national statements.

**Representatives whose full texts exceed three minutes may wish to deliver a shortened version in plenary;** the full text of all statements delivered during the high-level segment will be uploaded and made available on the UNFCCC website. Hard copies of the full texts of the official statements will not be circulated in plenary during the high-level segment. To have statements posted on the UNFCCC website, Parties speaking at the high-level segment are requested to e-mail an electronic copy of the statement to [external-relations@unfccc.int](mailto:external-relations@unfccc.int).

The high-level segment will conclude on Wednesday, 11 December 2019.

Please note that demands of the negotiation process might necessitate changes to this meetings schedule. For real-time information on all meetings, please consult the [live meetings schedule](#) on CCTV.
