

## Daily Programme

### Resumed high-level segment

The resumed high-level segment of COP 28/CMP 18/CMA 5, will take place today Saturday, 9 December 2023 in Plenary AI Hairat and will begin at 10.00 hrs.

**Participants are asked to take their seats in Plenary AI Hairat by 09.45 hrs. to ensure that the opening can begin promptly.**

The resumed high-level segment will hear national statements from Deputy Prime Ministers, Ministers and senior officials of Parties whose Head of State or Government did not deliver a national statement on 1 or 2 December during the first part of the high-level segment held during the World Climate Action Summit, and representatives of groups who have registered and confirmed their wish to deliver a national or group statement.

The resumed high-level segment will also hear statements from Intergovernmental organizations and groups of non-Governmental organizations admitted by the Conference of the Parties.

To listen to the delivery of national and group statements and statements by observer organizations during the resumed high-level segment, access is open to all Parties including overflow and United Nations organizations.

Intergovernmental and non-Governmental organizations will need a ticket to access the plenary to hear delivery of national and group statements and statements by observer organizations.

The resumed high-level segment can also be viewed on IPTVs screens, the COP 28 platform and webcast.

**Please be advised that security and fire regulations do not permit participants to stand, and security will enforce this requirement.**

Given the number of Parties and the limited time available for statements, it will be necessary to limit the duration of each statement.

- Representatives of Parties are reminded that national statements should not exceed the three-minute limit.
- Representatives of groups are reminded that group statements should not exceed the five-minute limit
- Observer speakers are reminded that statements should not exceed the two-minute limit.

To be fair to all speakers, time limits will be strictly enforced. **An electronic device will be used to mark the time allotted to each speaker/group.** This will allow all speakers to deliver their statements. The list of speakers for the resumed high-level segment can be found [here](#).
