Continuation of Statements at the Resumed high-level segment

The resumed high-level segment of COP 26/CMP 16/CMA 3 will continue hearing national statements on Wednesday, 10 November 2021 in Plenary Cairn Gorm, beginning at 10.00 hrs.

Ministers and senior officials of Parties whose Head of State or Government did not deliver a national statement during the first part of the high-level segment held on 1 and 2 November 2021 will deliver national statements. Intergovernmental organizations and groups of non-Governmental organizations admitted by the Conference of the Parties will deliver their statement in the afternoon of Wednesday, 10 November.

Access to Plenary Cairn Gorm to hear national statements can be gained using the plenary access cards which were distributed as of 31 October 2021. All representatives who are not in possession of the access cards are invited to follow the opening on the COP 26 Platform. Please be advised that COVID-19 guidelines, security and fire regulations do not permit participants to stand and security will enforce this requirement.

The proceedings can be followed on webcast and on the TV screens throughout the Conference Center.

Parties are encouraged to ensure that speakers are in the plenary room at least four speakers ahead of the delivery of their national statement. They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium. **Speaking slots for those who are not in the plenary at the time for delivery of their statements will be rescheduled to speak at the end of all statements of the same category.**

Given the number of Parties and the limited amount of time available for statements, it will be necessary to limit the duration of each statement. Representatives of Parties are reminded that national statements should not exceed the three-minute limit.

Observer speakers are reminded that they are in the plenary at the start of session for observer statements. Statements should not exceed the two-minute limit. To be fair to all speakers, time limits will be strictly enforced. **An electronic/mechanical device will be used to mark the time limit allotted to each speaker.** This will allow **all** speakers to deliver their national or observer statements.

Representatives whose full texts exceed the time limit may wish to deliver a shortened version in plenary; the full text of all statements delivered during the high-level segment will be uploaded and made available on the UNFCCC website. Hard copies of the full texts of the official statements will not be circulated in plenary during the resumed high-level segment. To have statements posted on the UNFCCC website, Representatives speaking at the resumed high-level segment are requested to e-mail an electronic copy of the statement to external-relations@unfccc.int for Parties and cool@unfccc.int for observers.
