committed to 10 new private sector projects (representing 44 per cent of the 2023 programming volume), bringing the total commitments to the private sector portfolio to over USD 5 billion, which had been disbursed to 60 private sector projects and was expected to mobilize an additional USD 17.5 billion, of which USD 1.6 billion in private equity, thus increasing mobilizing five and a half times the Fund's capital at the fund level and at least an equal amount at the downstream portfolio investment level, with each Green Climate Fund dollar to the private sector in some mitigation sectors expected to mobilize six times the committed capital at the fund level;

- The Board's ongoing implementation of the Strategic Plan for the Green Climate Fund 2024–2027,³ which includes making efforts to enhance access to climate for developing countries and accelerating the provision of support to developing countries with a view to maximizing the impact;
 - The ongoing efforts of the Green Climate Fund, in collaboration with the Global Environment Facility, the Adaptation Fund and the Climate Investment Funds, to enhance access to climate finance in line with paragraph 5 of this decision with a view to scaling up successful projects, maximizing their impact and strengthening coherence;
 - The Board's focus on the accreditation of direct access entities, particularly national and regional entities in underserved countries and regions, in line with the Strategic Plan for the Green Climate Fund 2024–2027;
 - The enhanced efficiency measures of the Green Climate Fund for the approval of readiness grants, including its support for the formulation of national adaptation plans and other adaptation planning processes;
 - The work of the Indigenous Peoples Advisory Group in enhancing support and inclusivity within Green Climate Fund operations, including through improved channels of engagement;
 - The progress of the Green Climate Fund in attracting and mobilizing private sector investment as a means of leveraging and enhancing the impact and reach of climate finance in developing countries;
 - The ongoing efforts of the Green Climate Fund to enhance its regional engagement, including by exploring regional presence in all developing country regions;
- Noted the vision announced by the Executive Director of the Green Climate Fund for the Fund to be able to efficiently manage USD 50 billion in capital by 2030;
 - Invited the Board to ensure that efforts to enhance coherence and complementarity do not restrict the access of developing countries to resources or reduce the finance available to them;
 - Requested the Board to continue to streamline and simplify access to funding by reducing median times taken during the second replenishment of the Green Climate Fund to process accreditation, readiness, and standard proposal approval process and simplified approval process proposals from review to first disbursement, relative to the first replenishment, with an emphasis on reducing processing time for funding proposals in line with the Strategic Plan for the Green Climate Fund 2024–2027;
 - Also requested the Board to continue considering ways to better serve different regions in a geographically balanced manner, including by exploring regional presence in all developing country regions in line with the Governing Instrument for the Green Climate Fund;⁴
 - Further requested the Board to consider taking measures to ensure that the monitoring and accountability requirements for procedures after accreditation are fit for purpose and take into account the capacity constraints of direct access

entities;

- Invited the Board to consider how to strengthen direct access, including through tailored approaches that address needs and priorities and are consistent with national institutional arrangements and address capacity gaps in consultation with nationally designated authorities;
- Encouraged the Board to continue supporting adaptation action, including the implementation of national adaptation plans and the projects, policies and programmes identified therein, in line with the Strategic Plan for the Green Climate Fund 2024–2027;
- Urged the Board to continue strengthening efforts to maintain a balance between funding for mitigation and adaptation in the overall portfolio, as per its Governing Instrument;
- Encouraged the Green Climate Fund to continue collaborating with the Climate Technology Centre and Network to enhance access to technology for developing countries, maximize impact and strengthen coherence;
- Invited the Board to consider areas for improvement in the context of the gender-responsiveness of the work of the Green Climate Fund, taking into account relevant insights, including from the report of the 2024 Standing Committee on Finance Forum on accelerating climate action and resilience through gender-responsive climate finance;⁵
- Urged the Board to adopt an updated gender action plan for the second replenishment of the Green Climate Fund, noting the previous plan for 2020–2023,⁶ and to actively contribute to the implementation of activities under the UNFCCC gender action plan once the gender action plan has been adopted;
- Also urged the Board to continue incorporating into its decision-making consideration of people and communities on the front line of climate change, including Indigenous Peoples and local communities, in line with the policies of the Green Climate Fund;
- Encouraged the Board to support the increased use of alternative financial instruments and structures with a view to increasing public and private finance, in line with the Board’s risk appetite statement, for mitigation and adaptation projects in developing countries in line with the Board’s policy;
- Reiterated its request⁷ to the Board to strengthen monitoring and reporting of disbursements for, and impacts arising from, inter alia, multi-country activities on a per-country basis in a manner consistent with the integrated results management framework;⁸
- Decided to modify the arrangements between the Conference of the Parties and the Green Climate Fund,⁹ as outlined in the annex, for consideration and approval by the Board before the thirtieth session of the Conference of the Parties (November 2025), thereby making the revised arrangements effective upon the Board’s approval, and ensuring that the subsequent guidance from the Conference of the Parties and the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement is provided to the Green Climate Fund annually until their thirty-first (November 2026) and eighth (November 2026) sessions respectively, and biennially thereafter, and also at sessions held in the year immediately preceding the initiation of discussions on new replenishments;
- Confirmed that guidance may be provided outside the biennial cycle referred to in the modified arrangements outlined in the annex, upon request by a Party,

Agenda item 11(a): New collective quantified goal on climate finance

In its decision on the *New collective quantified goal on climate finance*, the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement:

¹⁴ FCCC/TP/2024/6.

- Recognized that multilateral climate funds, including the operating entities of the Financial Mechanism, the Adaptation Fund, the Least Developed Countries Fund and the Special Climate Change Fund, are key in supporting developing country Parties and encourages Parties to work through the governing bodies on which they serve to continue enhancing climate finance, including with respect to coherence, complementarity and access;
- Decided that a significant increase of public resources should be provided through the operating entities of the Financial Mechanism, the Adaptation Fund, the Least Developed Countries Fund and the Special Climate Change Fund and also decided to pursue efforts to at least triple annual outflows from those Funds from 2022 levels by 2030 at the latest with a view to significantly scaling up the share of finance delivered through them in delivering on the goal contained in paragraph 8 of this decision;
- Invited international financial institutions, including multilateral development banks as appropriate, to continue to align their operational models, channels and instruments to be fit for purpose for urgently addressing global climate change, development and poverty, in accordance with their mandates and in line with the direction of their governing bodies, including by:
 - Deploying a range of instruments, in particular non-debt-inducing instruments;
 - Considering shifting their risk appetites in the context of climate finance;
 - Continuing to contribute to scaling up climate ambition and finance, including by simplifying access to finance;
 - Continuing to enhance the effectiveness of climate finance provided and mobilized;
 - Considering scaling up highly concessional finance for developing country Parties, especially those that are particularly vulnerable to the adverse effects of climate change and have significant capacity constraints, such as the least developed countries and small island developing States;
 - Aiming at increasing grant financing disbursed to the least developed countries and small island developing States;
- Called on multilateral climate funds, including the operating entities of the Financial Mechanism, the Adaptation Fund, the Least Developed Countries Fund and the Special Climate Change Fund, to strengthen their efforts to enhance access and promote effectiveness, including by, as appropriate:
 - Scaling up and prioritizing direct access;
 - Simplifying and harmonizing application pre-approval and post-approval requirements and disbursement processes;
 - Establishing flexible information requirements;
 - Promoting programmatic approaches;
 - Streamlining reporting requirements;
