

Dolf GIELEN

Director of Innovation and Technology Centre, IRENA

Dolf Gielen has been the director of the IRENA Innovation and Technology Centre in Bonn since the beginning of 2011. The International Renewable Energy Agency has a mandate to accelerate global renewable energy deployment. The Centre advises member countries in the area of technology status and roadmaps, energy planning, cost and markets and innovation policy frameworks.

Before joining IRENA, Dolf Gielen was chief of the energy efficiency and policy unit at the United Nations Industrial Development Organization (UNIDO), Vienna. Previously, he was a senior energy analyst in the energy technology policy division of the International Energy Agency, Paris.

Dolf Gielen has a PhD in energy and materials modelling from the Technical University of Delft. He graduated with an MA in environmental sciences at the University of Utrecht, the Netherlands.
