

Katowice Committee of Experts on the Impacts of the Implementation of Response Measures

Third meeting, Bonn,

Virtual Meeting, 5–9 October 2020

Enhance the capacity and understanding of Parties, through collaboration and input from stakeholders, on the assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition

Background note

I. Background

1. As per activity 4 of the workplan of the forum and its KCI for the fifty-second to sixty-third sessions of the subsidiary bodies), the Katowice Committee of Impacts (KCI) is to enhance the capacity and understanding of Parties, through collaboration and input from stakeholders, on the assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition. The activity is to be implemented at its meeting taking place in conjunction with SB 52 and SB 63.
2. The KCI is to take inputs from experts, practitioners and relevant organisations.
3. The final output of this activity is a technical paper.

II. Scope of the note

4. This background note contains in its annex the draft outline of the technical paper to Enhance the capacity and understanding of Parties, through collaboration and input from stakeholders, on the assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition.

B. Possible action by the Katowice Committee of Impacts

5. The KCI will be invited to consider the draft outline of the technical paper and provide guidance on further work for the development of the technical paper.

Annex

Enhance the capacity and understanding of Parties, through collaboration and input from stakeholders, on the assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition

Draft outline for the technical paper

1. Introduction.

- (a) Background
- (b) Objectives of the paper

The proposed objectives of the paper are to:

- (i) Understand ways of assessing and analysing the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition;
 - (ii) Understand the work and role of relevant international organisations in assessing the impacts of the mitigation policies to facilitate the undertaking of economic diversification and transformation and just transition. Identify organizations which are active in providing capacity building in this area;
 - (iii) Summarize the methodologies which are being used by Parties and other stakeholders to assess the impacts of mitigation policies to facilitate the undertaking of economic diversification and transformation and just transition;
 - (iv) Identify possible actions and means to enhance capacity and understanding of Parties including collaboration with identified organisations in the areas of assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition.
- (c) Scope and approach

Proposed approach of the paper is to summarise the work which has already being carried out by Parties and stakeholders on assessing and analysing the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition

2. Ways of assessing and analysing the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition

- (a) Mitigation policies and actions. This section will describe type of mitigation policies and actions and map their possible social, environmental and economic impacts and links with just transition and economic diversification
- (b) Overview of different methodologies, used by Parties and stakeholders, of assessing and analysing the impacts of the implementation of response measures that can facilitate economic diversification and just transition

- 3. Possible actions and means to enhance capacity and understanding of Parties including collaboration with identified organisations in the areas of assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition**
 - (a) Mapping of relevant stakeholders and their work e.g. organisations working on development of relevant tools, capacity building on assessment methods, data collection
 - (b) Possible collaborations with stakeholders to enhance capacity on assessment and analysis in the areas of assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition
- 4. Conclusions**
- 5. References**
