# DRAFT

---

## **This para will be added to the ExCom report – part 2**

During the reporting period, the Executive Committee adopted the new terms of reference of the TFD and launched the second phase of the TFD. Subsequently, the TFD held its 3rd meeting to develop a Plan of Action for its second phase which builds upon the workstream (d) of the 5 year rolling workplan and the recommendations as adopted at COP 24. Annex II contains a summary of proceedings and membership information of the TFD.

The Plan of Action of the TFD was discussed during Excom 10 between ExCom members, TFD Members and observer organisations. TFD members agreed to integrate comments received from ExCom Members and observer organisations in their ongoing work, as appropriate. TFD Members will provide a more detailed activity description ahead of ExCom 11 and a detailed report on the progress on the implementation of the activities ahead of ExCom 12, 13 and 14, which will then be added to the report of the ExCom to the SBs. The TFD Plan of Action was endorsed by Excom 10. The Plan of Action is included in the addendum to this document. See figure 2 for an overview of the timeline of the TFD.

## Annex XX

### Plan of Action of the task force on displacement – 2019 – 2021

Activities in this Plan of Action build upon activities of its workstream (d) of the 5 year rolling workplan and the recommendations as annexed to decision 10/CP.24<sup>1</sup>. Where relevant, linkages to other workstreams of the 5 year rolling workplan will be identified.

<i>Activity</i>	<i>Expected result(s)</i>	<i>Possible approach(es) to implementation/potential modalities</i>	<i>Indicative time frame for implementation</i>	<i>Lead/co-leads</i>
1. Make available a user-friendly version of the summary documents from the TFD phase 1 mapping exercises	Increased visibility and awareness of displacement in the context of climate change and of the outputs of TFD work in phase 1	Publication based on the summaries of the mapping exercises	2020	Excom TFD members
2. Prepare TFD factsheets providing an annual overview of global disaster displacement: gender disaggregated data of numbers, analysis by region, livelihood and income group, hazard context,	Enhanced understanding of the scale of displacement in the context of climate change	TFD factsheet	Annual publication (dates to be confirmed)	Advisory Group CSOS (IDMC) / PDD
3. Prepare a user-friendly knowledge product on nexus situations (climate change/disaster and conflict/violence)	Enhanced understanding of the relationship between the impacts of climate change and conflicts on displacement	User-friendly knowledge product(s)	2020	UNHCR
4. Prepare a user-friendly knowledge product on displacement related to climate change in the context of slow onset events	Enhanced evidence base for policy options for averting, minimising and addressing displacement in the context of slow-onset disaster and climate change	User-friendly knowledge product(s)	To be confirmed	IDMC

<sup>1</sup> Recommendations from the report of the Executive Committee of the Warsaw International Mechanism for loss and damage associated with climate change impacts on integrated approaches to averting, minimising and addressing displacement related to the adverse impacts of climate change

<i>Activity</i>	<i>Expected result(s)</i>	<i>Possible approach(es) to implementation/potential modalities</i>	<i>Indicative time frame for implementation</i>	<i>Lead/co-leads</i>
5. Prepare a technical briefing on approaches to avert, minimise and address loss and damage in relation to disaster displacement	Enhanced understanding and knowledge on approaches to avert, minimise and address loss and damage in relation to disaster displacement	Development and dissemination of a technical briefing paper	2020	PDD
6. Compile selected good practice case studies and lessons learnt of relevant projects/programmes that have integrated climate-related mobility for the purpose of improving design of project proposals and access to funding	Enhanced understanding of Parties of how to integrate climate-related mobility into relevant project/programme design, including for green economy  Enhanced understanding of Parties and donors/the GCF on accessing support for climate change programmes with a focus on averting, minimising and addressing displacement	Compilation of case studies (e.g. factsheet), made widely available	2021	UNHCR/ILO/IOM/IFRC
7. Raise awareness on integrating displacement in the context of climate change into national laws, policies and strategies, including on disaster response, building on mappings and lessons learned	Enhanced support for formulating laws, policies and strategies that reflect efforts to avert, minimise and address displacement	Dissemination of relevant mappings, case studies, lessons learned from ongoing projects, and guidance, including through: <ul style="list-style-type: none"> <li>• Written materials (e.g. leaflets, policy briefs)</li> <li>• Side events at relevant meetings</li> </ul> Regional and national training  Updated mapping of relevant national migration policies, based on the previous mapping conducted under the TFD (pillar I:	From 2020          From 2020	IOM/IFRC/UNHCR/ILO          IOM

<i>Activity</i>	<i>Expected result(s)</i>	<i>Possible approach(es) to implementation/potential modalities</i>	<i>Indicative time frame for implementation</i>	<i>Lead/co-leads</i>
		policy/practice – national/subnational activity I.1)		
8. Continue to raise awareness of the work of the TFD in relevant processes	Keeping the issue of climate change and displacement high on the agenda of relevant processes	Sharing of information on TFD work, where appropriate  Development of the standard TFD one-pager internal note to be used when TFD members conduct outreach work	At GCM 2020  At Global Platform for Disaster Risk Reduction Meeting 2021 and regional platforms	IOM/others  Excom champions (development of the one-pager)
9. Facilitate the assessment of economic impacts of displacement in the context of climate change at the national level	Enhanced understanding of the scale of the cost/economic impact of displacement in the context of climate change	Presentation of assessment outcomes to the TFD	To be confirmed	Youth NGOs/Advisory Group CSOS (IDMC)
10. Conduct a seminar on labour migration and climate resilience	Increased knowledge, skills and understanding of key issues and responses around labour migration and climate resilience	Design, preparation and delivery of a training course	2020	ILO/ITC-Turin/universities in the region
11. Exchange and share information on human mobility, including migration, displacement and planned relocation, among the Excom's expert groups	Displacement considered under all relevant workstreams, as appropriate	Joint discussions of the Excom expert groups in relation to each workstream to address displacement and mobility  Contribution to outputs under all relevant workstreams  Mapping of examples of effective practices and	Continuous    From 2020	Excom champions    IOM/relevant partners

<i>Activity</i>	<i>Expected result(s)</i>	<i>Possible approach(es) to implementation/potential modalities</i>	<i>Indicative time frame for implementation</i>	<i>Lead/co-leads</i>
		lessons learnt in relation to planned relocation		
12. Provide capacity-building opportunities using relevant training materials on migration, environment and climate change	Enhanced capacity of countries to consider migration, environment and climate change in their long-term planning	Capacity-building activities in various regions	2019	IOM/ILO/PDD
13. Assist Parties in assessing the risk of displacement, including through technical support and sharing of tools and practices	Enhanced capacity for data collection, risk assessment and analysis in relation to displacement	User-friendly knowledge products on displacement risk assessment methods and good practices and lessons learnt  Regional events and national workshops, including in the Pacific and sub-Saharan Africa, building on existing initiatives  Dissemination and sharing of practices at the global and regional level, including with the TEG-CRM	From 2020	Advisory Group CSOs (IDMC)/PDD/ IOM
14. Support Parties in integrating displacement risk into DRR strategies and combining action on DRR and climate change	Countries supported in implementing integrated approaches	Use, inter alia, the UNDRR “Words into Action” guidelines on disaster displacement and supplementary NAP guidelines	To be confirmed	PDD/IOM/NRC
15. Support Parties in strengthening their understanding of preparedness for displacement related to the adverse impacts of climate change, including early warning systems, contingency planning, evacuation planning and resilience-building strategies and plans, and support Parties in developing innovative approaches to	Parties having knowledge of and access to tools and innovative approaches (e.g. guidance, case studies, lessons learned, briefing papers and finance) to strengthen preparedness for displacement related to	Supporting the accessibility of existing preparedness and innovative tools for Parties and stakeholders  Supporting the inclusion of displacement related to the effects of climate change in existing preparedness initiatives and dialogues	To be confirmed	IFRC/PDD/UNHCR

<i>Activity</i>	<i>Expected result(s)</i>	<i>Possible approach(es) to implementation/potential modalities</i>	<i>Indicative time frame for implementation</i>	<i>Lead/co-leads</i>
preparedness, for example forecast-based financing	the effects of climate change	(e.g. under the World Bank, UNDP and UNDRR)  Development and dissemination of a technical briefing paper on preparedness and innovative approaches, as appropriate		
16. Facilitate to make available supplementary guidelines on integrating human mobility into relevant national planning processes, including the process to formulate and implement national adaptation plans, as appropriate	Countries supported in integrating human mobility into relevant national planning processes, including the process to formulate and implement national adaptation plans, as appropriate	Piloting of guidelines in support of country planning (as requested by Parties)  Contribution of ILO guidance on labour migration mobility, through piloting of ILO guidelines, and any other TFD activity for piloting guidance	2020  2021	IOM/Excom champions  ILO
17. Collaborate with the LEG and the AC to raise awareness of the importance of integrating consideration of human mobility in the context of climate change	Consideration of human mobility challenges in relevant national planning processes, including the process to formulate and implement national adaptation plans	NAP Expo/possibly a topic under the Adaptation Forum	To be confirmed	Excom champions/IOM
18. Support the inclusion of the challenges of displacement related to the adverse effects of climate change in the work of the high-level panel on internal displacement	Consideration of displacement related to the adverse effects of climate change included in the work of the high-level panel	Sharing the recommendations and the work of the TFD, as appropriate  Dialogue and engagement in relevant events of the high-level panel  Submission of background/briefing paper, as appropriate	To be confirmed	PDD/others

<i>Activity</i>	<i>Expected result(s)</i>	<i>Possible approach(es) to implementation/potential modalities</i>	<i>Indicative time frame for implementation</i>	<i>Lead/co-leads</i>
19. Organize a training workshop/awareness-building workshop(s) for youth on displacement in the context of climate change	Increased awareness among youth on displacement in the context of climate change, and youth voices brought into considerations under the WIM/Convention	Workshops and events at sessions of the COP and COYs	COP and COY 25 and 26	Youth NGOs
20. Identify opportunities for accessing existing funding and develop guidance on preparing project proposals on averting, minimising and addressing displacement related to climate change to the GCF, other funds and donors	Better understanding of how to access finance, including through the GCF	Meeting with the operating entities of the Financial Mechanism and the Adaptation Fund	2021	Excom champions/IOM/ILO  IOM (development of guidance)
	Enhanced access to finance for averting, minimising and addressing displacement associated with climate change	Development of relevant guidance for Parties		
21. Invite experts to provide technical briefings on innovative approaches to the Excom and its subgroups	Enhanced understanding among Excom and its subgroups of innovative approaches	Expert briefings in conjunction with Excom meetings	Continuous	Excom champions
22. Continue engaging with relevant stakeholders	Enhanced stakeholder engagement	Inviting ad hoc members to collaborate in implementing TFD workplan activities	Continuous	All TFD members  IOM/PDD (contingent on funding)/relevant partners
		Stakeholder meeting		
		Considering and producing communication material(s), as appropriate		
		Improving communication channels, as appropriate
