

The EBRD is a climate finance leader and now aims to become a **majority green** bank by 2025.

From the end of 2022, all its activity will be aligned with the **Paris Agreement**.

The EBRD recognises the critical importance of **gender equality** and **climate change** in all its efforts.

Key EBRD programmes focusing on green and gender

- ▶ Green Economy Financing Facilities
- ▶ Green Cities
- ▶ Just Transition
