equality • diversity • inclusion

UN CLIMATE  
CHANGE  
CONFERENCE  
UK 2021  
IN PARTNERSHIP WITH ITALY

Gender Issues is a Mexican civil organization working towards achieving gender equality and social inclusion by developing strategies that capture the diversity within our societies to effectively influence public policy. **#MyWworldMexico** recognized us as an organization that works to comply with **SDGs** on gender equality.

## #GenderIssuesMx is committed to:

- Promoting the design and implementation of gender public policies, gender equality, diversity, and social inclusion.
- Improving women's access to justice and preventing gender-based violence.
- Integrating gender perspective as a tool to achieve gender equality.
- Working on the climate-gender nexus to ensure gender justice.
- Deconstructing gender stereotypes to promote cultural and social change.

## Our partnerships

## #GenderIssuesMx work on the climate-gender nexus include:

- Technical support using a gender lens in climate policy instruments on mitigation and adaptation.
- Gender diagnosis and leverage analysis to promote gender and social inclusion.
- Strategies for enhancing capacities and strengthening institutional mechanisms to achieve NDCs.
- Capacity building, gender mainstreaming

You have to act as if it were possible to radically transform the world, and you have to do it all the time. - Angela Davis

## #GenderIssuesMx experience in climate change:

- Cross-cutting integration of gender perspective for Peru NDCs.
- Protocol of attention for sexual violence incidents/cases in the integrated transport system of Mexico City.
- Cross-cutting integration of gender perspective in the pathways for the implementation of Honduras NDCs.
- Integration of gender perspective for the GCF proposal regarding the NAMA Coffee Project in Honduras.
- Integration of gender perspective for the GCF proposal regarding urban mobility with efficient and low emission transport in Honduras.
