**ABOUT EARTH DAY NETWORK**

The first Earth Day on April 22, 1970, activated 20 million Americans from all walks of life and is widely credited with launching the modern environmental movement. Growing out of the first Earth Day, Earth Day Network (EDN), the world's largest recruiter to the environmental movement, works with tens of thousands of partners in 192 countries to build environmental democracy and to broaden, diversify and mobilize the environmental movement. For more information, visit us at [www.earthday.org](http://www.earthday.org) and follow us on Twitter @EarthDayNetwork.
