

## Process to date

---

- COP 22 invited interested Parties to establish a L&D contact point through their respective UNFCCC National Focal Point, with a view to enhancing the implementation of approaches to address L&D at the national level.
- Excom 10 (October 2019) considered the matter and requested the co-chairs to prepare a draft description of L&D contact points for consideration at Excom 11.
- During Excom 11, members provided views on the broad tasks described in the co-chairs' note.

## Co-chairs proposal

---

- To consider, intersessionally, opportunities and associated modalities for the Excom to engage the national focal points and L&D contact points, as described in the background document for this item;
- To promote the call for Parties to establish a L&D contact point.
