SCALA's Private Sector Engagement Facility - Criteria

- ✓ Request for support is from government
- ✓ Countries that have existing/planned work around private sector in NAPs or NDCs (
- ✓ Countries that have one or more of the following:
 - ✓ Existence of policy for private sector engagement in agriculture and climate change
 - ✓ Existing government – private sector working group in agriculture
 - ✓ Existing financial/non-financial or technical partnership with a private sector coalition
 - ✓ Existing coalition of private sector actors which has or intends to have a focus on climate change (chamber of commerce, commodity focused alliance/platform/board etc.).
- ✓ Countries with existing arrangements or planned consultations for UNDP and FAO collaborative work.
- ✓ Countries that intend to maximize engagement with at least one group of domestic private sector actors
- ✓ Countries that enhance engagement with micro and small enterprises, cooperatives and farmers' organizations, groups/associations/coalitions
- ✓ Countries that enhance engagement with multinationals and agribusinesses at national level
- ✓ Countries that seek to mobilize private sector finance and otherwise engage the private sector in climate action
- ✓ Countries that integrate gender considerations in engaging with the private sector

SCALA Private Sector Engagement Facility- Operational summary

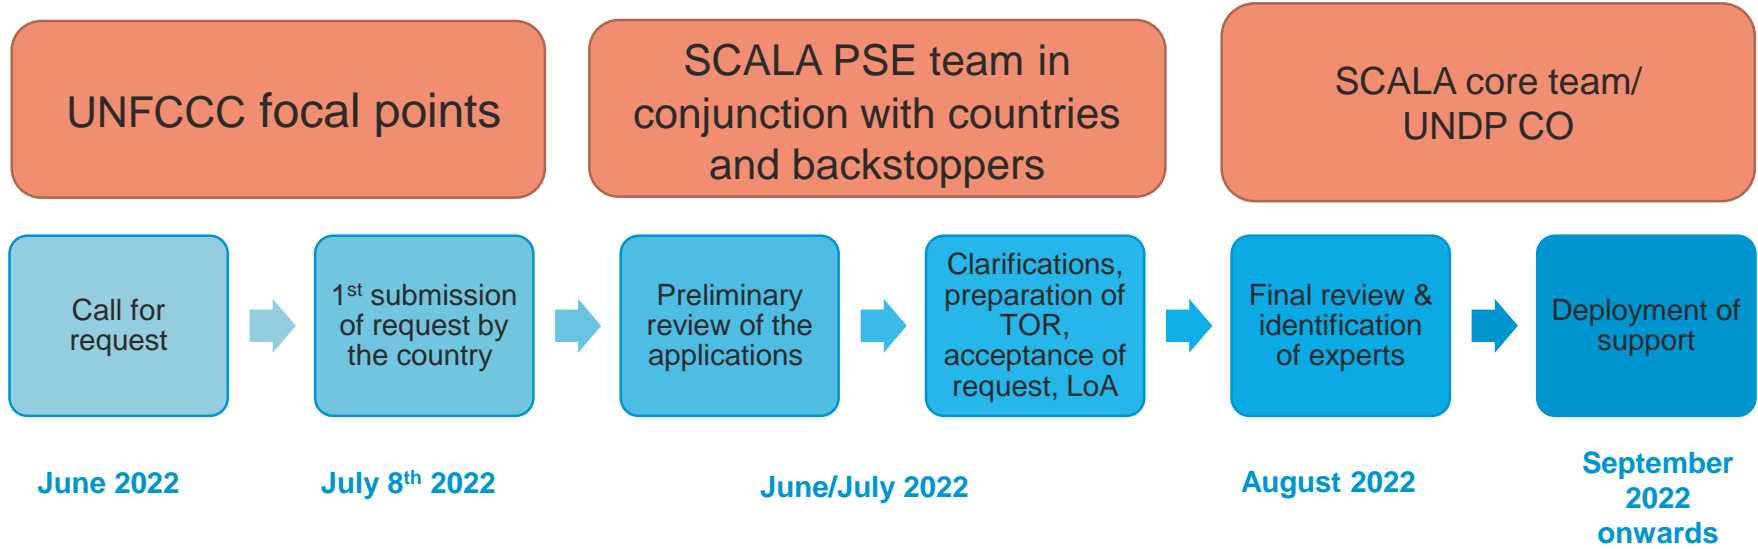

- **All developing countries** with a strong focus on agriculture and land use in their NDCs and/or NAP can request support,
- LDCs will be given priority during the first phase (2022), SIDS and MICs during the second phase. (2023-2024) - on the basis of **10 eligibility criteria**
- At least **12 countries** (non-SCALA) will be given support. 5 LDCs to be prioritised in 2022 (EOI has been sent to all LDCs UNFCCC Focal points on June 3 2022)
- Up to **USD 50K allocation per country**
- **12 months for implementation of activities** (if required, extra 6 months can be granted)
- After requests are fulfilled at CO level in first year, **SCALA Global Team will review progress and work with COs** to follow up and see how **to identify follow up opportunities**
- **South-South sharing of experiences** fostered as the work progresses

Four stages of the SCALA PS Facility

SCALA Private Sector Engagement Facility - 2022 Timeline

LOOKING FORWARD TO COUNTRIES' APPLICATIONS by 08th July

Thank you
