The [Luxembourg Green Exchange](#) (LGX) is the world's leading platform for green, social and sustainable securities. The Luxembourg Stock Exchange (LuxSE) created LGX in 2016 as a direct contribution to the global climate goals defined in the Paris Climate Agreement and the UN SDGs. Securities listed on LuxSE that comply with mandatory LGX transparency requirements, which are based on international sustainable finance standards, can be considered for display on LGX.

Having celebrated the fourth anniversary of the official launch of the platform in September 2020, LuxSE and its LGX team are constantly working to grow LGX as the world's leading platform for green, social and sustainable securities, facilitate sustainable investment and contribute to accelerating the green transition.
