

THE FIJI CLEARING HOUSE FOR RISK TRANSFER

The Fiji Clearing House for Risk Transfer, launched at COP 23, helps all governments and communities by serving as a repository for information on insurance and risk transfer that facilitates the efforts of Parties to develop and implement comprehensive risk management strategies.

RISK TALK is the interactive part of the Fiji Clearing House for Risk Transfer. It is a user-friendly online platform connecting those looking for solutions with the world of risk transfer expertise. RISK TALK uses artificial intelligence technology to provide tailored solutions to your questions.
