

#### Workshop Concept Note

# Good Practices in NDC Update and Implementation: Challenges and Lessons Learned from Asia, the Middle East, and North Africa

Tuesday to Thursday, 16-18 March 2021

#### BACKGROUND

Raising the global ambition of the nationally determined contributions (NDCs) and ensuring thorough implementation of the increased mitigation and adaptation targets are necessary to limit global warming to 1.5°C. Many countries around the world have calibrated and enhanced the ambition of their NDC and submitted it to the United Nations Framework Convention on Climate Change (UNFCCC) secretariat in 2020. In order to move quickly towards reducing global greenhouse gas emissions by 45% over the next decade and achieving global net-zero emissions in 2050, countries are now looking to formulate and execute their NDC implementation strategies, national adaptation plans, and other relevant national policies.

This virtual workshop aims to provide an avenue for countries from Asia, Middle East, and North Africa to come together and share good practices and lessons learned from their NDC update process as well as a platform for peer-to-peer support. It also aims to provide an avenue for countries to share challenges and good practices in the NDC implementation process and to identify areas of cooperation between countries and development partners. The workshop consists of presentations, panel discussions, and breakout sessions which cover cross-sectoral issues pertaining to the NDC update and implementation.

#### **OBJECTIVES**

- 1. To share lessons learned during the 2020 NDC update process, increase clarity of updated and new NDCs, and recommendations for the 2025 NDC update process;
- 2. To share challenges and good practices in NDC implementation process; and
- 3. To identify areas of collaboration between countries and development partners to assist countries' NDC implementation process.

#### **TARGET PARTICIPANTS**

- 1. UNFCCC country focal points and NDC Partnership country focal points from the regions, including representatives of Ministries of Economy, Finance, National Planning and others
- 2. Representatives from government agencies relevant to NDC Implementation
- 3. Representatives from inter-governmental agencies and development partners relevant to NDC Implementation

#### **OUTCOMES**

- 1. A synthesis report of highlights and key insights from the event
- 2. Countries' breakout session documents

### AGENDA

## Day 1 - Tuesday, 16 March 2021; 8:00-11:30(CET)/11:00-14:30(GST)/14:00-17:30(ICT) MC: NDC Partnership

Time (ICT)	Session Details	<b>Moderator</b> (Tentative)
14:00-14:05	Introduction to the Workshop	Putera Zenata Regional Program Officer NDC Partnership
	Opening remarks	· · · · ·
	Ken O'Flaherty, UK COP 26 Regional Ambassador to Asia-Pacific and South Asia	Putera Zenata
14:05-14:20	Romeo Bertolini, Head of the Bonn Office, Support Unit, NDC Partnership	Regional Program Officer NDC Partnership
	James Grabert, Director, Mitigation Division; Acting Director, Communication and Engagement Division, UNFCCC Secretariat	
	Participant Introductions and Expectations	Putera Zenata
14:20-14:35	Participants will share their backgrounds, learning expectations, on-going needs, challenges on NDC implementation and plans for long-term climate goals.	Regional Program Officer NDC Partnership
	Scene Setting	
14:35-15:00	The presentation of key messages from the initial NDC Synthesis Report as well as highlights from the NDC Survey carried out by RCC Bangkok and RCC Dubai in 2020 provides an overview of the progress made by participating countries in updating their NDCs and captures a regional outlook on the status of their efforts.	Jens Radschinski Regional Lead RCC Bangkok

Promoting Climate Action in Asia and the Pacific

14:35-15:00	<ul> <li>The commentaries on NDC implementation and NAP formulation provides an overview of the activities to ensure the world is on track to achieve the long-term goals of the Paris Agreement.</li> <li>Jigme, Team Lead, Transparency Division, UNFCCC Secretariat</li> <li>Jens Radschinski, Regional Lead, UNFCCC-IGES Regional Collaboration Center for Asia and the Pacific based in Bangkok (RCC Bangkok)</li> <li>Conor Barry, Programme Officer, Mitigation Division, UNFCCC Secretariat</li> <li>Matti Goldberg, Associate Programme Officer, Adaptation Division, UNFCCC Secretariat</li> </ul>	
15:00-15:10	Coffee break	
15:10-16:10	Panel Discussion 1: Lessons Learned from the NDC Update Process in Asia, Middle East, and North Africa         This session provides an avenue for countries to share challenges on data (e.g., issues on establishing baseline, modelling and projections, limited access and availability) and stakeholder engagement and coordination, and formulate common best practices for the next NDC update process.         Instructions:       Four countries will have 7 minutes each to present the key challenges they experienced in their NDC update process and how they were able to address these challenges. Presentation materials are allowed but only as visual cues or to summarize the information and should be within 3 slides. This is followed by a 30-minute Q&A session from the Moderator and the audience.	Romeo Bertolini, Head of the Bonn Office, Support Unit, NDC Partnership
	<ul> <li>Maria Saribekyan, Senior Specialist of the Climate Policy Department, Armenia</li> <li>Chanutsakul Supirak, Environmental Official, Professional Level, Thailand</li> <li>Qais Al Suwaidi, Assistant Expert, Ministry of Climate Change &amp; Environment, United Arab Emirates</li> <li>Radha Wagle, Chief, Climate Change Management Division, Ministry of Forests and Environment, Nepal</li> </ul>	
16:10-16:15	Short break

	Introduction to Breakout Sessions	
	Countries might face both common and unique technical, financial, legal, political, and cultural barriers in their NDC implementation process. This breakout session provides an avenue for countries to share these anticipated barriers and find common opportunities to overcome them.	Putera Zenata Regional Program Officer NDC Partnership
16:15-16:25	<u>Instructions:</u> There will be three virtual topics, each representing a crucial stage in the NDC implementation process: Day 1: NDC implementation planning and tracking of progress Day 2: Stakeholder engagement and coordination Day 3: Financing implementation	
	Participants will be separated into three groups, each having countries from a range of economic and geographic profiles. Each group will go through a topic station for 15 minutes and will share the anticipated challenges pertaining to the topic and brainstorm common opportunities to overcome them.	
	Breakout Session 1: NDC Implementation Planning and Tracking of Progress	Breakout Facilitators
	The way countries' NDCs are implemented and improved upon over time will determine whether the long-term goals of the Paris Agreement are achieved. This breakout session will serve as an avenue for countries to share their experience in the NDC implementation planning process and identify common challenges and opportunities for support and cooperation.	
16:25-17:10	<ul> <li>Station 1: Identifying sectoral priority activities and enabling actions</li> <li>Advancing climate goals require commitments from all relevant sectors affected by or contributing to climate change.</li> <li>What challenges do countries face in prioritizing activities in their NDC implementation planning for each sector?</li> <li>What elements are necessary for countries to effectively plan NDC implementation at the control level?</li> </ul>	Station 1- Awwad Salameh, Jordan (tbc)
	<ul> <li>sectoral level?</li> <li>What are the key cross-sectoral challenges and how are these being addressed?</li> </ul>	
	<ul> <li>Station 2: Tracking progress and reporting</li> <li>Successful implementation of NDC actions requires plans to have measurable goals.</li> <li>How can countries develop the capacity to measure and track the progress of the NDC</li> </ul>	

Promoting Climate Action in Asia and the Pacific

	Middle East, North Africa and South Asia	
	implementation process across sectors?	
	How can countries ensure the transparency and robustness of reporting channels across	
	<ul> <li>sectors?</li> <li>How do you plan to enhance the engagement of your sectors and line ministries so that they become a vibrant part of the institutional arrangements to measure, track and report on the progress of implementation and achievement of NDC?</li> </ul>	Station 2 – Hadika Jamshaid, Pakistan
	Station 3: Establishing governance mechanisms	
16:25-17:10	Successful implementation entails concerted whole-of-government approaches.	
	<ul> <li>How do countries coordinate NDC implementation across sectors, nationally and sub- nationally?</li> </ul>	
	How can countries institutionalize the capacities necessary for NDC implementation across sectors and agencies?	Station 3 – Hayro
	<ul> <li>How can governments galvanize necessary political will to effectively implement NDC policies?</li> </ul>	Hakobyan, Armenia
	Breakout reporting	Breakout Reporters
	Station 1- Awwad Salameh, Jordan (tbc)	
17:10-17:25	<ul> <li>Station 2 – Hadika Jamshaid, Pakistan</li> </ul>	
	Station 3 – Hayro Hakobyan, Armenia

Promoting Climate Action in Asia and the Pacific

Day 2 – Wednesday, 17 March 2021; 8:00-11:30 (CET)/11:00-14:30(GST)/14:00-17:30(ICT)

MC: Bjorn Fonden; UNFCCC-IGES Regional Collaboration Centre for Asia and the Pacific based in Bangkok (RCC Bangkok)

Time (ICT)	Session Details	Moderator (Tentative)
14:00-14:05	Recapitulation of Day 1	Banashri Sinha, Communication and Outreach Officer, RCC Bangkok
	Panel Discussion 2: Lessons Learned from the NDC Update Process in Asia, Middle East, and North Africa	
14:05-15:05	This session provides an avenue for countries to share about challenges on <b>policies</b> (e.g., lack of clear or strong legislative and governance framework) and <b>access to funding</b> , and form common best practices for the next NDC update process.	Omar Zemrag, Regional Manager, NDC Partnership
	<u>Instructions:</u> Four countries will have 7 minutes each to present the key challenges they experienced in their NDC update process and how they were able to address these challenges. Presentation materials are allowed but only as visual cues or to summarize the information and should be within 3 slides. This is followed by a 30-minute Q&A session from the Moderator and the audience.	
	<ul> <li>Enkhbat Altangerel, Director General, Ministry of Environment and Tourism, Mongolia</li> <li>Sophal Leang, Chief of Office of the Department of Climate Change, Cambodia</li> <li>Mary Awad, Project Officer, Climate Change Projects, UNDP Ministry of Environment, Lebanon</li> </ul>	
15:05-15:15	Coffee break	
15:15-15:20	Introduction to Breakout Session 2: Inclusive Stakeholder Engagement Participants will be separated into groups, each having countries from a range of economic and geographic profiles. Each group will discuss <b>stakeholder engagement</b> for 45 minutes and will share the anticipated challenges pertaining to the topic and brainstorm common opportunities.	Namitha Vivek, Program Coordinator, NDC Partnership

Promoting Climate Action in Acia and the Pacific

	Promoting Climate Action in Asia and the Pacific Promoting Climate Action in the Middle East , North Africa and South Asia	
	Breakout session 2: Inclusive Stakeholder Engagement Stakeholder engagement is crucial in ensuring alignment between NDCs and development priorities that conveys maximum benefits to the greatest possible number of people. It also allows for the buy- ins and ownership of climate plans by all actors. This breakout session will serve as an avenue for countries to share their experience in stakeholder engagement and identify common challenges and opportunities.	Breakout Facilitators
	<ul> <li>Station 1: Vulnerable groups, gender mainstreaming and youth related issues</li> <li>As countries strive to attain climate and development goals without leaving anyone behind, what are the key challenges in ensuring that youths, women, and vulnerable groups are involved in the planning, implementation and tracking processes of NDC implementation?</li> <li>What can countries do to ensure that NDC implementation policies do not harm minorities and marginalized groups?</li> </ul>	Station 1 - Awwad Salameh, Jordan (tbc)
15:20-16:05	<ul> <li>Station 2: Engaging the private sector</li> <li>The private sector has a large untapped potential role in ensuring long term resilience and mitigation goals. What bottlenecks are hampering enhanced private sector participation in NDC implementation and how do countries plan to solve them?</li> <li>What enabling mechanisms are being put in place to make it more conducive for businesses to contribute towards NDC implementation?</li> </ul>	Station 2 - Abhishek Yadav (Nepal)
	<ul> <li>Station 3: Effective coordination and engagement mechanisms with development partners, civil society and other non-government stakeholders</li> <li>Tackling climate change requires whole-of-society approaches.</li> <li>What challenges do countries face in ensuring meaningful participation of relevant stakeholders in the NDC implementation?</li> <li>How can governments socialize climate change issues to all facets of society despite pressing economic issues that many people face?</li> <li>What regulations can countries introduce to effectively engage stakeholders from all facets of society?</li> </ul>	Station 3 - Joy Goco (Philippines)
16:05-16:20	<ul> <li>Breakout reporting</li> <li>Station 1 - Awwad Salameh, Jordan (tbc)</li> <li>Station 2 - Abhishek Yadav (Nepal)</li> <li>Station 3 - Joy Goco (Philippines)</li> </ul>	Breakout Reporters

## Day 3 – Thursday, 18 March 2021;8:00-11:30 (CET)/11:00-14:30(GST)/14:00-17:30(ICT)

MC: UNFCCC-WGEO Regional Collaboration Centre for the Middle East, North Africa and South Asia based in Dubai (RCC Dubai)

Time (ICT)	Session Details	<b>Moderator</b> (Tentative)
14:00-14:05	Recapitulation of Day 2	Saudamini Bagai, Technical Expert and Coordinator, RCC Dubai
	Introduction to Breakout Session 3: Financing for NDC Implementation	
14:05-14:10	Participants will be separated into groups, each having countries from a range of economic and geographic profiles. Each group will discuss <b>financing (public, private, and blended) for NDC implementation, for both mitigation and adaptation,</b> for 45 minutes and will share the anticipated challenges pertaining to the topic and brainstorm common opportunities to overcome them.	Supriya Dharkar, Technical Expert and Coordinator, RCC Dubai
	Breakout Session 3: Financing for NDC Implementation	Breakout Facilitators
14:10-14:55	Achieving the goals of the Paris Agreement requires countries to apply some combination of domestic budgetary allocation, private sector finance (both national and international), bilateral and multilateral finance mechanisms, and development assistance to meet NDC commitments. Understanding how to access funding from a diverse menu of multilateral, bilateral, public and private sources is a complex and dynamic challenge. This breakout session will serve as an avenue for countries to share their experience in facilitating the financing of NDC implementation and identify common challenges and opportunities.	
	<ul> <li>Station 1: Public finance <ul> <li>What role can the public sector play in climate finance? What are the main obstacles for governments mobilize climate finance?</li> <li>Which areas of collaboration does your country envision to explore with public finance providers for NDC implementation?</li> <li>What types of technical assistance (including capacity building) are needed to facilitate your country's access to international and domestic public finance?</li> </ul> </li> </ul>	Station 1 – Ariel Yu, Technical Officer, RCC Bangkok
	Station 2: Private finance/Blended finance	

	Promoting Climate Action in Asia and the Pacific Promoting Climate Action in the Middle East , North Africa and South Asia	
	<ul> <li>What role should the private sector play in climate finance? What enabling policies are needed to create favorable conditions for private sector financing of NDC implementation?</li> <li>How can climate finance be spent effectively?</li> <li>What technical assistance (including capacity building) is required to facilitate your country's mobilization of private finance?</li> </ul>	Station 2 – Conor Barry, Programme Officer, UNFCCC Secretariat
	<ul> <li>Station 3: Pipeline development</li> <li>What is needed to develop a climate friendly project? What can governments do to support NDC implementation projects?</li> <li>What role does the private have in project development? What technical assistance (including capacity building) is needed for NDC implementation?</li> <li>How can climate finance contribute to addressing adaptation loss and damage needs?</li> <li>How can a pipeline of priority climate projects/investments/transactions/initiative be developed? What can governments do to further scale them up at a regional level?</li> </ul>	Station 3 – Grant Kirkman, Programme Officer, UNFCCC Secretariat
14:55-15:10	<ul> <li>Breakout reporting</li> <li>Station 1 – Ariel Yu, Technical Officer, RCC Bangkok</li> <li>Station 2 – Conor Barry, Programme Officer, UNFCCC Secretariat</li> <li>Station 3 – Grant Kirkman, Programme Officer, UNFCCC Secretariat</li> </ul>	Breakout Reporters
15:10-15:20	Coffee break	
15:20-16:20	<ul> <li>Panel Discussion 4: Financing for NDC Implementation</li> <li>Five development partners will elaborate their support programmes that enable countries to access and mobilize public, private, and blended finance for NDC implementation, with a focus on the initiatives that may assist countries in overcoming the challenges identified from Breakout Session 3. Discussants are encouraged to also highlight potential areas of cooperation with countries as well as development partners.</li> <li>6-minute presentation from each presenter, followed by a 30-minute Q&amp;A session</li> <li>Emelia Holdaway, Policy Program Director, The Institutional Investors Group on Climate</li> </ul>	Grant Kirkman, Programme Officer, UNFCCC Secretariat
