

# Forward-looking overview of capacity-building activities of constituted bodies, operating entities and UNFCCC processes represented in the ICG

Version: October 2022

## Introduction

As per its 2021-2024 workplan, the Paris Committee on Capacity-building (PCCB) is to create a forward-looking overview of current and planned capacity-building activities under the Convention and the Paris Agreement.<sup>1</sup> This overview serves to facilitate the work of the informal coordination group for capacity-building under the Convention and the Paris Agreement, or “ICG”, and contribute to priority area A of the PCCB 2021-2024 workplan: enhancing coherence and coordination of capacity-building under the Convention with a focus on avoiding duplication of efforts.<sup>2</sup>

At the first meeting of the ICG on 8 June 2021, ICG members welcomed the forward-looking overview as a useful document to facilitate coordination and coherence. Members agreed that the document be updated twice per year, in sync with the ICG meetings. Members further agreed to keep a broad definition of capacity-building so as to capture a wide range of activities that members can consider in their coordination efforts.

## Scope

The overview will only include activities organized by constituted bodies, operating entities and UNFCCC processes represented in the ICG.<sup>3</sup> Given the forward-looking nature of the overview, it will only include activities that are ongoing or forthcoming at the time the document is updated. Efforts will be made to create an overview with sufficient detail to facilitate joint coordination and to update it twice yearly, ahead of each ICG meeting. When possible, individual activities will be included rather than general programs or series they fall under. The overview will also include ongoing activities.

---

<sup>1</sup> FCCC/SBI/2020/13 – Annex 1, Activity A.1.2.

<sup>2</sup> FCCC/SBI/2020/13 – Annex 1, Priority area A.

<sup>3</sup> As per FCCC/SBI/2020/13 – Annex 2, para 17 these are: Adaptation Committee, Adaptation Fund Board secretariat, Consultative Group of Experts, Climate Technology Centre and Network, Local Communities and Indigenous Peoples Platform Facilitative Working Group, Green Climate Fund secretariat, Global Environment Facility secretariat, Katowice Committee of Experts on the Impacts of the Implementation of Response Measures, Least Developed Countries Expert Group, Standing Committee on Finance, Technology Executive Committee, Executive Committee of the Warsaw International Mechanism for Loss and Damage and representatives of the Action for Climate Empowerment process.

## Methodology

### *Data sources*

The forward-looking overview is a living document and will draw on:

- Entries from the secretariat's internal capacity-building activities database
- Workplans of constituted bodies, operating entities, and UNFCCC processes part of the ICG
- Webpages of constituted bodies, operating entities, and UNFCCC processes part of the ICG
- Direct input/feedback from constituted bodies, operating entities, and UNFCCC processes part of the ICG

### *Selection*

ICG members engage in a variety of activities, and it is not always straightforward what activities constitute capacity-building. This overview takes a pragmatic approach and, in the first instance, includes activities that constituted bodies and operating entities themselves classify as capacity-building. To supplement this approach the above-mentioned data sources were also scanned for additional activities, drawing on official and customary definitions (see annex 1) of capacity-building as guidance for selection. In particular, the annual compilation and synthesis report by the secretariat on 'capacity-building work of bodies established under the Convention and its Kyoto Protocol' provides a categorization of activities that can be considered capacity-building:

- Events/technical meetings/forums
- Training/ workshops
- Tools/ handbooks
- Web-based seminars/tools/ courses
- Technical assistance/ support

In the process of drafting this overview the above list was slightly amended to better capture the various activities undertaken by UNFCCC bodies, entities and processes, including an increasing variety of online activities and resources in the light of the COVID pandemic. The current list of categories of activities reads as follows:

- Events/technical meetings/forums (*in-person or virtual*)
- Training/ technical workshops (*in-person or virtual*)
- Tools/ handbooks / technical reports
- Web-based seminars/ courses
- Online resources
  - Portals
  - Databases
  - Newsletters/ e-bulletins
- Technical assistance/ support
- Call for submissions / surveys (*only those with clear capacity-building focus*)

### *Organisation*

Retrieved capacity-building activities are organized into three tables:

- First, a ‘calendar’ with activities that have a clear date or timeframe in which they will be executed.
- Second, a table with plans, these are capacity-building related plans from workplans that are, to our knowledge, not yet operationalized into tangible time-bound activities.
- Finally, a table with ongoing activities, this includes databases and portals that are actively managed by ICG members.

## Calendar

<b>Date<sup>4</sup></b>	<b>Activity</b>	<b>Topic<sup>5</sup></b>	<b>Type of activity<sup>6</sup></b>	<b>Organizer</b>	<b>Link/ref</b>

End of 2022	Annual WIM ExCom outreach event targeting loss and damage contact points as well as UNFCCC NFPs	Loss and Damage	Events/ technical meetings/ forums	WIM ExCom	<a href="#">Link</a> ExCom 17 Decision point Item 7(a): <a href="#">Link</a>
November 2024 (COP 29)	Share experience and best practices in reporting and informing on efforts to assess and analyse the impacts of the implementation of response measures	Response measures	Events/technical meetings/forums (in-person or virtual)	KCI	Activity 10 of workplan of the forum and its KCI

## Plans

Time period	Activity	Topic <sup>7</sup>	Type of activity <sup>8</sup>	Organizer	Link/ref
2019-2024	Provide tools or capacity-buildings to ensure new members of constituted bodies are introduced to the importance of gender-responsiveness Ensure that members of constituted bodies are introduced to gender-related mandates and to the relevance of gender in the context of their work in a consistent and systematic manner	Gender	Tools/ handbooks / technical reports, Training/ technical workshops	LWPG/GAP (secretariat)	3/CP. 25 Activity C.1
2019-2024	Strengthen capacity-building efforts for governments and other stakeholders in mainstreaming gender in formulating, monitoring,	Gender	Tools/ handbooks / technical reports, Training/ technical workshops	LWPG/GAP (Parties, relevant organizations)	3/CP. 25 Activity A.1

<sup>7</sup> Categories based on the secretariat's internal capacity-building activities database: 1) Adaptation, 2) Agriculture, Forests and Other Land Use, 3) Capacity-building, 4) Climate Finance, 5) Climate Technology, 6) Education & Youth, 7) Gender, 8) Local Communities and Indigenous Peoples Platform (LCIPP), 9) Loss and Damage, 10) Mitigation, 11) Response Measures, 12) Science, 13) Transparency.

<sup>8</sup> Categories: 1) Events/technical meetings/forums (in-person or virtual), 2) Training/ technical workshops (in-person or virtual), 3) Tools/ handbooks / technical reports, 4) Web-based seminars/ courses, 5) Online resources (e.g. portals, databases, newsletters), 6) Technical assistance/ support, 7) Call for submissions / surveys (Only those with clear capacity-building focus)

<b>Time period</b>	<b>Activity</b>	<b>Topic<sup>7</sup></b>	<b>Type of activity<sup>8</sup></b>	<b>Organizer</b>	<b>Link/ref</b>
	implementing and reviewing, as appropriate, national climate change policies, plans, strategies and action, including nationally determined contributions, national adaptation plans and national communications				
2019-2024	Enhance capacity-building for governments and other relevant stakeholders to collect, analyse and apply sex-disaggregated data and gender analysis in the context of climate change, where applicable	Gender	Tools/ handbooks / technical reports, Training/ technical workshops	LWPG/GAP (relevant organizations)	3/CP. 25 Activity A.3
2019-2024	Promote initiatives for capacity-building in leadership, negotiation and facilitation of negotiation for women delegates, including through webinars and in-session training to enhance women's participation in the UNFCCC process	Gender		LWPG/GAP (Parties, relevant organizations)	3/CP. 25 Activity B.1
2019-2024	Support the collection and consolidation of information and expertise on gender and climate change in sectors and thematic areas as well as identifying experts on gender and climate change, as needed, and enhance knowledge platforms on gender and climate change	Gender		LWPG/GAP (Parties, relevant organizations)	3/CP. 25 Activity D.4
2019-2024	Workshops, dialogues, training, expert meetings on exchange information on	Gender	Events/technical meetings/forums,	LWPG/GAP (relevant organizations)	3/CP. 25 Activity D.6

<b>Time period</b>	<b>Activity</b>	<b>Topic<sup>7</sup></b>	<b>Type of activity<sup>8</sup></b>	<b>Organizer</b>	<b>Link/ref</b>
	lessons learned among Parties that have integrated gender into national		Training/ technical workshops		
2021-2026	The GEF will continue to provide financing to country-driven climate change mitigation, climate change adaptation, technology transfer, and transparency and reporting projects through the GEF Trust Fund, the Least Developed Countries Fund and the Special Climate Change Fund. The GEF-8 Programming Directions and the Programming Strategy on Adaptation to Climate Change for the LDCF/SCCF have been rolled out from July 2022 and will continue till June 2026.	Climate Finance, Adaptation, Mitigation, Transparency, Climate Technology, Capacity-building	Technical assistance/Support	GEF	
2022-2023	Continue conducting capacity building needs assessment under the existing MRV arrangements, by compiling information on challenges, gaps and needs of developing country Parties, recognizing that the enhanced efforts to prepare reports under the MRV can help prepare better for the reporting under the ETF	Transparency	Tools/ handbooks / technical reports	CGE	
2022-2026	Provide technical advice and support to Parties, upon request, on the provision of the information to be reported on steps taken to integrate climate change considerations into relevant social,	Transparency	Technical assistance/ support	CGE	

<b>Time period</b>	<b>Activity</b>	<b>Topic<sup>7</sup></b>	<b>Type of activity<sup>8</sup></b>	<b>Organizer</b>	<b>Link/ref</b>
	economic, and environmental policies and actions				
2023	Training on the use of the Readiness Programme inclusive of updated guidebook and templates	Climate Finance	Training/ technical workshops, Tools/ handbooks / technical reports, Technical assistance	GCF	
2023	Training on investment planning guidance, building on country programme guidance and programming lessons learned	Climate Finance	Training/ technical workshops, Tools/ handbooks / technical reports, Technical assistance	GCF	
2023	Establishing a climate information gateway and expert advisory forum	Climate Finance	Events/technical meetings/forums	GCF	
2023	Training on the GCF Readiness Result management Framework	Climate Finance	Training/ technical workshops, Tools/ handbooks / technical reports, Technical assistance	GCF	
2023	Training on the GCF Evaluation Policy	Climate Finance	Training/ technical workshops, Tools/ handbooks / technical reports, Technical assistance	GCF	
2023	Trainings on the GCF Integrated Results management Framework	Climate Finance	Training/ technical workshops, Tools/ handbooks / technical reports, Technical assistance	GCF	

<b>Time period</b>	<b>Activity</b>	<b>Topic<sup>7</sup></b>	<b>Type of activity<sup>8</sup></b>	<b>Organizer</b>	<b>Link/ref</b>
2023	Training resulting to strengthening of M&E capacity of accredited entities (portfolio remediation activities)	Climate Finance	Training/ technical workshops, Tools/ handbooks / technical reports, Technical assistance	GCF	
2023	Continue updating and producing technical materials aimed at providing technical assistance and support to developing country Parties to promote and facilitate the process of and the preparation of the reports under the existing MRV arrangements and the transition to the ETF	Transparency	Tools/ handbooks / technical reports	CGE	
2023	Continue conducting regional training workshops and webinars aimed at enhancing technical capacities in developing country Parties, including on MRV, the ETF and its MPGs, institutional arrangements, compiling data and information for preparing NCs, BURs and BTRs, compiling and disseminating relevant lessons learned and best practices	Transparency	Training/ technical workshops	CGE	
2023-2026	Continue updating the CGE toolbox on institutional arrangements, to compile and show case lessons learned, best practices and case studies on institutional arrangements supporting implementation of the transparency arrangements	Transparency	Tools/ handbooks / technical reports	CGE	

<b>Time period</b>	<b>Activity</b>	<b>Topic<sup>7</sup></b>	<b>Type of activity<sup>8</sup></b>	<b>Organizer</b>	<b>Link/ref</b>
2023-2026	Continue collaboration and engagement with other expert groups and constituted bodies under the Convention and the Paris Agreement, as well as with other relevant multilateral programmes and organizations, in identifying and undertaking activities of common interest, while avoiding duplication of work	Transparency	Events/technical meetings/forums	CGE	
2023-2026	Participate, upon invitation, in meetings and events of other expert group or constituted bodies under the Convention and the Paris Agreement, and engage with key stakeholders, with a view to aligning efforts and promoting collaboration in supporting and facilitating the implementation of MRV and the ETF	Transparency	Events/technical meetings/forums	CGE	
2023-2026	Review and update the CGE communication and outreach plan annually and continue producing communication materials, briefing papers, visualization materials and infographics, with a view to summarize transparency related provisions and processes, and institutional arrangements, as well as to increase visibility of the role of CGE and raise awareness about the CGE	Transparency	Events/technical meetings/forums	CGE

Fiji Clearing House For Risk Transfer	UNFCCC repository of information on insurance and risk transfer, to facilitate the efforts of Parties to develop and implement Comprehensive Risk Management strategies.	Loss and Damage	Online resources	WIM ExCom	<a href="#">Link</a>
Loss and Damage knowledge products	Knowledge products to enhance understanding of Loss and Damage are being produced and accessible on the UNFCCC resources portal, such as technical papers, policy briefs, and compendium.	Loss and Damage	Tools/ handbooks / technical reports	WIM ExCom	<a href="#">Link</a>

## Annex 1 – Official and customary definitions of capacity-building

### Official definitions of capacity-building

Definition	Reference
Reaffirms that capacity-building for developing countries is essential to enable them to participate fully in, and to implement effectively their commitments under, the Convention	2/CP.7
Capacity-building under this Agreement should enhance the capacity and ability of developing country Parties, in particular countries with the least capacity, such as the least developed countries, and those that are particularly vulnerable to the adverse effects of climate change, such as small island developing States, to take effective climate change action, including, inter alia, to implement adaptation and mitigation actions, and should facilitate technology development, dissemination and deployment, access to climate finance, relevant aspects of education, training and public awareness, and the transparent, timely and accurate communication of information.	Article 11.1 of the Paris Agreement
<p>The annual compilation and synthesis report by the secretariat on ‘capacity-building work of bodies established under the Convention and its Kyoto Protocol’ provides a good overview of capacity-building-in-practice. Over time this report has developed five categories of capacity-building activities:</p> <ul style="list-style-type: none"> <li>• Events/technical meetings/forums</li> <li>• Training/ workshops</li> <li>• Tools/ handbooks</li> <li>• Web-based seminars/tools/ courses</li> <li>• Technical assistance/ support</li> </ul>	FCCC/SBI/2021/2/Add.1

Customary understanding of capacity-building in the context of the UNFCCC

Description	Reference
<p>The Capacity-building subdivision, on its website, outlines that capacity-building in the UNFCCC process encompasses activities at the level of individuals, institutions and systems, as captured in the figure below.</p>	<p><a href="https://unfccc.int/topics/capacity-building/the-big-picture/capacity-in-the-unfccc-process">https://unfccc.int/topics/capacity-building/the-big-picture/capacity-in-the-unfccc-process</a></p>
