Q2: How can I apply for a COP31 Visa?

Once your registration for COP31 has been approved by the UNFCCC, you will receive a Registration Confirmation E-mail allowing you to access your UNFCCC Acknowledgement Letter.

You will need to create an account using a valid email address and provide:

After completing registration, a confirmation link will be sent to your email address. Click the link to activate your account.

Once your account is activated:

- log in to your account;
- complete all required fields and click Continue;
- review and accept the terms and conditions;
- verify that all information is correct; and

Please refer to the application guideline for details.

Yes. Even if you are exempt from the visa requirement based on your nationality or travel document, you are still required to obtain a Visa Exemption Certificate through the Türkiye's e-Visa platform at <https://evisa.gov.tr/en/>.

Failure to obtain this document before travelling may result in delays or refusal of entry into Türkiye.

Q7: Do European Union Laissez-Passer (EULP) holders need to apply for a COP31 Visa?

Yes. Although the European Union Laissez-Passer (EULP) is a recognized valid travel document in Türkiye, holders of EULP are subject to visa requirement to travel to Türkiye.

Accordingly, EULP holders attending COP31 must apply for a COP31 Visa.

Q8: Do United Nations Laissez-Passer (UNLP) holders need to make any application in the context of COP31 visa arrangements?

Yes. Although UNLP holders are exempt from visa in their official visits to Türkiye, as part of COP31 arrangements all types of UNLP holders need to apply for "COP31 Visa Exemption Certificate" through Türkiye's e-Visa platform at <https://evisa.gov.tr/en/>.

All types of UNLP holders travelling to COP31 are required to carry a printed copy of the UNFCCC Acknowledgement Letter and "COP31 Visa Exemption Certificate" issued following approval of their application. Failure to present these documents upon arrival may result in refusal of entry into Türkiye.

Q9: I received an e-mail informing me that I must apply through a Turkish diplomatic mission. How do I apply for COP31 Visa?

In such cases, you must apply for a sticker visa through the nearest Turkish diplomatic mission by filling visa application form and making an appointment through www.konsolosluk.gov.tr.

The diplomatic mission may request additional documents or invite you for an interview before a decision is made.

For the list of Turkish Diplomatic Missions please visit <https://www.mfa.gov.tr/turkish-representations.en.mfa>

Q10: How do you protect the information that I share during my e-Visa application process?

The Republic of Türkiye does not disclose personal information provided through the e-Visa system for commercial purposes.

All information submitted during the application process, together with the issued COP31 Visa, is stored in secure information systems in accordance with the **Personal Data Protection Law of Türkiye (Law No. 6698)**.

The barcode on the COP31 Visa contains the applicant's information in encrypted and electronically signed form. Access to this information is restricted to institutions authorized by the Ministry of Foreign Affairs of the Republic of Türkiye.

Applicants are responsible for protecting both the electronic and printed copies of their COP31 Visa. The Ministry of Foreign Affairs cannot be held responsible for any misuse resulting from the applicant's failure to safeguard the document.

Q11: The information on my COP31 Visa does not match my travel document or I need to change some information on my COP31 Visa. Can I still enter Türkiye?

No. Your COP31 Visa will be invalid if the information it contains does not exactly match the information in your travel document.

You must contact the UNFCCC secretariat at visas@unfccc.int and reapply for a new COP31 Visa.

Q12: I need to stay in Türkiye longer than my COP31 Visa permits. What should I do?

As a general rule, the COP31 Visa cannot be extended and cannot be converted into a residence permit.

If you are required to remain in Türkiye beyond the validity of your COP31 Visa due to medical reasons or force majeure, you should immediately inform the UNFCCC Secretariat at visas@unfccc.int.

Exceeding your permitted period of stay may result in administrative fines, deportation, or a ban on future entry into Türkiye.

Q13: I have completed my application. When will I obtain my e-Visa?

Processing times may vary depending on the circumstances of the application. Participants are strongly encouraged to apply for the COP31 Visa promptly once their UNFCCC registration is confirmed.

No. A COP31 Visa is available only to participants whose attendance has been approved by the UNFCCC.

Accompanying persons who are not registered participants of COP31 Türkiye are not eligible for a COP31 Visa and must follow the standard Turkish visa application procedures, where applicable.
