RE: DRAFT PROVISIONAL AGENDA ITEM OF COP 27 & CMA 4

Dear Executive Secretary,

On behalf of the Group of 77 and China, I would like to propose that the following agenda sub-item be placed under the agenda item '**Matters relating to finance**' on the provisional agendas of both the Conference of the Parties ('COP') and COP serving as the Meeting of the Parties for the Paris Agreement ('CMA') in accordance with Rule 10(d) of the draft *Rules of Procedure of the Conference of the Parties and its Subsidiary Bodies for the United Nations Framework Convention on Climate Change*:

Sub-Item under Item X: 'Matters relating to finance':
'Matters relating to funding arrangements for addressing loss and damage'

The Group proposes that this agenda sub-item as a standing one in order to provide a decision-making space on this crucial issue. The space will allow us to discuss and conclude on solutions to address the longstanding gaps in the existing funding arrangements for addressing loss and damage.

Based on informal discussions at this SB meeting with all represented Parties of our Group, we propose that under this sub-item, the governing bodies would take decisions on:

- clarifying the status of funding arrangements to finance averting, minimizing and addressing of loss and damage at COP 27,
- the further elaboration of the design and operational modalities of the facility at COP27, and
- other matters relating to the operationalization of the facility.

Given the decision-making nature of the proposed sub-item, it is substantively and procedurally distinct from the Glasgow Dialogue. The discussions and conclusions under this sub-item are not contemplated under the Glasgow Dialogue. As such, both can proceed concurrently without redundancy. The Group is of the firm view that the Dialogue is a standalone one with no clear destination. This agenda sub-item seeks to address this shortfall.

Sincerely,

Ambassador Nabeel Munir
Chair of the G77 and China
