2021

Open call (Activity A.4)

To strengthen the evidence base and understanding of the differentiated impacts of climate change on men and women and the role of women as agents of change and on opportunities for women,

Parties, relevant organizations and the research community are invited to submit information on **dimensions and examples of the gender-differentiated impacts of climate change; the role of women as agents of change; and opportunities for women [in climate policy and action].**
