

GENDER MAINSTREAMING IN NDC IMPLEMENTATION IN ALBANIA

EQUAL OPPORTUNITIES FOR EVERYONE

GLORIA TOMORI

SUPERVISOR- ADMINISTRATIVE UNIT VELABISHT, BERAT

Unlike my peers, after my studies, I decided to stay in my hometown and work in a new field which was unknown to me at the time. During this experience I was emotionally fulfilled and faced with a completely different reality from what I expected ... working on the terrain of the rural areas, inhabited by hardworking people. Thank you for this opportunity

NIMET ÇELAJ

ADMINISTRATIVE UNIT POSTRRIBË, SHKODËR

I am very grateful to the German Government for the support that it has given me for the past two years, as I am the head of a 9 member family, who live solely on social benefit, at an unsuitable age for the labor market and in an area that offers few employment opportunities. Moreover, it is a pleasure to do good deeds for the community. Today, Ura e Mesit or the Prekal road are maintained thanks to our work.

EDONA HAJDARI

SUPERVISOR ADMINISTRATIVE UNIT SHKODËR CITY

The experience of working on the ground made me more appreciative of the nature and the environment that surrounds us. It is such a beautiful feeling, that inspires and makes you proud of the work done, as you go for a walk on the road of Lake Shkodra, listening to the comments made by satisfied citizens or watching them sitting on the lake shore, in a place they had not previously been able to because of the dense vegetation and untreated waste.

AZBI BRAUSHAJ

ADMINISTRATIVE UNIT LEVAN, FIER

As part of the Roma community, I am very pleased that this open to all opportunity was provided to me. I worked equally to my peers and the initiative has helped me a lot financially. All my life I have collected cans and thanks to this job, which was completely different to me, I was able to support my livelihood in a completely different way.
