GCF support for activities relevant to averting, minimizing and addressing loss and damage

7 June 2022

Juan Pablo Hoffmaister Multilateral Governance Manager

GCF SUPPORT

- In response to COP.25 guidance, (COP decision 12/CP.25 para 21), at B.25 the Board decided to continue providing financial resources in accordance with its existing investment, results framework and funding windows and structures (decision B.25/07).
- COP26 took note of the continued efforts of the Board to provide financial resources for activities relevant to
 averting, minimizing and addressing loss and damage in developing country Parties consistent with the existing
 investment, results framework and funding windows and structures of the GCF, including through the PPF and the
 RPSP (COP decision 6/CP.26 para 10).

| Readiness and Preparatory Support Programme | Enhancing climate change resilience of health systems in seven CARICOM States (Addressing the CC challenges on health and plan an integrated action to protect health and promote sustainable development) |
|---|--|
| Project Preparation Facility | Melanesia Coastal and Marine Ecosystem Resilience to Climate Change Programme (Conducting feasibility reports/studies for EbA planning and forecasting) |
| GCF Funded projects and programmes | FP157: Coastal Resilience to Climate Change in Cuba through Ecosystem Based Adaptation - "MI COSTA" (Positioning EBA into development strategies and actions for integrated coastal zone management; and, enabling flexible risk management solutions for coastal populations and reducing their flooding risks) |

GCF PORTFOLIO & WIM EXCOM

- FP147 (UNEP) "Enhancing Climate Information and Knowledge Services for resilience in 5 island countries of the Pacific Ocean"
- FPo66 Republic of Marshall Islands (World Bank)
 Pacific Resilience Project Phase II for RMI
- SAPoo1 Namibia (EFN) Improving rangeland and ecosystem management practices

Workstream A: slow-onset events

Workstream B: Non-economic losses

- FPo34 Uganda (UNDP): Building Resilient communities, wetland ecosystems and associated catchments
- FPo62 Paraguay (FAO) Poverty, Reforestation, Energy and Climate Change (PROEZA)
- FPo87 Guatemala (MARN) Building livelihood resilience to climate change

- FPo37 Samoa (UNDP) Integrated flood management to enhance climate resilience
- FPo53 Egypt (UNDP) Enhancing climate change adaptation in Egypt
- FP109 Timor-Leste (UNDP) Safeguarding rural communities and their physical assets from climate disasters

Activities not covered by the WIM

Workstream C: Comprehensive risk management

- FPoo2 Malawi (UNDP) Scaling up the use of modernized climate information and EWS
- **FPo12 Mali** (WorldBank): Africa Hydromet program strengthening climate resilience
- FP161 (AFD)"Building Regional Resilience through Strengthened Meteorological, Hydrological and Climate Services in the Indian Ocean Commission Member Countries"

Informal early assessment of GCF support in reference to WIM workstreams

IMPACT AREAS & INTEGRATED RESULTS MANAGEMENT FRAMEWORK

• The Integrated Results Management Framework was approved during the **29**th **Board Meeting** (GCF/B.29/12).

Reduced Emissions From:

Energy generation and access

Low- emission transport

Buildings, cities, industries and appliances

Forestry and land use

Increased Resilience of:

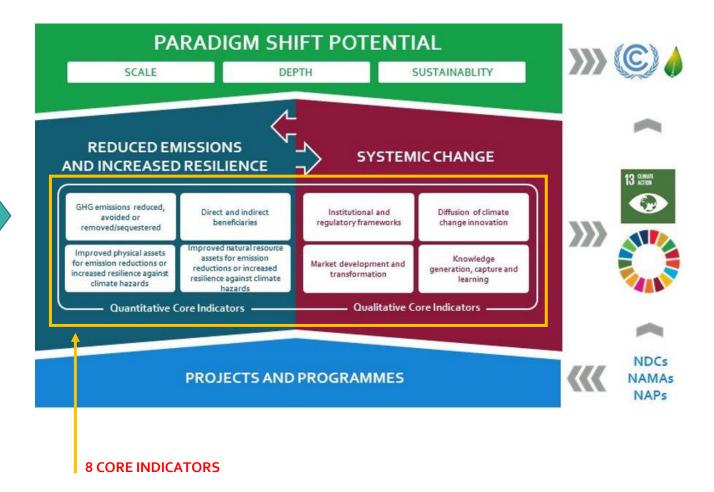

Health and well-being, and food and water security

Infrastructure and the built environment

Ecosystems and ecosystem services

IRMF INDICATORS RELEVANT TO ADDRESSING LOSS AND DAMAGE

 The Integrated Result Management Framework strengthens the Fund's ability to monitor and report on progress in relation to addressing Loss and Damage issues by deploying supplementary indicators concerning, e.g.:

| Loss of life | Change in expected losses of lives due to the impact of extreme climate-related disasters in the geographic area of the GCF intervention |
|-------------------------|--|
| Loss of economic assets | Change in expected losses of economic assets due to the impact of extreme climate-related disasters in the geographic area of the GCF intervention |
