

UNITED NATIONS UNIVERSITY | GREENOVATIONS PROJECT

GREENOVATIONS COLLABORATION FORUM

Dear Greenovations Project Consortium Partner

We are pleased to invite you to the Greenovations Collaborations Forum, taking place from 23 to 25 September 2024 in Kampala, Uganda. The Collaboration Forum will showcase the key outcomes of the Greenovations project and explore collaboration possibilities to address existing silos of engagement and challenges facing innovators, entrepreneurship support organizations, and key enablers of the ecosystem. In bringing together funders, investors, research centers, tech hubs, universities, policymakers, youth and women green innovators, entrepreneurs, and stakeholders within the green sector, the Collaboration Forum aims to jointly map an actionable way forward to strengthen the green entrepreneurial ecosystem and shape the trajectory of the continent's green transformation.

You will receive a logistics brief shortly, but we wanted to share the program agenda in the meantime.

Looking forward to seeing you at the Collaboration Forum event.

Best Regards

Greenovations Teams
