Global Climate Action High-Level Event (closing): Uniting on the Pathway to 2030 and Beyond

CONCEPT

Date & Time: Monday, 11 December 2023 | 16:30 – 18:00 Gulf Standard Time (GMT +4)

Venue: Plenary 2 - Al Ghafat, Expo City, Dubai

The Global Climate Action (GCA) High-Level Event (closing) will be an opportunity to reflect on our global standing in alignment with the Paris Agreement and will mark the conclusion of the Climate Action thematic days at COP 28, where we have witnessed the global community come together to drive scalable and tangible climate solutions that foster innovation, inspire action, and accelerate implementation to keep 1.5 degrees within reach. This event unites a diverse range of stakeholders, who weigh in on the importance of making this a turning point for our planet, where promises become concrete actions, and we move forward on a pathway to a more sustainable, inclusive, resilient, and low-carbon future.
