

Informal note by the co-facilitators

Note: This informal note has been prepared by the co-facilitators on this matter under their own responsibility. The elements presented in separate informal notes on three topics are based on inputs submitted by Parties and further discussion among Parties during the first sessional period of the Subsidiary Body for Implementation and the Subsidiary Body for Scientific and Technological Advice in 2021. The elements are not exhaustive, have no formal status and should not be considered as final in any way. They are intended to assist Parties in advancing discussions on this matter and do not prejudge further work or prevent Parties from expressing their views at any time.

1. The informal consultations on agenda item 8 of the Subsidiary Body for Implementation (SBI) and agenda item 8 of the Subsidiary Body for Scientific and Technological Advance (SBSTA), “Koronivia joint work on agriculture”, were held during the first sessional period of the SBI and the SBSTA from 31 May to 17 June 2021 and co-facilitated by Philip Blackwell (Ireland) and Milagros Sandoval (Peru).

2. Parties considered the reports of the three workshops on improved nutrient use and manure management towards sustainable and resilient agricultural systems;¹ improved livestock management systems, including agropastoral production systems and others;² and socioeconomic and food security dimensions of climate change in the agricultural sector.³

3. The possible elements presented in the three informal notes⁴ on these workshops held on topics from the Koronivia road map⁵ have been prepared by the co-facilitators under their own responsibility. The elements are not exhaustive, have no formal status and should not be considered as final in any way. They are offered to assist Parties in advancing discussions on this matter and do not prejudge further work or prevent Parties from expressing their views at any time.
