

Implementation monitor for the fourth rolling plan of action of the task force on displacement for October 2025–October 2027

<i>Desired impact</i>	<i>Type A deliverable(s)^a</i>	<i>Further description of the deliverables</i>	<i>Lead(s)</i>	<i>Contributor(s) or partner(s)</i>	<i>Time frame</i>	<i>Notes</i>	<i>Status as of 7 September 2026</i>
Enhanced knowledge and understanding of loss and damage associated with human mobility, including migration, displacement and planned relocation	‘How to’ series of knowledge products targeted to policymakers and Government officials, including those involved in preparing instruments under the UNFCCC process	1.1. Knowledge product that assists interested developing countries in including human mobility considerations in national policies, plans and strategies, including through relevant instruments available under the UNFCCC process, and provides guidance on developing projects or programmes aimed at averting, minimizing and addressing loss and damage related to human mobility arising from climate change	ILO, IOM and UNDP	UNHCR	2025–2027	The envisioned deliverables are intended to complement relevant existing and planned knowledge products and ongoing work, and to compile relevant experience with a view to sharing lessons learned and promoting information exchange among countries	UNDP consulted the TFD champions on the approaches/concept for the envisioned type A output to align expectations from the outset. Based on the feedback received, UNDP is developing the draft outlines for ExCom’s endorsement. During TFD 14 on 30 June 2026, IOM indicated availability of its dedicated capacity to this work from mid-September, and its intention to start discussing with UNDP on approach for delivering this product
		1.2. Knowledge products that will consolidate existing knowledge, namely: (a) A review of available tools and methodologies for assessing the economic and non-economic loss and damage associated with human mobility;	IOM and UNHCR	IOM, ILO and Internal Displacement Monitoring Centre	2025–2027	Possible collaboration with the TEG-CRM	Work will commence from mid-September with the aim to have a final draft by the next ExCom meeting in 2027.

<i>Desired impact</i>	<i>Type A deliverable(s) ^a</i>	<i>Further description of the deliverables</i>	<i>Lead(s)</i>	<i>Contributor(s) or partner(s)</i>	<i>Time frame</i>	<i>Notes</i>	<i>Status as of 7 September 2026</i>
		(b) A compilation and analysis of relevant displacement data sources.					
		1.3. Knowledge product that assists interested countries in setting up national coordination arrangements or mechanisms for promoting integrated approaches to human mobility and loss and damage, based on existing practices	Platform on Disaster Displacement		2026	Linked with 1.4 below	<i>No updates</i>
		1.4. Knowledge product that describes approaches to enabling the meaningful participation of migrants, displaced persons (internal and cross border), refugees and youth in national policy processes on climate change	Refugee International and UNHCR	ILO and IOM	2025–2027	Linked with 1.3 above	<i>No updates</i>
		1.5. Knowledge product that takes stock of the extent to which human mobility considerations have been integrated into	ILO, IOM, UNDP and UNHCR	Refugee International	2025–2027	Possible joint activity for NAP Expo 2026	UNDP consulted the TFD champions on the approaches and concept for this output to align expectations from the outset. Based on the feedback received,

<i>Desired impact</i>	<i>Type A deliverable(s) ^a</i>	<i>Further description of the deliverables</i>	<i>Lead(s)</i>	<i>Contributor(s) or partner(s)</i>	<i>Time frame</i>	<i>Notes</i>	<i>Status as of 7 September 2026</i>
		NAPs and nationally determined contributions					UNDP is developing the draft outline for ExCom's endorsement. During TFD 14 (30 June 2026), IOM indicated their plans to begin work on this knowledge product in September 2026, consulting with the other co-leads to determine the way forward.
	Technical guide	2.1. Technical guide on averting, minimizing and addressing non-economic losses in the context of human mobility	ILO, IOM and UNHCR	Expert group on non-economic losses	2025–2026	Carry-over activity 4 from the third rolling plan of action.	Teaser published for COP 28. The outline endorsed in March 2024. A survey administered by the co-leads to inform the content of the guide in 2024. A hybrid stakeholder consultation with ExCom's five expert groups held on 9 September 2024 by the co-leads in the margins of the 2nd annual meeting of all expert groups. Co-leads revised, on 27 Feb 2026, the timeframe for finalization, with a view to complete it by COP 31. A consultation meeting held in the margins of SB64 to gather inputs and insights, to be incorporated in the next iteration of the draft guide. The draft guide was shared with the ExCom on 21 July 2026 for review, with a deadline of 10 August 2026. ExCom's feedback was shared with the co-leads on 11 August 2026. The final draft was shared with the ExCom on 25 August 2026 for endorsement at ExCom 25.

<i>Desired impact</i>	<i>Type A deliverable(s)^a</i>	<i>Further description of the deliverables</i>	<i>Lead(s)</i>	<i>Contributor(s) or partner(s)</i>	<i>Time frame</i>	<i>Notes</i>	<i>Status as of 7 September 2026</i>
Enhanced accessibility of the TFD technical guides	‘Bite sized’ communication materials (text-based and no more than two pages) and multimedia materials (such as slide decks, infographics and video clips) targeted to the envisioned users of the technical guides	3.1. A set of ‘explainers’ ^b providing information on the practical use of the TFD technical guides	Co-leads of the TFD technical guides	Representatives of civil society organizations	2025-2026		<i>Not started</i>
		3.2. Technical guide on integrating human mobility into NAPs					<i>Not started</i>
		3.3. Technical guide on accessing finance for averting, minimizing and addressing displacement				A short video clip being prepared, using the text in the ‘Abstract’ of the technical guide available on the UNFCCC website.	
		3.4. Technical guide on non-economic losses in the context of human mobility					<i>Not started</i>
Enhanced uptake and application of	Dissemination, outreach, awareness raising and	4.1. Webinars 4.2. Online training materials and courses (virtual or in person) on	4.1–4.4: Leads or co-leads of the respective	Santiago network, International Training	Rolling basis, following the	These activities are linked to the dissemination and outreach activities in	PDD reported at TFD 14 (30 June 2026) that they have been using the technical guide on accessing finance for a.m.a the impacts of displacement

<i>Desired impact</i>	<i>Type A deliverable(s)^a</i>	<i>Further description of the deliverables</i>	<i>Lead(s)</i>	<i>Contributor(s) or partner(s)</i>	<i>Time frame</i>	<i>Notes</i>	<i>Status as of 7 September 2026</i>
existing resources on human mobility under the WIM, and knowledge products that are tailored to specific national and local contexts and user groups	capacity building activities targeted to specific audiences (audience to be determined for each activity)	the technical guides by the TFD for policymakers at the national level 4.3. In-person events, sessions or hands-on workshops, including on the margins of relevant international, regional or national events 4.4. Identification of priority products to be translated into the official United Nations languages with a view to ensuring their dissemination to a broad audience	knowledge products under 1 and 2 above	Centre of the ILO (to be confirmed) and representatives of civil society organizations	finalization of deliverables under 1 and 2 above	the second five-year rolling workplan of the WIM Executive Committee	(Activity 5 of PoA 3) to raise awareness among multilateral development banks of the financing gap related human mobility, particularly in relation to planned relocation.
		4.5. Briefing on displacement-related data for members of the WIM Executive Committee and the Advisory Board of the Santiago network and a public webinar to disseminate the relevant findings on displacement more broadly	IDMC, IOM, PDD and UNHCR				PDD and IDMC have started initial discussions on collecting displacement-related data, with the aim of the briefing being carried out in 2027.
Placeholder for further deliverables pending the Executive Committee's guidance following future decisions by the governing body or bodies of the WIM							

^a Type A deliverables are knowledge products that will be published with WIM Executive Committee branding and a consistent editorial style and design.

^b The nature of 'explainers' is to be further clarified during the preparatory phase of the product development.
