## Information Note on the Process to Appoint the Representatives of the Facilitative Working Group of the Local Communities and Indigenous Peoples Platform

This information note serves to inform relevant Parties and Indigenous Peoples organizations (IPOs) about the appointment process of the next cohort of the Facilitative Working Group (FWG) of the Local Communities and Indigenous Peoples Platform (<u>LCIPP</u>) under the United Nations Framework Convention on Climate Change (UNFCCC).

## The Facilitative Working Group (FWG) of the LCIPP

The FWG was established in 2018 under COP Decision 2/CP.24, to further operationalize the LCIPP and facilitate the implementation of the Platform's functions.

The FWG is a unique body under the UNFCCC process, demonstrated amongst other things by the fact that it is the only constituted body co-chaired by a representative from the Parties and one from the Indigenous Peoples organizations (IPOs), and comprising of equal number of Party and IPO representatives. It operates based on consensus.

To enhance the engagement of Indigenous Peoples and local communities in the UNFCCC process, the FWG serves as an effective gateway to advance the meaningful participation and contribution of Indigenous Peoples and local communities to take on leadership roles in thematic expert groups, advisory groups and working groups under the UNFCCC process, including various expert and advisory groups in other constituted bodies.
