II. Additional session

a) Decision by the COP23 President

After careful consideration, the President, having consulted the Bureau and the Co-Chairs of the Ad Hoc Working Group on the Paris Agreement, has determined that an additional negotiating session for all three subsidiary bodies is needed between the SBs 48 and COP 24, to facilitate the timely completion of the work programme under the Paris Agreement at COP 24.

b) Dates of the additional session¹

The session will take place from Tuesday, 4 September to Sunday, 9 September, with 3 pre-session days (Friday, 31 August – Sunday, 2 September), at the United Nations Conference Centre in Bangkok, Thailand.

The APA round table on substantive linkages will be held on Monday, 3 September 2018.

c) Scope

The President provided guidance to the secretariat for the additional session to be organized as a resumed session of the subsidiary bodies to continue work on PAWP agenda items only. To that end, for the SBI and the SBSTA, the additional session will be part 2 of the forty-eighth session (SB 48.2) and, for the APA, it will be the usual resumed session, i.e. APA 1.6.

As a resumed session, the respective agendas of each subsidiary body remain as adopted at this session. An annex to this note lists the matters relating to the work of the subsidiary bodies under the PAWP, in accordance with annex I to decision 1/CP.23, and their corresponding agenda items.

d) Further guidance provided by the COP23 President

The COP23 President encouraged the Presiding Officers to organize the work at the session in a manner that facilitates advancing the PAWP at the speed and in the manner needed for the successful conclusion

¹ The dates originally announced for the additional session were amended as per the current Revised Information Note in order to accommodate the decision by the APA to conduct a one-day round table open to Parties only, in the pre-session period before the opening of the APA, with a focus on substantive linkages (see document FCCC/APA/2018/L.2, paragraph 10).

of work in Katowice, including taking into account views expressed by Parties in the joint stocktaking meeting which was held on Saturday 5 May and other consultations by the Presiding Officers and the Fijian and Polish Presidencies.

The COP23 President also encouraged the Presiding Officers to consider how to facilitate addressing linkages with and across Bodies, including through a joint reflections note or any other approach as deemed appropriate.

e) Initial approach to the organization of the session

In order to ensure a cost-effective organization of the additional session, the initial approach to the organization of the session will consider, inter alia:

- Annotated agendas and, as needed, Scenario and/or Reflections Notes by the Presiding Officers to be issued;
- Substantive work within the scope defined above to continue through contact groups and informal consultations as per arrangements during the April/May session;
- The chairing/facilitation arrangements to remain as agreed at the April/May session, to the extent possible;
- Draft conclusions (L-documents) to be prepared in English only for consideration and adoption by the respective bodies at the closing plenary, noting that those conclusions would be included as part of the official reports of respective bodies on the session, which would be translated in all UN languages, as per standard practice;
- Interpretation in all UN languages to be provided for formal plenary meetings of the APA, SBSTA and SBI, including joint plenaries;
- Other meetings, such as informal plenaries and stocktaking meetings will be conducted in English only;
- Alternative arrangements to statements in plenaries, such as posting of statements on the UNFCCC website, will be encouraged;
- Webcast to be provided for all plenary meetings, to ensure transparency and inclusiveness;
- Modalities for observer participation to be maintained as at a regular session taking into account the capacity of the premises, and, to respond to the need for cost-effectiveness, no side events to be organized.
