

# Information Session on Gender and Climate Change at SB63

**STARTING  
SOON**

**21<sup>st</sup> May 2024 – 14:00 CEST**

United Nations  
Climate Change

# Information Session on Gender and Climate Change at SB60

21<sup>st</sup> May 2024 – 14:00 CEST

United Nations  
Climate Change

# Remember!

**Language of the meeting: English. Interpretation is available in French and Spanish**

**This session is livestreamed, will be recorded and made available through the [Gender Newsletter](#) and on our [website](#)**

**Please use the Q&A function to ask questions and provide information during the session**

# Agenda – Information Session Gender at SB60

Times are approximate

1-2 min	<b>Welcome remarks and agenda</b>	Gender Team – Wiebke Bender/ Fleur Newman
15 min	<b>UNFCCC process</b>	Monica Gavriluta – Intergovernmental Support and Collective Progress UNFCCC
20 min	<b>Gender and Climate change at SB60:</b> <ul style="list-style-type: none"> <li>• Review of the LWPG and its GAP</li> <li>• SB 60 plan: workshop, NGCCFP networking, IC schedule</li> <li>• Updates UNFCCC: E.g., Updated how to COP handbook</li> <li>• Synthesis report</li> <li>• Introduction to submissions</li> </ul>	Fleur Newman, Wiebke Bender, Gabriela Balvedi Pimentel – Gender Team UNFCCC
30 min	<b>Gender Beyond the Review:</b> <ul style="list-style-type: none"> <li>➤ IPCC</li> <li>➤ UAE – Belém work programme</li> <li>➤ ETF/BTRs</li> <li>➤ NDC 3.0 process</li> <li>➤ NCQGCF</li> <li>➤ JTWP</li> </ul>	Tugba Icmeli (ETF/BTRs), Saudamini Bagai (NDC 3.0 process), Stuart Best (UAE-Belém work programme), Samah Van Lengerich (NCQGCF), Vintura Silva (JTWP)  Diana Urge-Vorsatz, Vice Chair in the Intergovernmental Panel on Climate Change (IPCC)
15 min	<b>Women and Gender Constituency Priorities for SB60</b>	Mwanahamisi Singano – Senior Policy lead, WEDO and WGC focal point
30 min	<b>Q&amp;A and closing remarks</b>	Fleur Newman – Gender Team UNFCCC

# UNFCCC Process - ISCP

**United Nations**  
Climate Change

# INTRODUCTION TO THE UNFCCC PROCESS

# The conferences

- **Intergovernmental negotiations** are the core of our process, which means bringing **Parties** to agree on the way forward on all matters considered under the governing and subsidiary bodies.
- **The subsidiary bodies (SBSTA/SBI)** meet twice a year while the **governing bodies (COP/CMP/CMA)** meet once a year.
- The SBSTA/SBI develop own conclusions and also recommendations for consideration and adoption by the COP/CMP/CMA, which become decisions by the relevant governing body.

## SB 60

3 - 13 June 2024

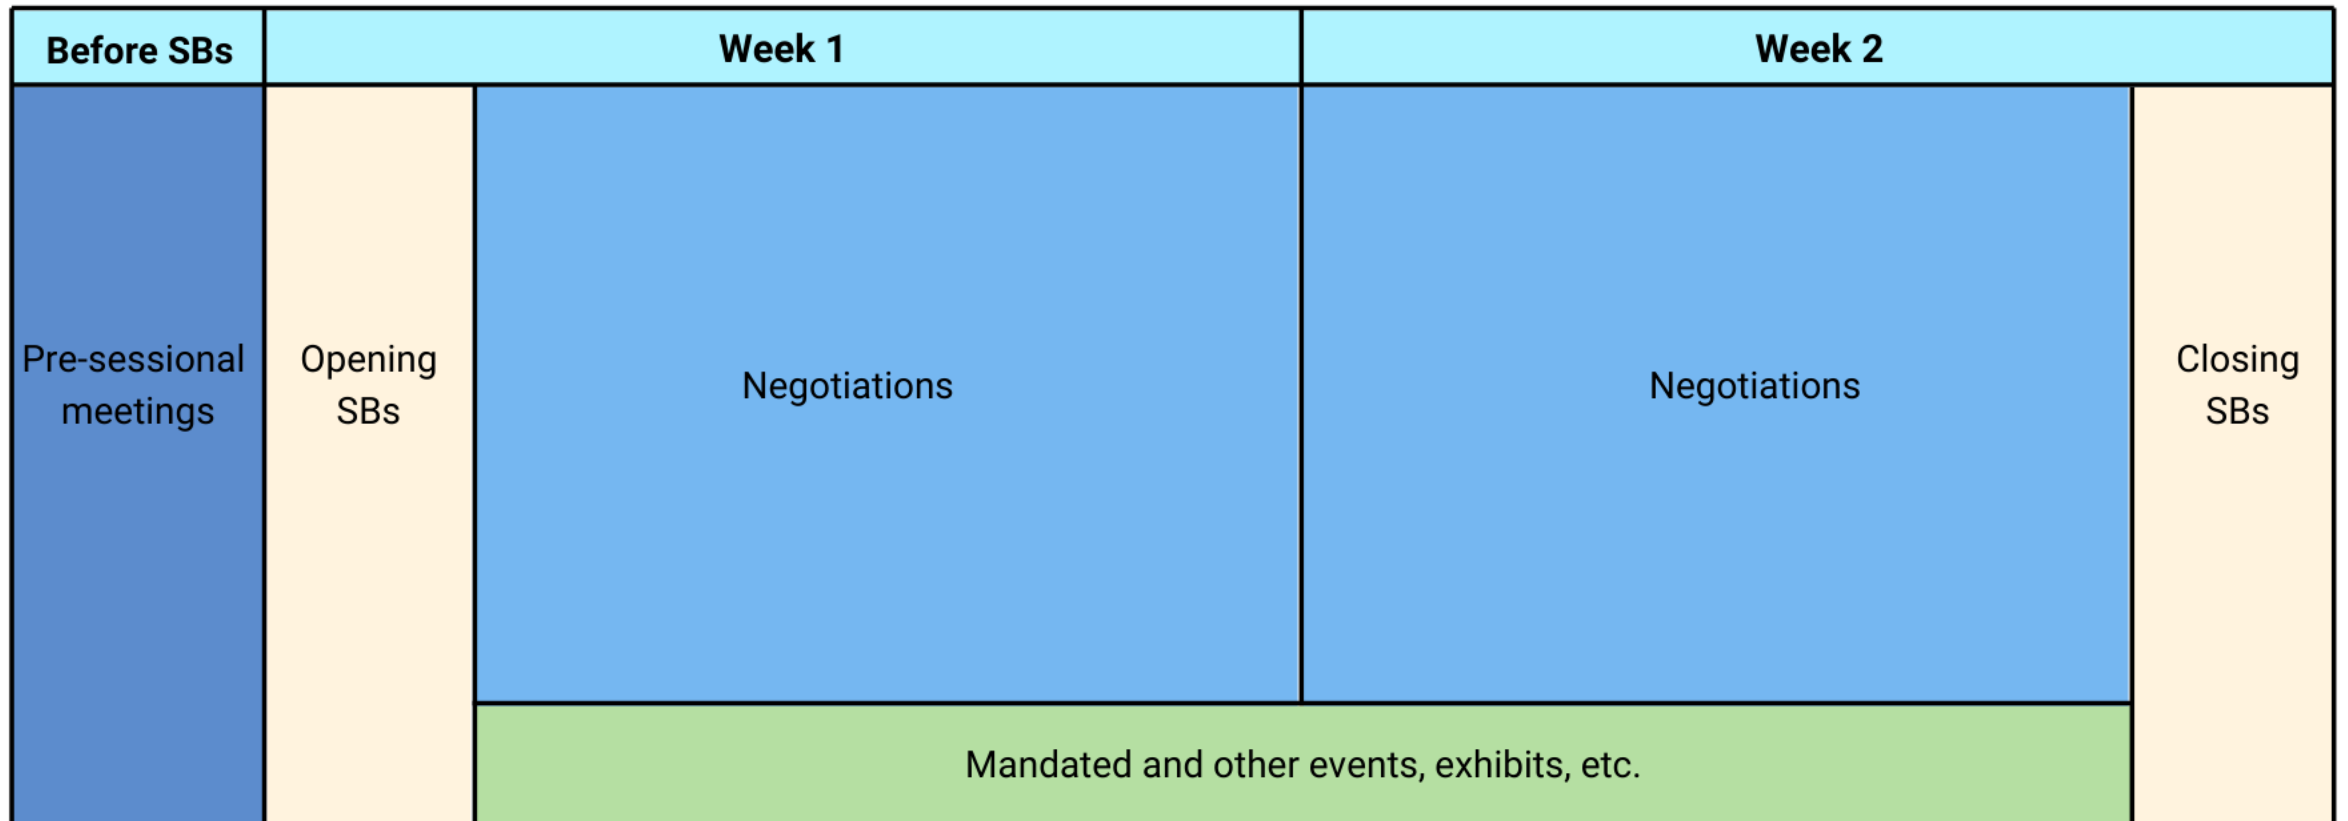

## COP 29

11 - 22 November 2024

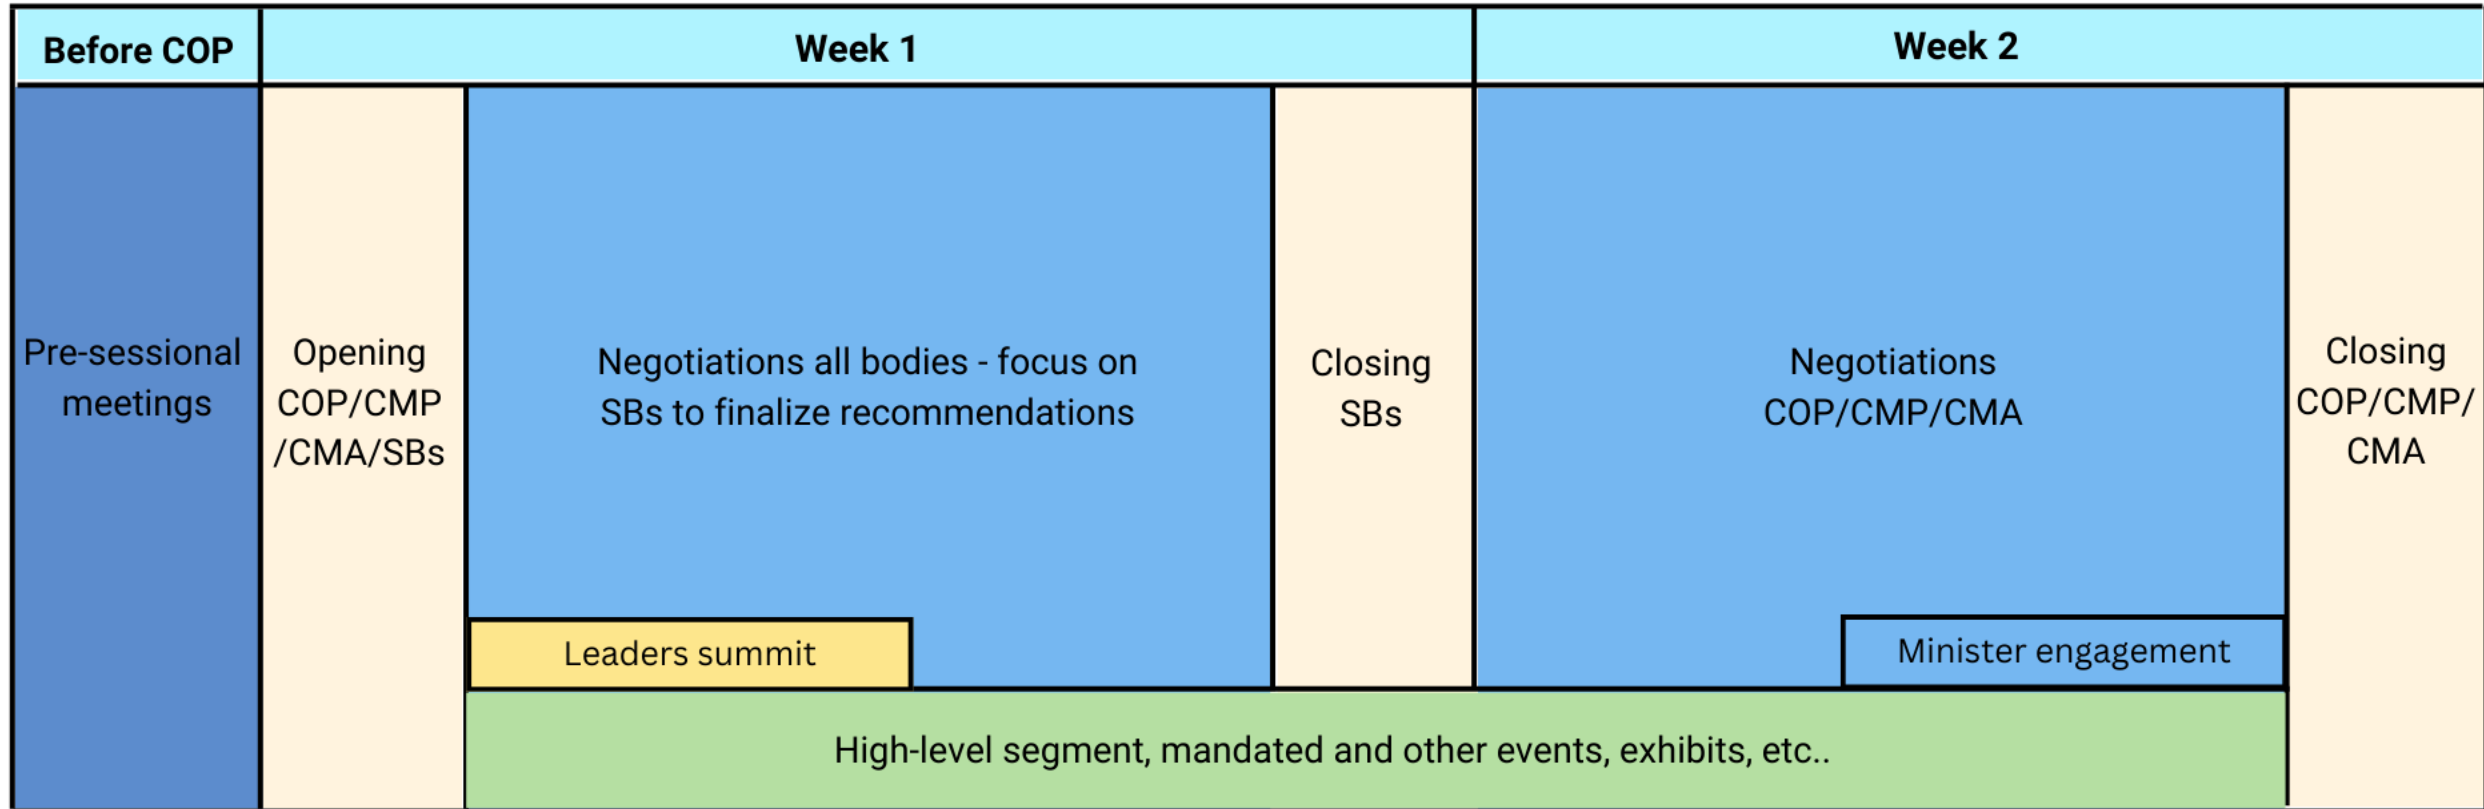

# Typical SB at its first sessional period

# Typical COP - second sessional period

# Negotiating meetings: from drafting texts to adopting conclusions/recommendations/decisions

## Plenaries

**Opening:** adopt agenda, organize work under each item, hear statements.

**Closing:** adopt conclusions and decisions, hear statements.

## Contact groups/informal consultations

- 3-6 meetings for each considered item of 60 minutes each (timeframe: 10-13 and/or 15-18).
- Co-chaired/co-facilitated by a pair of delegates (Annex I/non-Annex I Parties).
- Gender balance is strongly recommended.
- Parties express their views, CC/CF capture them in a first draft text.
- Parties work on text, paragraph by paragraph, until consensus is being reached.
- Final agreed text reflected in an “L” in-session document that will be presented for adoption at the closing plenary meeting.
- If the consideration of an item cannot be completed, the item is included in the provisional agenda of the relevant next session (when rule 16 is applied, the item is included in the agenda of next session).

Draft Rules of  
Procedure (scan QR)

# To Consensus or not to Consensus

- No voting in the UNFCCC process unless very specific exceptions (e.g. ruling of President on point of order).
- Need to reach **consensus** = **no formal objection** (but not everybody needs to agree - consensus ≠ unanimity).
- **Question of fact:** Presiding Officer to look at the room to see whether there is an expression of disagreement.
- **Question of law:** is that expression of disagreement simply a statement of position, an interpretation, a reservation, or really an objection preventing consensus?

# Negotiating meetings – from blockage to consensus (1)

## **Informal Party consultations (inf inf)**

- Parties-only, no CC/CF, aim for Parties to find solutions and advance the drafting (not necessarily during negotiating hours).
- Work of inf inf brought back to the CG/Informal consultations.

## **Bilateral meetings of the Chair/President**

- Chair/President convenes meetings with Parties/groups bilaterally to understand divergences and identify possible landing zones.
- Chair/President reports back to the wider negotiating group/circulates proposals.

# Negotiating meetings – from blockage to consensus (2)

## Friends of the Chair/President

- A group of Parties identified by the Chair/President to promote consensus amongst all Parties.
- Mostly work in the corridors, bilaterally, and report back to the Chair/President on progress.

## HOD consultations

- Chair/President convene heads of delegations to a closed meeting to understand divergences and propose way forward.

## Procedural conclusions

- Parties agree to continue at next session [on the basis of an informal text].
- Rule 16, no agreement, the item will be included in the agenda of the next session.

[Gender and Climate Change – In-session events – June 2024 | UNFCCC](#)

Review of the ELWPG and its GAP:  
[Review of the enhanced Lima work programme on gender and its GAP | UNFCCC](#)

# Background of the submissions process

At COP 28, Parties agreed:

- **Initiate the review** of the implementation of the enhanced LWPG and its GAP in **June 2024** → **identifying progress, challenges, gaps and priorities in the implementation**, categorized by deliverable or output for each activity under the gender action plan, **and on future work to be undertaken** on gender and climate change
- Submit their inputs through the submission portal by 31 March 2024.

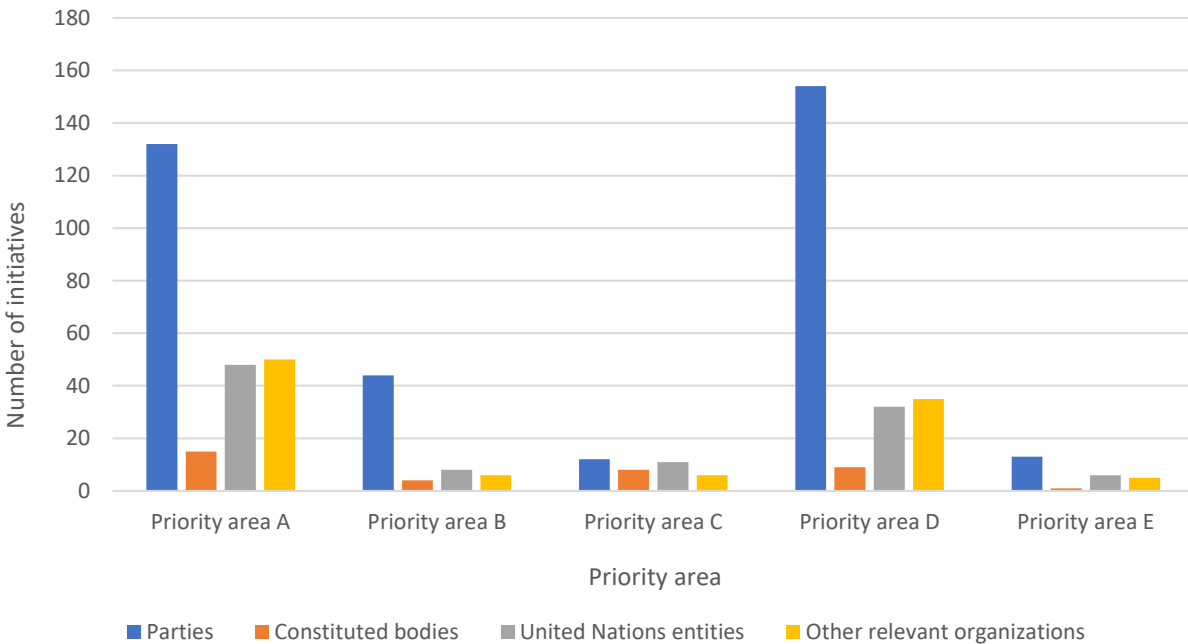

# Overview of submissions received

## To date, we have received 49 submissions

- 25 Parties or Party groupings
  - Party groupings: AILAC, AGN, EU and LDCs
- 5 United Nations entities
  - FAO, ILO, UN Women, UNDP and UNFPA
- 4 UNFCCC constituted bodies
  - AC, CGE, LEG and WIM ExCom
- 15 other relevant organizations
  - Including Women and Gender Constituency and YOUNGO

# Snapshot initiatives reported per GAP Priority area

**Total initiatives reported: 596**

Note: due to editorial timelines, it was not possible to include in the analysis submissions received after 26 April 2024.

# Initial insights from submissions

## PROGRESS

Important role of the enhanced LWPG and its GAP

### NGCCFPs

Monitoring participation of women

Integration of gender in national climate change policies, plans, strategies and action

## CHALLENGES/GAPS

Limited technical & financial resources

Need for better gender and environment data

Need to improve coherence

Need to further integrate intersectional perspective

## FUTURE WORK

Proposals to improve existing activities

Proposals of new activities

Proposals on the structure of the work programme and GAP (e.g. timeframe)

# Structure of the synthesis report

**United Nations**  
Climate Change

# Gender beyond the review

**United Nations**  
Climate Change

# Intergovernmental Panel on Climate Change (IPCC)

**United Nations**  
Climate Change

# The IPCC and Gender

**Diana Ürge-Vorsatz**

**IPCC Vice-Chair and Chair of the IPCC Gender Action Team**

**Professor, Central European University, Vienna**

# IPCC's Mandate

IPCC's **role** is to...

to **assess** on a comprehensive, objective, open and transparent basis the **scientific, technical and socio-economic information** relevant to understanding the scientific basis of risk of human-induced climate change, its potential impacts and options for adaptation and mitigation.

# Gender in the IPCC

- **Gender in the Sixth Assessment Report**
- **The Gender Action Team**

# Gender in the Sixth Assessment Report

Selected gender related key findings:

- Disproportionate risks and impacts of climate change on women (e.g SR15 Chapters 1, 3, WGII AR6 chapter 18 - Cross Chapter Paper on Gender )
- Role in transitioning to low carbon futures and climate-resilient development (SR15 Chapter 4, WGII AR6 chapter 18 - Cross Chapter on Gender, WGIII AR6)
- Women can be negatively affected by gender-insensitive climate policies (WGII AR6 chapter 18 - Cross Chapter on Gender WGIII AR6 chapters 4, 5 and 17)
- When constructing regional climate information, gender knowledge can be an important factor (WGI AR6 Chapter 10 )
- Working Group III AR6 (incl. Chapters 4, 5 and 17)
  - Investment in clean energy - Expanding access to clean energy will help alleviate the burden in women and children
  - Empowerment and inclusion – expand policies to increase the political access and participation of women, racialized and marginalized groups
  - Gender-responsive finance – Gender responsive and women finance programmes as well as enhanced access to finance

# Gender Action Team – Sixth assessment cycle

## Background

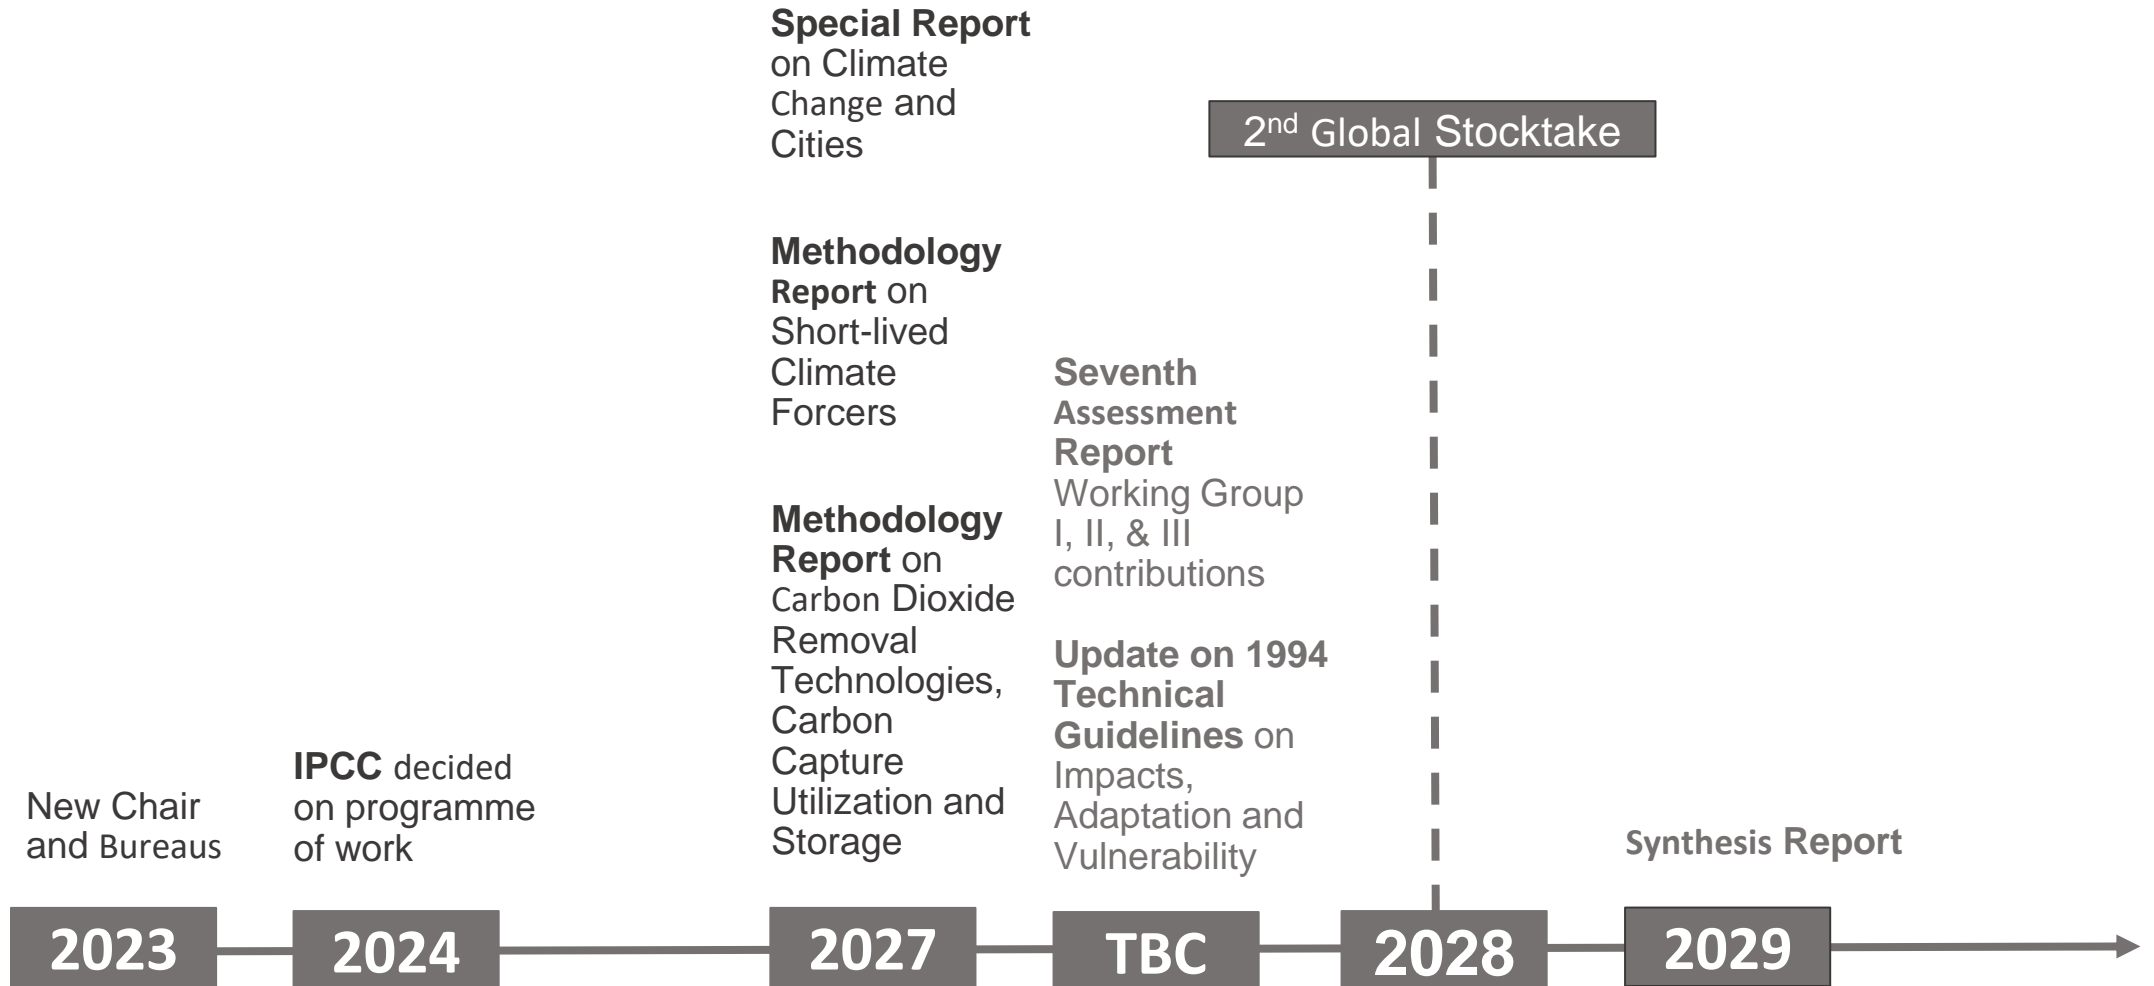

- IPCC 49 - Task Group on Gender to work on the Gender Policy and Implementation Plan
- IPCC 52 - Panel adopts the IPCC Gender Policy and Implementation Plan
- The IPCC Gender Policy Goals:
  - Enhancing Gender Equality in IPCC processes
  - Creating a gender-inclusive environment
  - Training and guidance on gender and gender-related issues

# Gender Action Team – Sixth assessment cycle

- **Scope of work**
  - Commissioned a Diversity, Equity, and Inclusion survey to capture the lessons from the sixth assessment cycle.
  - Code of Conduct
    - AR6 GAT adapted the UN model Code of Conduct to IPCC context.
    - Panel to establish a Conduct Committee for conduct complaint review

# Seventh Assessment Cycle | Timeline

# The Gender Action Team - Seventh assessment cycle

- Complete the Process of dealing with complaints
- Training :
  - Inclusivity
  - Sexual Harassment
  - UN Ethics
- Expert Meeting on Gender, Diversity, and Inclusivity
  - October 2024 (TBC)

21 May 2024*

**#Together4Transparency**

A decorative horizontal bar consisting of several colored segments: teal, yellow, orange, light blue, purple, green, and red.

# The ETF constitutes an integral part of the Paris Agreement ambition cycle and informs GST about the progress towards PA goals

# ETF timeline

**Developed country Parties**

- Final biennial reports (BRs) by no later than 31 December 2022
- ETF replaces BRs and IAR

**Developing country Parties**

- Final biennial update reports (BURs) by no later than 31 December 2024
- ETF replaces BURs and ICA

**All Parties**

- **First biennial transparency reports (BTRs) by, at the latest, 31/12/2024 (SIDS and LDCs have discretion)**
- TER (to be initiated immediately following the submission)
- FMCP (ASAP following the publication of the TER report)

• Flexibility to those developing country Parties that need it in the light of their capacities

• Facilitating improved reporting and transparency over time

Technical analysis of REDD-plus activities for result-based incentives

**Developed country Parties**

- Annual GHG inventories
- National communications\*

**Developing country Parties**

- National communications\*

## Existing MRV arrangements

## Enhanced transparency framework

\*Note: Parties may submit their NC and BTR as a single report  
 TER: technical expert review; FMCP: Facilitative, multilateral consideration of progress

United Nations Climate Change

Home SB 60 Process and meetings Topics Calendar

Process and meetings > Transparency and Reporting > Reporting and review > Reporting and review under the Paris Agree... > Biennial Transparency Reports

## First Biennial Transparency Reports.

Parties to the Paris Agreement shall submit their first [Biennial Transparency Report \(BTR\)](#) and National Inventory Report (NIR), if submitted as a stand-alone report, in accordance with the modalities, procedures and guidelines (MPGs), at the latest by 31 December 2024. The least developed country Parties (LDCs) and small island developing States (SIDS) may submit the information referred to in Article 13, paragraphs 7, 8, 9 and 10, of the Paris Agreement at their discretion. Once submitted, the BTR will undergo a technical expert review process. A facilitative, multilateral consideration of progress will also be conducted for each Party.

### Reporting, review and multilateral consideration

The table below includes Party submissions of First Biennial Transparency Reports (BTR1) and National Inventory Reports (NIR), if submitted as a stand-alone report; and other annexes to the BTR. The NIR consists of a National Inventory Document (NID) and the Common Reporting Tables (CRT). Technical expert review reports and summary reports of FMCP sessions are also published as they become available.

Party	Date of original submission	First Biennial Transparency Report (BTR1) and National Inventory Report (NIR), if submitted as a stand-alone report	Date of original submission (Annexes)	Annexes	Technical Expert Review Report (TERR)	FMCP summary report
Afghanistan						
Albania						
Algeria						
Andorra	BTR 26 Oct 2023	BTR1 26 Oct 2023				
Angola						
Antigua and Barbuda						
Argentina						
Armenia

BTRs by all developed country Parties (41)  
+ BTRs by developing country Parties\*

\* Reference: GEF projects database, as of 16 May 2024  
(<https://www.thegef.org/projects-operations/database>)

# Gender in the BTRs: Example entry points...

- Gender responsive planning and implementation is an important part of the climate policy and transparency processes.
- In NDCs, 79% of Parties provided information related to gender.
- Reporting on their progress, Parties can provide relevant information within various sections of the BTRs:
  - How domestic institutional arrangements, coordination mechanisms, public participation and stakeholder engagement are gender responsive / gender sensitive
  - How gender responsiveness is considered in designing and implementing climate strategies, policies and actions
  - How gender perspectives are integrated into support initiatives and capacity building
  - What are the good practices and lessons learned
  - ....

United Nations  
Climate Change

# Thank you.

# NDC 3.0 Process

**United Nations**  
Climate Change

# GST Guidance on NDCs

- Encourages Parties to come forward in their next NDCs with **ambitious, economy-wide emission reduction targets**, covering all GHGs, sectors and categories and **aligned with limiting global warming to 1.5 °C**, as informed by the latest science, in the light of different national circumstances;
- Developed country Parties should continue **taking the lead** by undertaking economy-wide absolute emission reduction targets, and that developing country Parties **should continue enhancing their mitigation efforts** and are encouraged to move over time towards economy-wide emission reduction or limitation targets in the light of different national circumstances;
- Notes the importance of aligning NDCs with LT-LEDS, and encourages Parties to **align their next NDC with their LT-LEDS**
- Recalls the NDC process for new 2025 NDCs:
  - Submission of **new NDCs by 2025** – mandatory for all;
  - 2025 NDCs to be submitted **9 to 12 months in advance** of the CMA 7 (November 2025);
  - 2025 NDCs with an **end date of 2035** - encouraged;
  - 2025 NDCs to be a **progression** beyond the Party's current NDC and reflect its highest possible **ambition**– mandatory for all
  - 2025 NDCs to provide **ICTU** information – mandatory for all
  - 2025 NDCs to use adopted **accounting** approaches – mandatory for all
  - 2025 NDCs to provide information on **how the preparation of the NDC has been informed by the outcomes of the GST** – mandatory for all
  - Notes the capacity challenges of the **LDCs and SIDS** related to preparing and communicating NDCs;

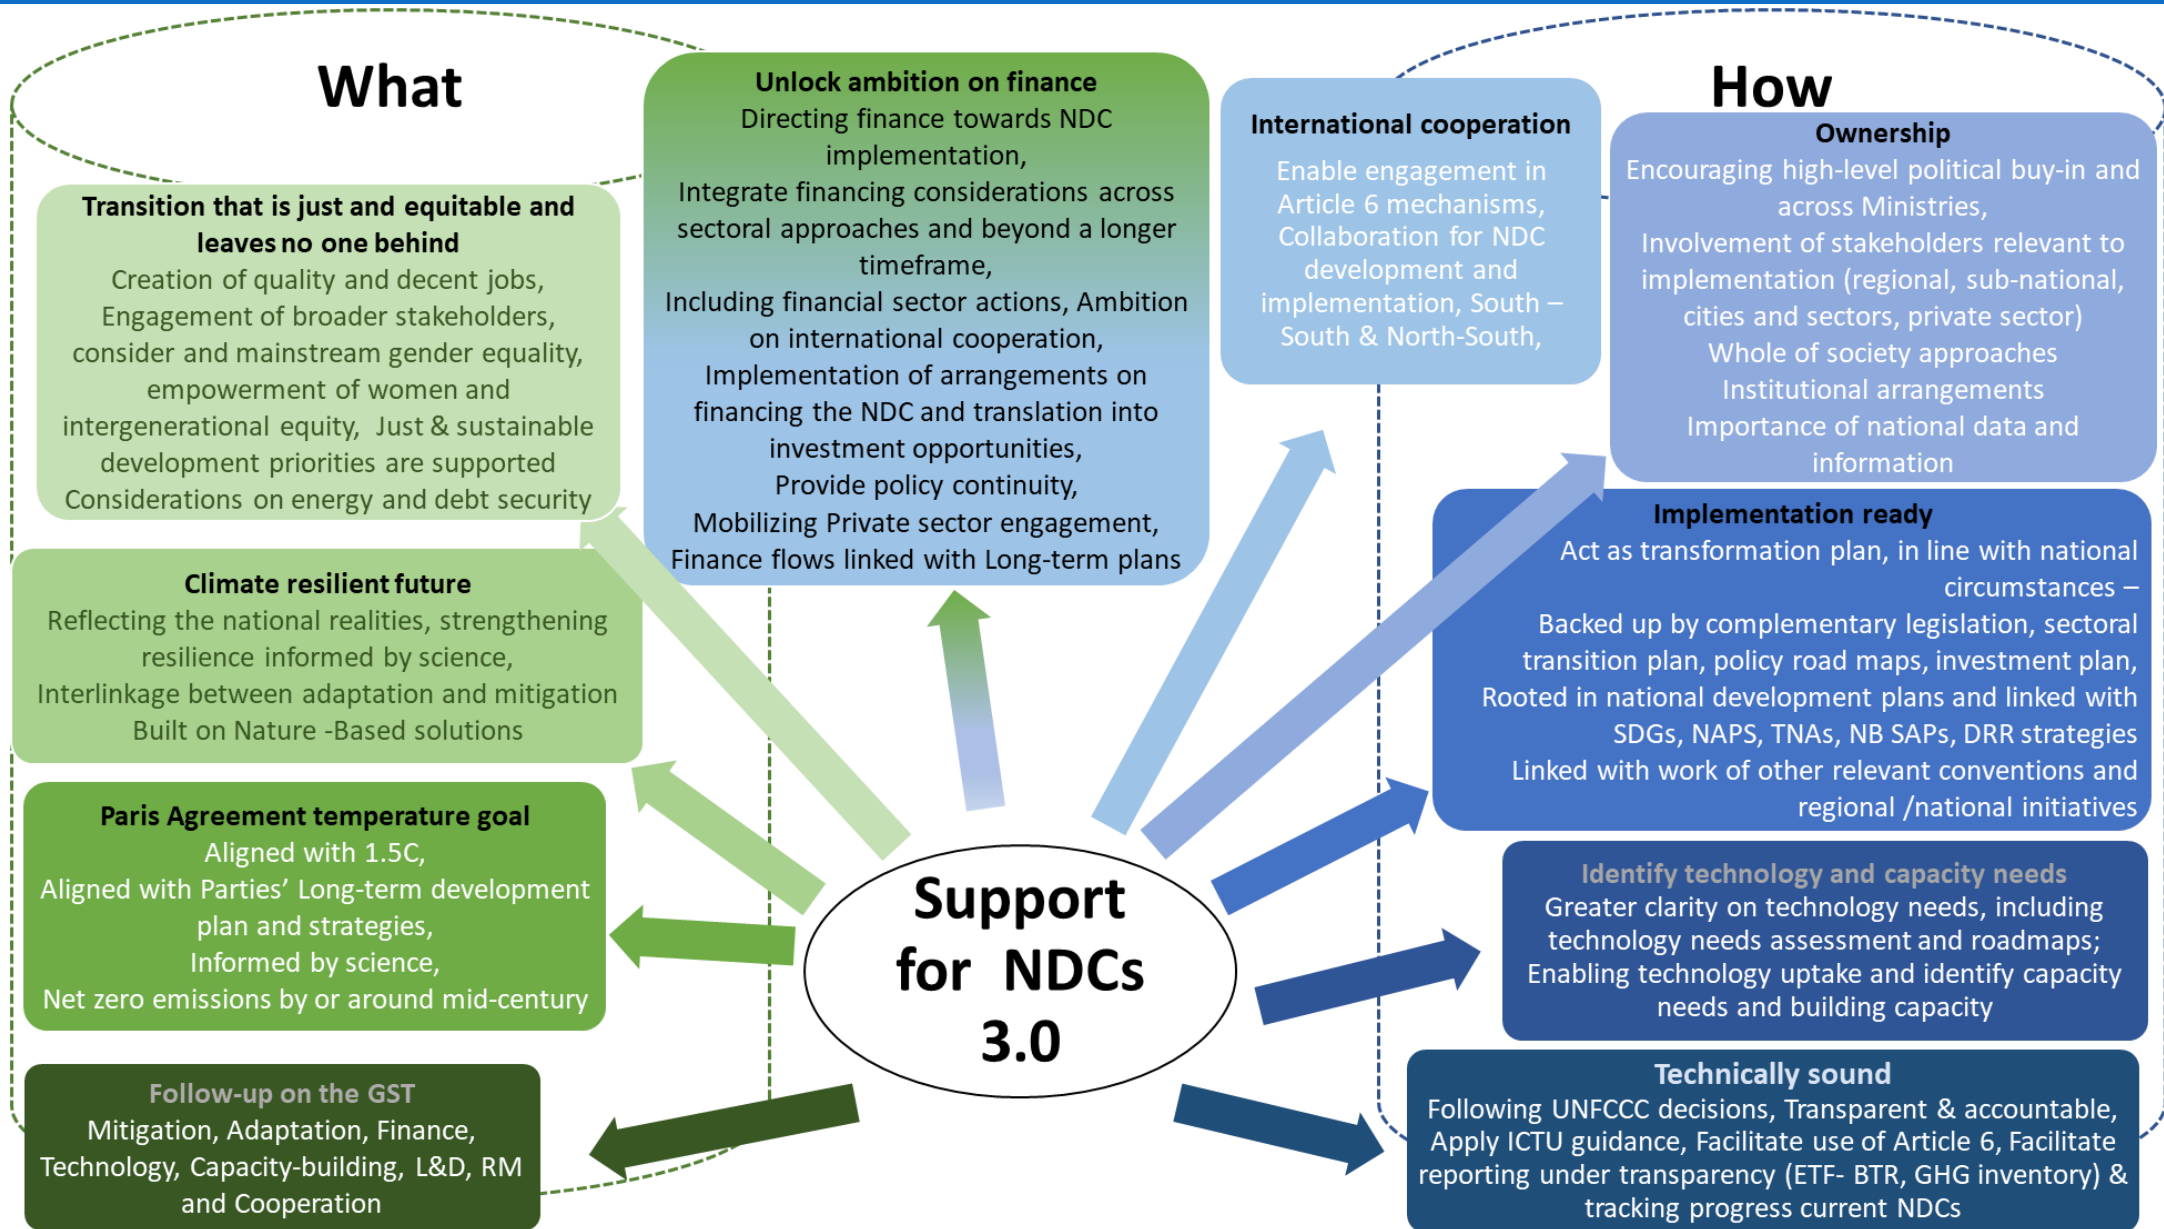

# Work on NDCs 3.0

- COP28:
  - Invited organizations in a position to do so and the secretariat, including through its regional collaboration centers, to provide **capacity-building support** for the preparation and communication of the next nationally determined contributions.
  - Requested the PA Committee on Capacity Building, in coordination with relevant stakeholders, to identify current activities for **enhancing capacity of developing countries** to prepare and implement NDCs;
  - Requested the secretariat to **facilitate the sharing of knowledge and good practices** for the preparation and implementation of NDCs, including through workshops; and
- Responding to the above, on 4 and 5 March 2024, the UNFCCC ES convened a meeting with the participation of more than 50 UN agencies and international organizations active in the provision of support for the preparation and implementation of NDCs:
  - United Nations implementation agencies; international organizations and institutions, including multilateral and regional development banks; private sector initiatives and investors;
  - Align international efforts for next round of NDCs and provision of support for implementation;
  - Broad agreement on the need for implementable NDCs that can unlock/attract investments.

# Multifaceted Support Towards Implementable NDCs

# Next Steps

- **The work to support NDCs will be guided from lessons learnt during the previous rounds of NDCs**
  - Technical details (data, baselines, economic projections) and precision;
  - Identification of gaps/needs and how to address them (e.g., UNDP Climate Promise): What worked? What were the challenges? How were they overcome? Process towards NDC3.0.
- **The UNFCCC secretariat has been taking action in relation to:**
  - Facilitating the sharing of knowledge and good practices through knowledge products, including cooperating with the UNDP and NDC Partnership and all other implementing partners on the development of the NDC3.0 Navigator;
  - Convening regular meetings among UN agencies and international organizations;
  - Contributing to, including through the Regional Collaboration Centers, in capacity-building activities that are organized by other support organizations (e.g., UNDP, UNEP etc.);
  - Organizing information sharing and awareness raising webinars (on-going through RCCs) and targeted capacity-building activities (*pending availability of resources*).

# Snapshot of engagements on NDCs 3.0 planned for SB60

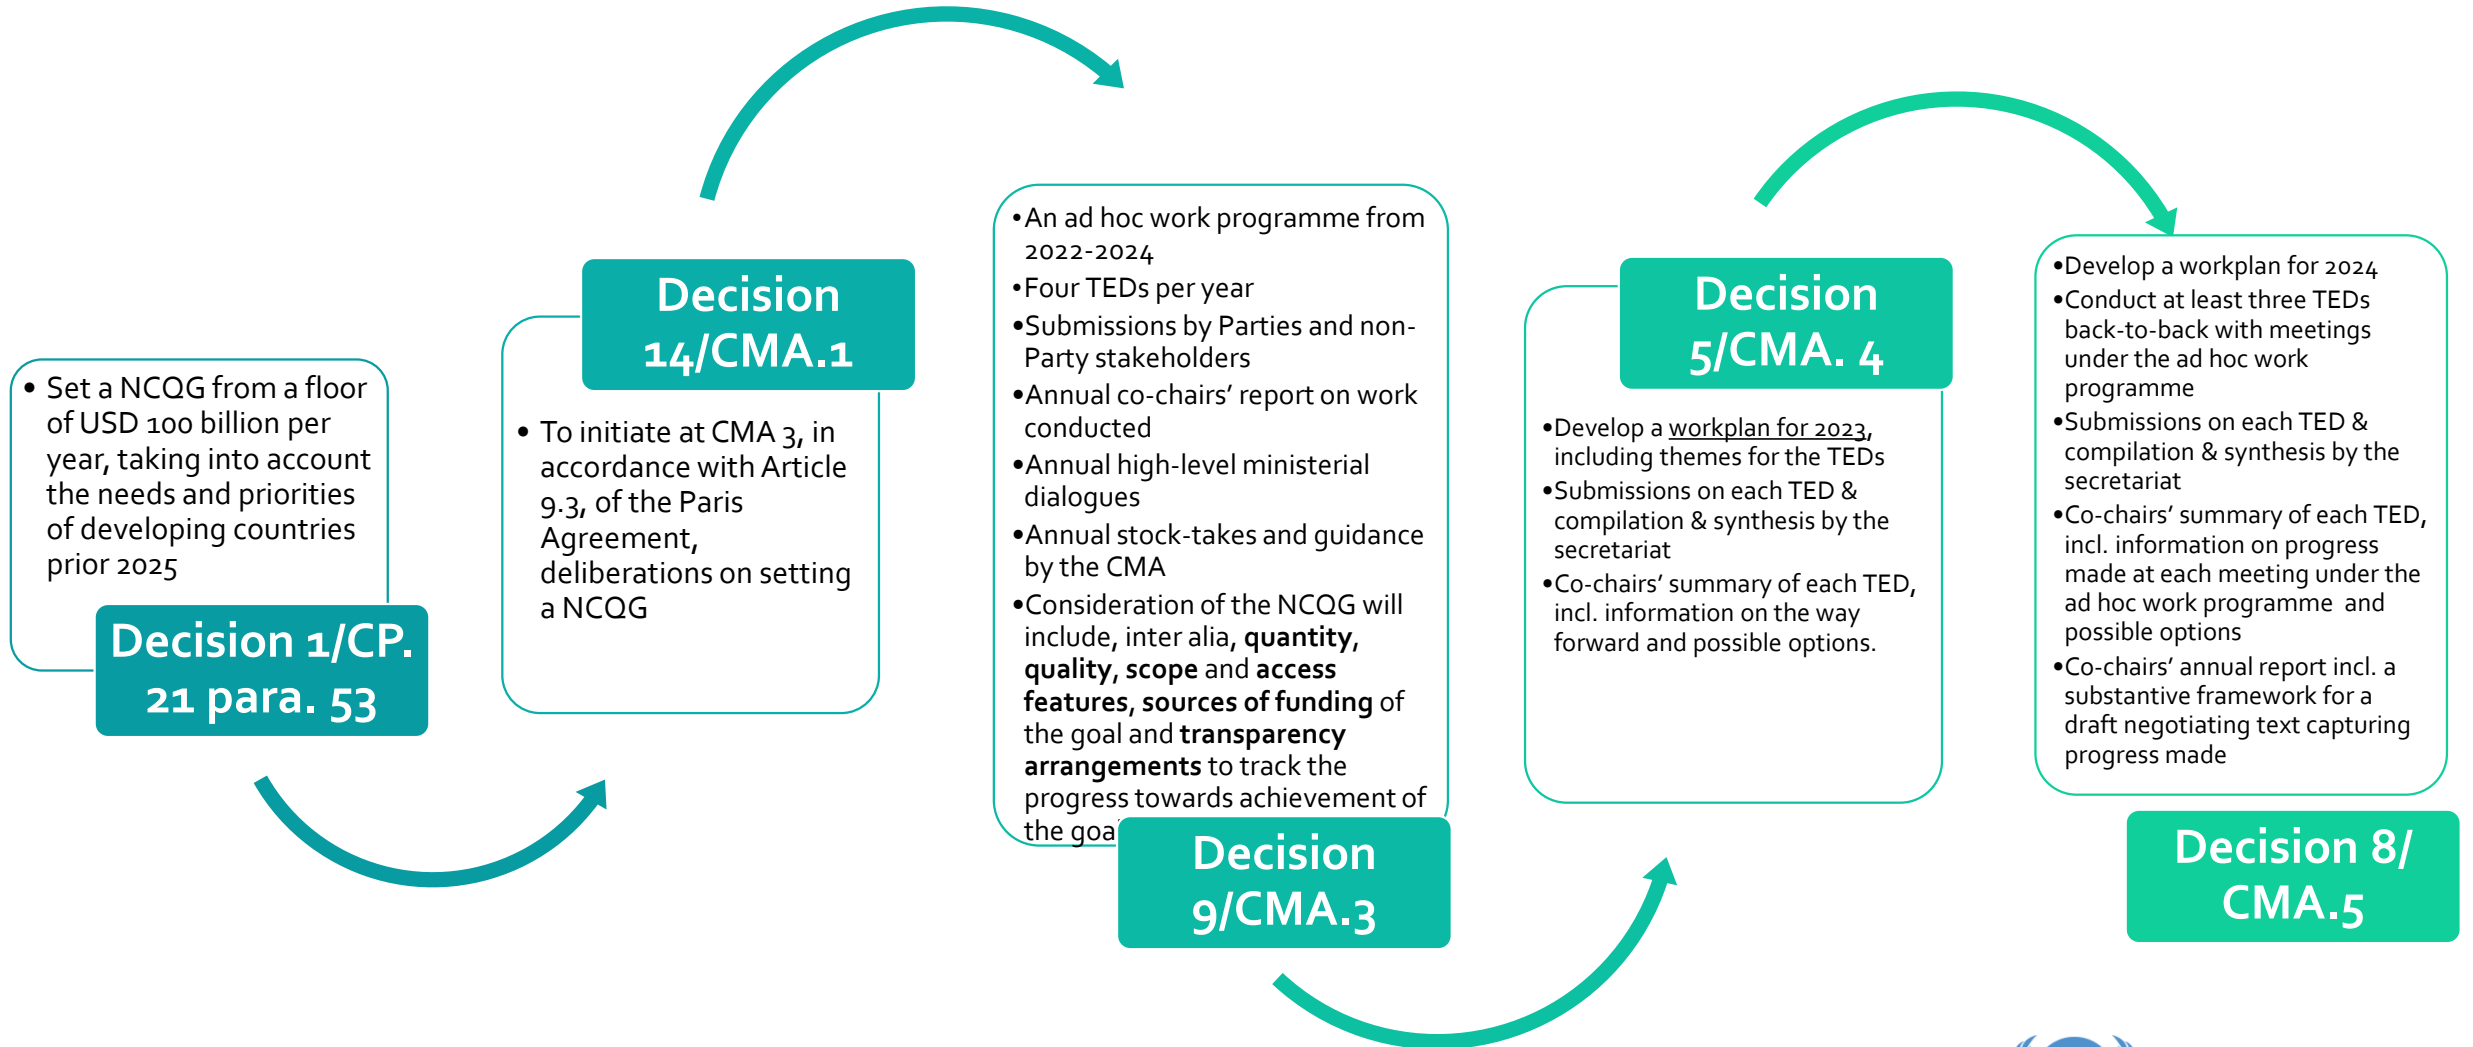

- 6-7 June: **First annual GST NDC Dialogue** which will allow Parties to exchange lessons learned on preparing and implementing NDCs
- 6 June : Side-event: **Enabling energy transitions for NDCs aligned with LT-LEDS** (more details [here](#))
- 8 June: Knowledge Sharing workshop on **Enhancing Capacities for NDC Preparation and Implementation** (more details [here](#))
- 10 June AM: Side-event - **Enabling Environments for ambitious and implementable NDCs 3.0** (more details [here](#))
- **Launch of the NDCs 3.0 Navigator Tool**
- **NDCs 3.0 website release**
- ...and more

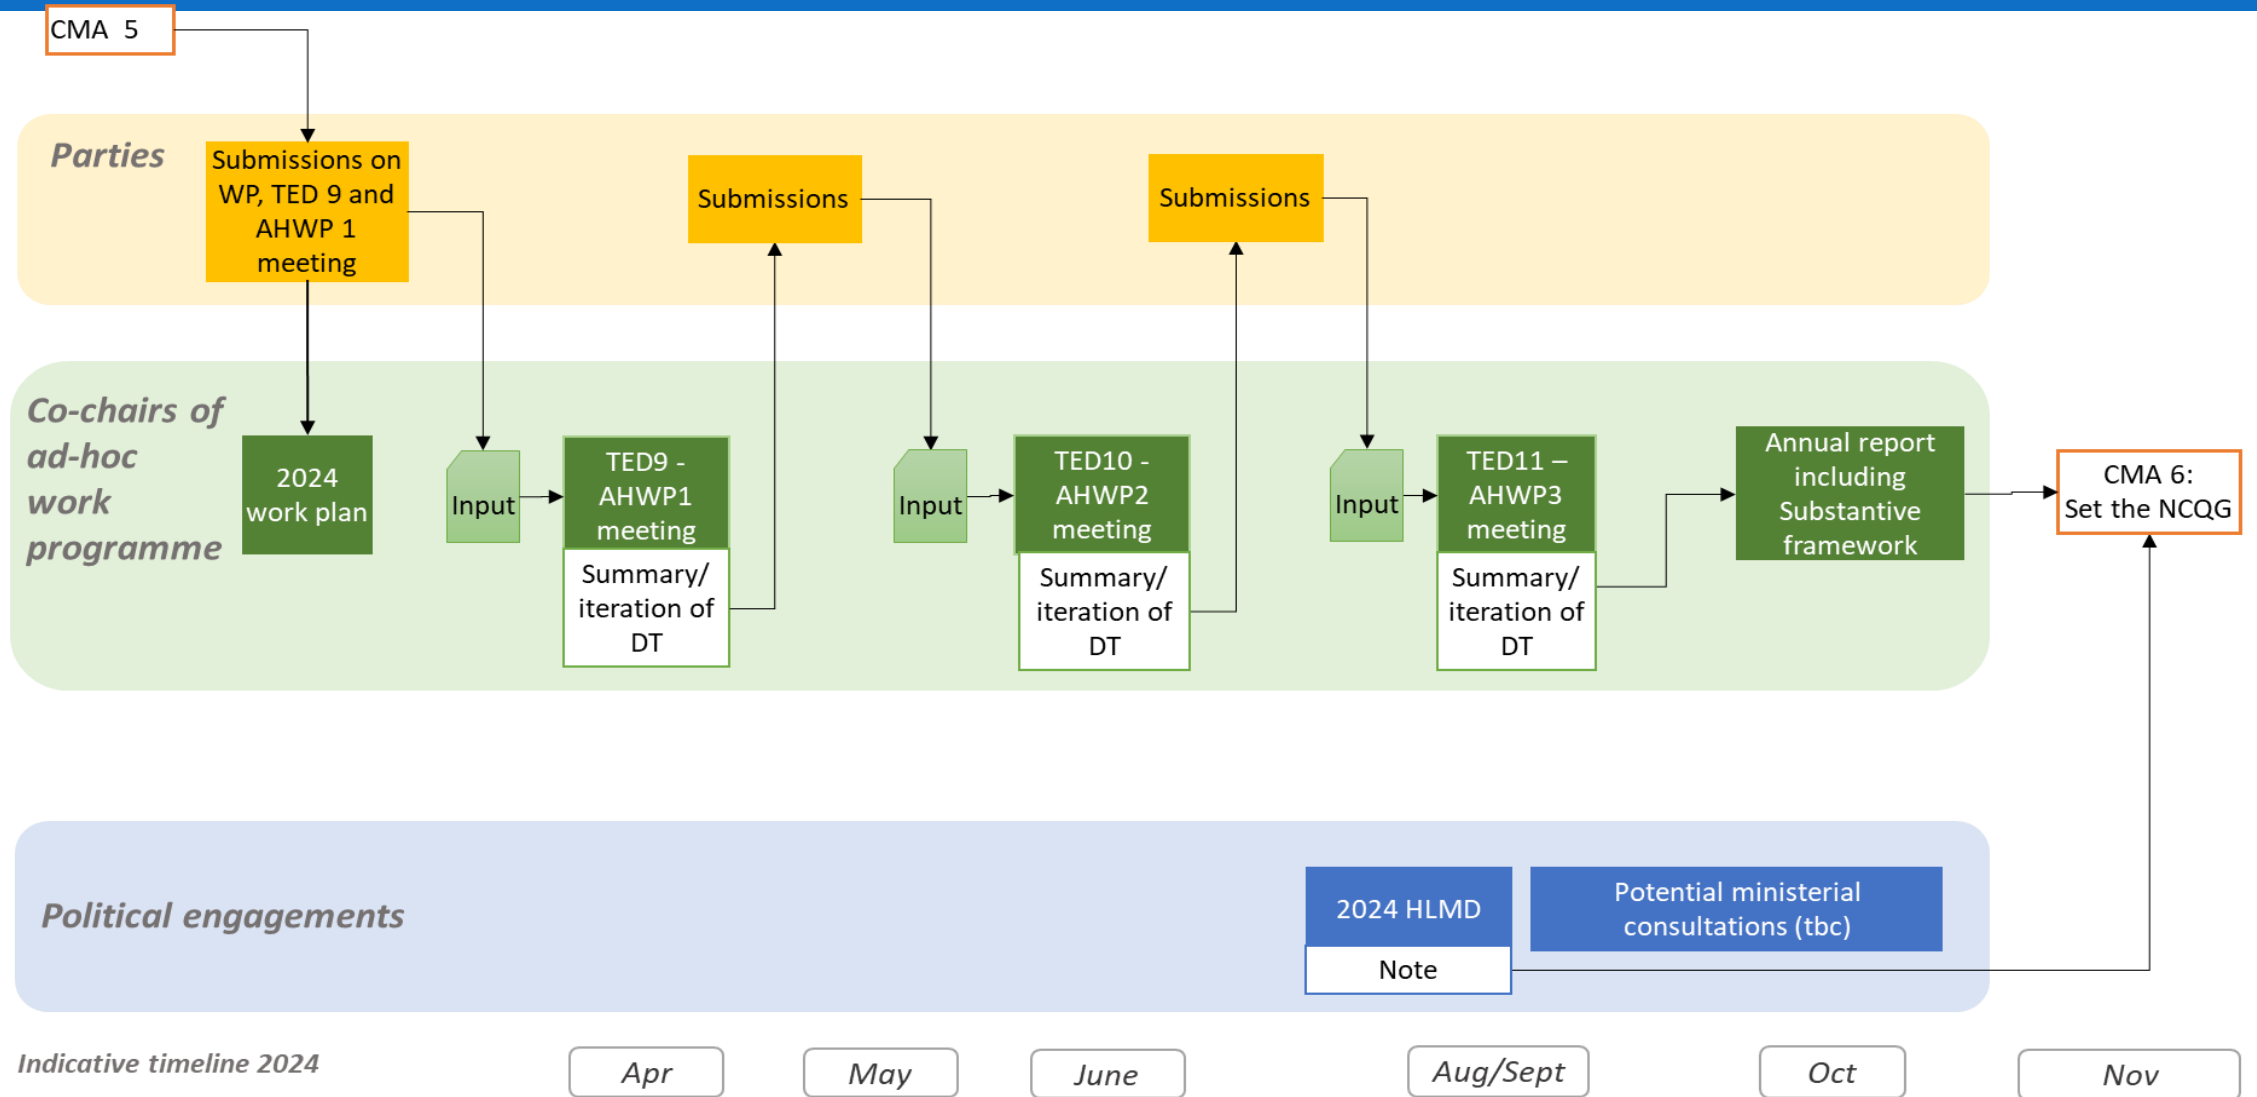

# New Collective Quantified Goal on Climate Finance (NCQGCF)

# New Collective Quantified Goal on Climate Finance (NCQG)

# Overview of the process of setting the NCQG

Abbreviations: TED=technical expert dialogue, AHWP=ad hoc work programme and DT=substantive framework for a draft negotiating text

United Nations  
Climate Change

# Proposed approach to organizing the work in 2024

## FIVE MAIN COMPONENTS

Technical expert dialogues

Meetings under the ad hoc work programme

Submissions and inputs from Parties and non-Party stakeholders

Political engagement and guidance, including in the context of the HLMD

Consultations with interested Parties and non-Party stakeholders

# Envisaged milestones

23 – 26 April, Cartagena

Sept or Oct 2024 (tbc)

## First meeting

Identifying outstanding elements and options focusing on the development of a draft structure and outline of the substantive framework for a draft negotiating text

## Third meeting

Focusing on the development of a full iteration of the substantive framework for a draft negotiating text with textual proposals for all elements and streamlined options

**FOR CONSIDERATION  
AT CMA 6**

Substantive  
framework for a draft  
negotiating text

## Second meeting

Focusing on the development of an iteration(s) of the substantive framework for a draft negotiating text, including mapping of elements and options

## Co-chairs' annual report

Preparation of the co-chairs' 2024 report on the ad hoc work programme, which is to include the substantive framework for a draft negotiating text

**4 weeks before CMA 6**

**TED 10: 3 June 2024**

**2<sup>nd</sup> meeting: 5, 8, 10, 11 June**

**Bonn, Germany**

**United Nations**  
Climate Change

# Options for gender consideration in the context of the NCQG (from the 2023 co-chairs' annual report)

## Structure of the NCQG

**A goal including sub-goals framed as indicators of success:**

A goal with sub-goals for vulnerable communities as recipients and reference to gender-responsiveness

## Transparency arrangements

**Options for Party-driven periodic revision:**

**Medium-term time frame (10 years)**

Aligning the time frame and the review process with the structure of the NCQG, including different time frames for qualitative elements such as **gender**

• For more information on NCQG

Climate Change

# Just Transition Work Programme

**United Nations**  
Climate Change

## Background

---

Established at CMA4 (para 50-53 1/CMA.4)  
Operationalized through 3/CMA.5  
1<sup>st</sup> HLMRT on JT @ COP 28

### OBJECTIVE

Discussion of pathways to achieving the goals of the Paris Agreement outlined in Article 2, paragraph 1, in the context of Article 2, paragraph 2

**2024** is a key year as it is the first years of its operation

## Deliverables for 2024 ( First Year of Operation)

---

**Dialogue 1** : 2 June 2024 1300h-1700h & 3 June 2024 0800h-1200h Topic : Just Transition pathways to achieving the goals of the Paris Agreement through NDCs, NAPs and LT-LEDs

**SB 60** June : First meeting of the **Contact group on JTWP**

**Dialogue 2** : *(prior to SB 61 timing will be subject to funding availability & will require sufficient time to produce annual report)* Topic to be announced by the SB chairs.

**2024** : Annual summary report on the dialogues

**SB 61** Nov : meeting of the **Contact group on JTWP**

**(Second) Annual High-level ministerial round table (HLMRT) on just transition** : Draft decision for consideration by **CMA6**

**CMA6** : Adoption of Draft Decision on JTWP

# Priorities SB60 WGC

**United Nations**  
Climate Change

# Feminist Advocacy at SB60

Women & Gender Constituency

**WOMEN & GENDER  
CONSTITUENCY**

# WGC Priorities

Demanding feminist climate justice

# Financing for gender just solutions

1. **Sustain advocacy on ‘Challenging the Corporate Capture of the climate space’**
  - Continue to support Kick Big Polluters Out Campaign and work around Conflict of Interest;
  - Scale up advocacy against Dangerous distractions / False solutions
2. **Wield collective power towards systems transformation that enables up-scaling climate finance for gender-just solutions and alternative models**
  - Rolling out a strong WGC advocacy strategy and campaign (while complementing the cross-constituency campaign) on financing gender-just climate solutions and gender-just transition;
1. **Uplifting gender justice in the COP decisions**
  - Actively engage in the GAP 2.0 technical processes and negotiations

- [WGC Submission on work to be undertaken under, as well as possible topics for the dialogues under the UAE Just Transition Work Programme](#): This submission, formed alongside the WGC Just Transition Working Group, presented care work, finance and resource mobilization and participation as priority themes for the UAE Just Transition Work Programme in 2024.
- [Submission on behalf of the Women and Gender Constituency \(WGC\) on the Ad Hoc Work Programme \(AHWP\) on the New Collective Quantified Goal \(NCQG\) in 2024, specifically the 9th Technical Expert Dialogue \(TED9\) and the First AHWP Meeting](#): This submission, formed alongside the WGC Finance Working Group, specifically advocated for the codification of access, concessionality, gender-responsiveness and human rights framing, as well as transparency and accountability, as core principles of the NCQG.
- [Submission to the UAE – Belém work programme](#): This submission, formed alongside the WGC Adaptation Working Group, focused primarily on the modalities of the UAE-Belém work programme. It addressed the participation and inclusion of non-party stakeholders, transparency, and gender-responsive indicators.
- [Submission to the Gender Action Plan Review](#): This submission, formed alongside the WGC Gender Working Group, sought to provide inputs on progress, challenges, gaps and priorities relative to the Gender Action Plan. The submission included a significant consultation process with relevant stakeholders.
- [Submission on the Paris Agreement's Global Stocktake](#): The submission focused on two key sections: lessons learned from the previous GST and proposals for the next GST. Within the proposals for the next GST, the WGC advocated for a two phase process focused on data collection and analysis and technical analysis and reporting.

WGC at the SB60

- **Finance Working Group:** A robust and fair outcome on the NCQG and further progress with operation and capitalisation of Loss and Damage Fund
- **Adaptation Working Group:** Focusing on GGA framework, progress on the UAE-Belém work programme on development of indicators
- **Just Transition working Group:** Focusing on Just transition work programme - advancement of international cooperation and other justice priorities
- **Technology Working Group:** Work to strengthen gender-responsive, indigenous technologies + follow-up on AI Initiative
- **GST Working Group:** Focusing on GST dialogue on how outcomes of the GST are informing NDCs.
- **Gender Working Group:** Final review of the implementation of the enhanced Lima work programme and the GAP

## Mandated Events

---

The WGC will have representatives actively engaging in the following mandated events:

- NCQG TEDs and ad hoc working group meetings
- Loss and Damage Fund Board meetings (3 or 4)
- Workshop under the UAE-Belém work programme on indicators
- Annual GST dialogue starting in June 2024
- Just Transition dialogues (at least two in 2024)
- Oceans and Climate Change Dialogue (June 2024)
- 3rd Glasgow Dialogue on L&D finance (June 2024)
- In-session GAP workshops (June 2024)

### Coordination

- Pre-session trainings and strategy meetings
- Morning caucus meetings (9 a.m. every day)

### Advocacy

- Interventions (*also a communications function*)
- Actions
- Social media (*also a communications function*)
- Bilaterals (on Key Demands and specific items)
- Representations at meetings (i.e. with COP Presidency, Executive Secretary, SB Chairs)
- Members side events

### Communications and Outreach

- Joint press conferences (and any press releases)
- Social media
- Media (providing interview to journalists, member writing an op-ed for local paper, etc.)
