

ENGAGING YOUTH IN THE IMPLEMENTATION OF THE PARIS AGREEMENT

is essential to achieving global climate goals, AND THE PRINCIPLES OF ACTION FOR CLIMATE EMPOWERMENT (ACE)

drive such engagement by ensuring young people are adequately informed, educated, and capacitated to take action.

To put ACE into practice, the Italian Government, in partnership with UNDP, launched Youth4Climate, an unprecedented global initiative catalyzing concrete action, sustainable development, knowledge-sharing, and innovation among young leaders underrepresented on the world stage.

THE OCTOBER 2023 “YOUTH4CLIMATE: SPARKING SOLUTIONS” EVENT IN ROME

will recognize outstanding Solutions proposed by youth in the categories of

CLIMATE EDUCATION, ENERGY, FOOD SYSTEMS AND URBAN SUSTAINABILITY.

To learn more and get involved, join us on the Youth4Climate platform.
