

# AGENDA ITEM 7

---

Concept note: draft capacity building programme  
KCI/2024/10/9

KCI 10, 30-31 May 2024  
Bonn

**United Nations**  
Climate Change Secretariat

- **KCI 9:** considered a background note on incorporating relevant outcomes from the Glasgow Conference and the Sharm el-Sheikh Conference into the existing workplan of the forum and its KCI.
- the KCI requested the secretariat to prepare a concept note on the design and implementation of a capacity-building programme for Parties wishing to undertake an assessment of the impacts of the implementation of response measures.
- The note should cover, inter alia:
  - a) Guidance on assessing and analysing the impacts of response measures, including as the impacts relate to decent work and quality jobs, and including economic, social, environmental, domestic, cross-border, positive and negative impacts;
  - b) Facilitation of the development of case studies, as appropriate;
  - c) Organization of targeted regional hands-on training workshops.

KCI secretariat, developed the concept note based on guidance and informed by capacity building practices by other workstreams in secretariat.

## ➤ I: Background

## ➤ II: Objective

## ➤ III: Key issues and proposed solutions

### ○ Identifying the capacity building needs

- a survey is proposed every three years to inform the development of modules and implement activities
- Results will also be used as input to evaluate progress and plans for further capacity building

### ○ Reaching the right audience

### ○ Approach for capacity building

- Use of array of tools such as courses (online and hybrid), workshops, direct technical assistance
- Resource materials such as modeling tools (as much as licenses allow or limited versions), guidance documents, videos, and other materials
- Enhance collaboration with other developmental organization to avoid duplication
- Collaborate with other UN organisations, international organisations, regional stakeholders, RCCs

- Tools and modalities of capacity building
  - Training course modules identified by KCI
  - Training course publicly available on the UNFCCC website
  - Hands-on training on impact assessment tools
  - Guidance books
  - Technical assistance
  - Webinars and online mini-training or outreach activities
  - KCI capacity building webpage for response measures
- IV: Major activities and tasks in relation to capacity-building programme for impact assessment of climate policies
  - Provides list of activities to be undertaken from variety of tools mentioned above
- Subsequent work and next steps

## Next steps

- KCI to finalize the concept note
- Side event at COP 29
- Secretariat to implement the concept note
