

# KCI WORK ON ACTIVITY 4

*Mandated WORKSHOP on workplan activities 3, 4 and 11  
4 – 5 JUNE 2022*

## Activity 4 – overview of the implementation by KCI

---

- “Enhance the capacity and understanding of Parties, through collaboration and input from stakeholders, on the assessment and analysis of the impacts of the implementation of response measures to facilitate the undertaking of economic diversification and transformation and just transition.”
- **Modalities/outputs:**
  1. Input from experts, practitioners and relevant organizations → Discussion at KCI 4.
  2. Technical paper → Finalized at KCI 5.
- **Possible recommendations** for consideration by the forum (Annex II of KCI 5 meeting report) → **to be included in the next KCI annual report (2022) as possible recommendations to the COP, CMP and CMA**

## Activity 4 – recommendations 1/3

---

Recommendations for consideration by the forum:

The KCI recommends to the forum that the COP, CMP, CMA

- a) Encourage Parties to foster international cooperation to identify and share best practices and experiences of countries that have successfully diversified their economies.
- b) Encourage the identification of barriers, including domestic and non-domestic barriers, along with ways in which the international community could facilitate sustainable economic development of all Parties.

## Activity 4 – recommendations 2/3

---

- c) Request the prioritization of the developing and sharing case studies from Parties and experts, particularly on developing country Parties on both just transition and economic diversification and transformation, to understand the opportunities and challenges faced in planning and implementing just transition and economic diversification.
- d) Request the facilitation of the development of robust tools and methods which can capture a range of multidimensional impacts of implementation of response measures

## Activity 4 – recommendations 3/3

---

- e) Encourage relevant agencies, financial institutions and constituted bodies to enhance support on issues related to assessment and analysis of impacts of implementation of mitigation actions, policies and programs, including NDCs and LEDs, with a view to address the adverse impacts and maximize possible opportunities.
- f) Encourage relevant agencies to enhance and develop their existing training frameworks and training modules on assessment and analysis which can be used for country level training programs and for developing impact assessment tools and methods.
