

LEG Work Plan for 2017 - 2018 (arranged according to modality. Refer to work plan or 2016-2017 for the 10 work areas of the LEG)

Modality	Work area/expected outcome	Main activities	Outputs
CMA/COP/SBI Support	Successfully supporting the Paris Agreement	Address the mandates contained in decision 1/CP.21, paragraphs 41 and 45, jointly with the AC and in collaboration with the Standing Committee on Finance and prepare a report for consideration at CMA 1	Interim reports on progress, event at SB 46 to gather feedback, and a final report to CMA 1
CMA/COP/SBI Support	Successfully supporting the SBI assessment of progress made in the process to formulate and implement NAPs referred to in decision 4/CP.21, paragraph 12 (NAPs)	Organize a meeting of Party experts, in collaboration with the AC, and prepare a report on the meeting for consideration at SBI 48 (April–May 2018)	Meeting by February 2018 and report on the meeting for SBI 48
CMA/COP/SBI Support	Successfully supporting the SBI on Article 4.9 of the Convention (LDC Matters)	Address the mandate on the revision and update of the LDCs work programme and provide recommendations to SBI 48	LEG Work Plan for 2017 - 2018 (arranged according to modality. Refer to work plan or 2016-2017 for the 10 work areas of the LEG)
CMA/COP/SBI Support	Successfully supporting the SBI on Article 4.9 of the Convention (LDC Matters)	Prepare a technical paper on gaps and needs for the LDCs related to adaptation that would arise from the implementation of the Paris Agreement, including how those gaps and needs can be addressed by the LEG and/or others	Technical paper by SBI 47
CMA/COP/SBI Support	Successfully supporting the SBI assessment of progress made in the process to formulate and implement NAPs referred to in decision 4/CP.21, paragraph 12 (NAPs)	Continue to produce an annual update for the SBI on progress made in the process to formulate and implement NAPs	Information papers to SBI 47 and 49
CMA/COP/SBI Support	Successfully supporting the ongoing SBI assessment of progress made under Article 4.9 of the Convention on NAPAs and the LDCF (LDC Matters)	Continue to track and report on progress in the implementation of NAPAs under the LDCF	Information in LEG reports
Technical Guidance & Support	Advancing NAPs through technical guidelines and support	Maintain and disseminate NAP technical guidelines and related technical materials	Mobilize selected organizations to develop supplements for priority areas
Technical Guidance & Support	Providing technical guidance and support for NAPAs and the LDC work programme	Provide ongoing support to the LDCs and the SBI on NAPAs	Technical support to the LDCs on NAPAs

Modality	Work area/expected outcome	Main activities	Outputs
TG>TP	Advancing NAPs through technical guidelines and support	Prepare a description of the NAP-SDG iFrame and supporting tools with the support of the NAP technical working group	Technical paper/supplementary materials to the NAP technical guidelines
TG>TP	Advancing NAPs through technical guidelines and support	Prepare a technical paper on monitoring and assessing the achievement of both objectives and all the guiding principles of the process to formulate and implement NAPs, taking into account new elements arising from the Paris Agreement, with the support of the NAP technical working group	Technical paper/supplement to the NAP technical guidelines in 2018
TG>TP	Advancing NAPs through technical guidelines and support	Prepare a paper on considerations regarding vulnerable communities, groups and ecosystems (with inputs from the NWP)	Supplementary guidelines on consideration of vulnerable communities, groups and ecosystems
TG>TP	Advancing NAPs through technical guidelines and support	Develop supplementary guidelines on regional approaches to adaptation planning and their implementation	Supplementary guidelines on regional approaches to adaptation planning and implementation by end of 2017
TG>TP	Advancing NAPs through technical guidelines and support	Test and facilitate the application of the PEG M&E tool at the national level and in aggregate under the SBI, and update the tool accordingly	Information notes on the results
Technical Advice & Outreach	Enhancing LDCs' access to GCF funding for NAPs (by engaging with the GCF secretariat)	Continue to engage the GCF secretariat in LEG meetings, NAP Expos, regional training workshops and related events to address issues relating to the LDCs accessing GCF funding for NAPs	Summary of issues relating to the LDCs accessing the GCF included in LEG reports
Technical Advice & Outreach	Enhancing LDCs' access to GCF funding for NAPs (by engaging with the GCF secretariat)	Share information with the GCF secretariat on expediting the provision of support to the LDCs and other developing countries for formulating and implementing NAPs	Regular exchange of information with the GCF secretariat and the GCF Board
Technical Advice & Outreach	Enhancing LDCs' access to GCF funding for NAPs (by engaging with the GCF secretariat)	Share information with the GCF on the experience of the LDCs and the challenges faced by them in accessing funding from the GCF for NAPs	Ongoing information-sharing with the GCF

Modality	Work area/expected outcome	Main activities	Outputs
Technical Guidance & Outreach	Promote LEG interaction with the LDCs and other Parties and relevant organizations	LEG side events during SB sessions	Side event at each SB session
Training	Advancing NAPs through technical training	Conduct regional training workshops on NAPs	Regional training workshops in 2017
Training	Advancing NAPs through technical training	Develop training materials, including supporting materials for the NAP-SDG iFrame, for the workshops and translate them into relevant languages, including an online version for national use	Training materials on NAPs in multiple languages
Training	Advancing NAPs through technical training	Develop training and outreach materials, with input from the GCF secretariat and GCF implementing partners, on accessing funding from the GCF for NAPs for use in the NAP training workshops	Training and outreach materials
Training	Advancing NAPs through technical training	Continue to consider how gender responsiveness is considered in NAPs	Updated training and related technical materials to reflect considerations regarding gender and vulnerable communities, groups and ecosystems
Expert Meetings	Engaging regional centres and networks, and relevant organizations	Organize meetings of the NAP technical working group with relevant technical experts and partners on the NAP-SDG iFrame, Open NAPs, integrated assessment methods and other topics, as and when needs arise, to explore specific NAP-related topics	Information to be included in LEG reports in 2017–2018
NAP Expo	Advancing NAPs through global and regional outreach and engagement events	Convene global NAP Expo	NAP Expo in April 2018

Modality	Work area/expected outcome	Main activities	Outputs
Regional NAP Expos	Advancing NAPs through global and regional outreach and engagement events	Convene regional NAP Expos in collaboration with relevant events	Regional NAP Expos in 2017–2018
NAP Central	Advancing NAPs through information systems	Prepare an outreach product on good practices in the design of the process to formulate and implement NAPs through NAP Central	Outreach product in 2017
NAP Central	Advancing NAPs through information systems	Further develop and enhance NAP Central	Additional functions on NAP Central operational
NAP Central	Advancing NAPs through information systems	Aggregate information on progress made in the process to formulate and implement NAPs for each developing country by key element and guiding principle of the process	Online NAP Tracking Tool on NAP Central
NAP Central	Advancing NAPs through information systems	Prepare sample sets of activities, reflecting different national circumstances and stages involved, for inclusion in proposals for accessing funding from the GCF for NAPs	Information notes on NAP Central
Open NAPs	Advancing NAPs through open collaborations	Expand the Open NAP case studies and apply them during the NAP workshops as well as upon the request of the LDCs	Case study reports on NAP Central
Open NAPs	Advancing NAPs through open collaborations	Extend the Open NAP case studies to the regional level to demonstrate regional approaches to adaptation planning and to promote learning and effectiveness of guidance on NAPs across scales	Case study reports on NAP Central
Collaboration - other bodies	Collaborating with relevant bodies under the Convention	Continue to collaborate with the AC on various activities, including through the NAP technical working group, NAP Expo advisory group, NAP Central support group, AC task force on NAPs and task force on the technical examination process on adaptation	LEG members to serve on the AC task forces, and information in LEG reports

Modality	Work area/expected outcome	Main activities	Outputs
Collaboration - other bodies	Collaborating with relevant bodies under the Convention	Participate in the work of the task force on displacement of the Executive Committee of the Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts	LEG member to serve on the task force, and information in LEG reports
Collaboration - other bodies	Collaborating with relevant bodies under the Convention	Engage NWP partner organizations in implementing relevant activities	Information in LEG reports
Collaboration - other bodies	Collaborating with relevant bodies under the Convention	Contribute to the work of the TEC on how to help countries align their work on TNAs and NAPs	Information in LEG reports
Collaboration - regional centres	Engaging regional centres and networks, and relevant organizations	Engage and mobilize regional centres and networks to nominate focal points to the LEG	Nominated focal points of regional centres and networks
Collaboration - regional centres	Engaging regional centres and networks, and relevant organizations	Mobilize relevant organizations and regional centres and networks to enhance support provided to the LDCs for adaptation, including in relation to readiness for accessing funding from the GCF for successful formulation and implementation of NAPs	Expanded readiness support, and information in LEG reports
